Equity No. 889
SUMMONS

In the Circuit Court of the State of Oregon for the County of Klamath.

Beulah B. Eaken, Plaintiff, vs. Fred D. Eaken, Defendant.
To Fred D. Eaken, the above-named defendant:

In the name of the State of Oregon: You are hereby required to appear and answer the complaint filed against you in the above-entitled suit on or before the 28th day of May, 1917, that being the last day of the time prescribed in the order of publication of this summons, and if you fail so to appear, plead, answer, demur, or otherwise move in this suit within that time, for want thereof, plaintiff will apply to the court for the relief prayed for in her complaint, to-wit:

For a decree of the above-entitled court forever dissolving the bonds of matrimony now existing between the plaintiff and defendant, upon the grounds of willful desertion by defendant of plaintiff for more than one year immediately previous to the commencement of this suit, against the will of the plaintiff and without her consent, and for the reason that, for more than one year last past, defendant has failed, neglected and refused to contribute anything towards the support of plaintiff and her two minor children, defendant being the while able to contribute to their support.

This summons is served upon you, the said defendant, by the publication thereof in the Evening Herald, a newspaper published and of general circulation in Klamath county, Oregon, once a week for six weeks successively, the first publication being made on Monday, April 16, 1917, and the last publication being made on Monday, the 28th day of May, 1917, by order of the Honorable D. V. Kuykendall, Judge of the above-entitled Court, made and entered on the 14th day of April, 1917.

J. H. CARNAHAN,
Attorney for Plaintiff.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the day's indigestible waste, sour bile and poisonous toxins; thus cleansing, toning, liver and bowels the previous sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying hot water and limestone phosphate on your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Adv.

To the Readers of Klamath Falls Herald:

The United Press, which supplies the Herald with its news from the battlefields of Europe, has received a number of requests from American soldiers fighting with the Canadian army in France, for newspapers from back home.

For example, Captain F. H. Burr, of Columbus, Ohio, writes: "The folks at home can give the boys a lot of pleasure by sending them occasional packages of newspapers. Whenever an American newspaper does happen to find its way to the depots in France, it is handed around, page by page, among the American soldiers until it is worn out."

Send them to the following address, either or all:

"Americans: 38th battalion, military postoffice, France."

"Americans: Princess Pat's Canadian Light Infantry, Military postoffice, France."

"Americans: Royal Canadian Rifles, military p. o., France."

BOOKS AT HARVARD

CAMBRIDGE, Mass., April 30.—As a patriotic measure, Harvard started closing its academic year today for all students enrolled in the reserve of officers training corps. Starting today there will be six days of examinations for training corps members. The intensive training of the applicants for commission will start May 7. Captain Crozier, U. S. A., hopes to have 2,000 men under his orders.

Lemons Beautify!

Strain lemon juice well before mixing and massage face, neck, arms, hands.

Here is told how to prepare an inexpensive lemon lotion which can be used to bring back to any skin the sweet freshness, softness, whiteness and beauty.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage, it daily into the face, neck, arms and hands, and see for yourself.—Adv.

HOW TO BEAT THE MEAT TRUST

WATTS, Cal., April 30.—Edward Watts pays not a cent for meat.
Here's how:
He sets traps for ground squirrels and when he catches them he gives them to Hoyer and says: "No, sir!"
He dresses them and Mrs. Grimm takes them for dinner.
"They're fine," says Grimm. "They're as good as any I've ever had. They're so much better than the ones we shoot out of trees. Their meat is vastly superior to pork or beef."
