NECESSITY MOTHERED

ERNIE'S INVENTION

TOLEDO, May 10.—To Ernie Haines goes the palm. Awakened early by the crowing of a rooster, Ernie lay in bed, watching and studying the bird.

He noted that whenever the cock crowed it stretched its neck to the full extent.

"Ah!" breathed Ernie, "I'll harness him."
So Ernie stretched elastic bands from a belt over the rooster's head to a strap about its body. This makes it impossible for the rooster to crow, thus allowing Ernie to sleep.

BE PRETTY! TURN GRAY HAIR DARK

TRY GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, gray or streaked. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

MEAT INJURIOUS TO THE KIDNEYS

TAKE SALTS TO FLUSH KIDNEYS IF BACK HURTS OR BLADDER SOTHERS

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful after-dinner or bath water drink.—Adv.

KLAMATH COUNTY NEWS

(Klamath County Special Service)

SPUDS SHOULD BE PLANTED NOW

RAISING THEM FOR OWN USE NOW WILL PREVENT SHORTAGE NEXT WINTER, WHICH PROMISES TO BE BIGGER THAN THIS

ORINDALE, May 10.—It is felt that everyone should plant a patch of potatoes at this time, despite the high price of seed now. Such things will be high in price and hard to get next winter. If people will try to raise spuds and other hardy vegetables for their own use and perhaps more, there will be plenty for their own use and some besides for those that did not raise any for next winter.

FARMERS MEET AT PLEVNA SCHOOL

COUNTY AGRICULTURAL AGENT VISITS ORINDALE AND URGES NECESSITY OF FARMERS MEETING FOR SATURDAY NIGHT

ORINDALE, May 10.—H. Roland Glaisyer, Klamath county's agricultural agent, was in this vicinity Wednesday, announcing the necessity of holding a general farmers meeting on Saturday night, May 12th, at the Plevna school house. This is the date in Oregon for such meetings, and everyone is urged to turn out, as it is to the community's interest.

Ground Works Up
ORINDALE, May 10.—The farmers are enjoying a little more moisture at this time. The land is working up in good condition.

STROUD LONG THROWS STICK HITS ON INVENTION WHICH MAY PROVE VALUABLE—RECOGNIZED BY WAR DEPARTMENT

EUGENE, May 10.—Stroud Long, a farmer and deputy game warden, raises turkeys. In fact, one of his principal worries in life is his band of turkeys. They will go where he don't want them to, and won't go where he would like to have them. He finds that one of the best ways to drive his turkeys is to throw things at them. The other day he picked up a peculiarly shaped stick and buried it at a bird which was determined to depart from the paths of righteousness.

The stick, instead of whirling through the air end over end, as most sticks do, went as straight as an arrow. Long tried it again. Again the stick followed its course. Long forgot about turkeys and farming. He experimented with the peculiarly shaped stick, changing its shape slightly, or throwing it in a new way. Always the stick flew straight to its mark.

Long sent a stick to the war department with a letter explaining its use. Today he has from the government a letter thanking him for the invention, and declaring that his idea is a valuable one.

The stick can be used in bomb throwing and in carrying large quantities of high explosives.

TO THE RAILROAD

(In remembrance of "The Old Oaken Bucket")

How dear to our hearts is the road in the wildwood,
For which this collection is taken to view:

This unsettled tract we have known in our childhood
Is soon to have choo-choos go choo-chooing through.

The price of the bond for the city to buy it

Has taken our rocks, which we bade glad farewell.

And now from The Falls to the Dairy town nigh it

We've started the music and broken the spell.

And now that we've struck it
We never will chuck it;

If the "moss covered" buck it,
They'll hang in the well.

—Fred Fleet.

(With due apologies to Samuel Woodworth.)

It may be that you can't go into the war, but there is nothing to prevent your going into the garden. Go help put the "aid" in "spaid."

The Klamath Falls Hoe Regiment will drill continuously for the next thirty days at the commands of Kernels Corn, Wheat and Barley. Have you enlisted?

If you need blotters, phone 66, and Chilcote will deliver them.

An O. Henry Heroine

Mildred Manning is the lucky film actress who has been selected to play the leading roles in the pictured versions of the famous O. Henry short stories. The first O. Henry picture to be shown is "The Third Ingredient," in which Miss Manning plays "Hetty Pepper," the shop girl who brings about a wonderful romance while in search of an onion.

WILLIAM JENNINGS IS IN SAN FRANCISCO

SAN FRANCISCO, May 10.—William Jennings Bryan, ex-secretary of state, is in San Francisco today and tonight, under the auspices of the Young Men's Christian Association. He will speak in Dreamland rink urging support for the administration of President Wilson in its war policies. Bryan now is engaged in a Western Speaking tour.

Special Subscription RATES

Following its usual custom, the Herald will give its annual bargain month from May 1st to 31st, during which time the following cash prices for paid in advance subscriptions will prevail:

Delivered by carrier in Klamath Falls, \$4.00 per year.
Delivered by mail in Klamath County, \$3.00 per year.

As these rates only cover the cost of the print paper at this year's prices, we are not justified in going to any expense in canvassing the city or county, and all those desiring to take advantage of these special rates are requested to either bring in their subscriptions or send them by mail before the end of the month. The difference in rates in the county and city is due to the cost of two cents per week for carrier service.
