Conference to Take Up
Tax Reform Question

Ninth Annual Commonwealth Meeting
to Be Held at University
May 17-19

UNIVERSITY OF OREGON, Eugene
May 10.—The ninth annual com-
monwealth conference of the University
of Oregon will be held on the campus at
Eugene May 17-19, according to an an-
nouncement made by Professor F. G.
Young of the department of economics,
director of the conference. Discussions
will center around the tax reform and
penitentiary betterment issues at the
June election, together with the pro-
motion of better ordered co-operation
between town and country community
and between state and national agencies
in Oregon.

"The people of Oregon have been do-
ing themselves an incalculable amount
of injury and injustice through retain-
ing out of date and unworkable pro-
cedure in taxation," said Professor
Young. "The conference, coming two
weeks before the election, will be ef-
fective, it is hoped, in making the
tax-amendment issue so clear that voters
will not again be bewildered, and this
time will vote for, instead of against
their best interests—which latter thing
they have done so repeatedly on this
issue in the past.

"A more enlightened policy in the
care of our delinquents and defectives
will also save the people much in less-
ened social burdens through preven-
tion of crime and pauperism. The ap-
proval of the measure for penitentiary
betterment will make possible the first
step in this direction. One session of
the conference will focus on this pur-
pose."

In its second general aim of promot-
ing more thoroughly planned co-opera-
tion between the state and national
agencies in Oregon it will aim, as ex-
plained by Professor Young, to bring
the sentiment of Oregon most actively
to bear on the support of the president,
helping him to secure the great pur-
pose of this war in making the world
safe for democracy through an effect-
ive peace enforcement league.

At one of the sessions of the confer-
ence will be made clear the degree of
progress reached in handling the prob-
lem of the mobilization of the labor
forces in Oregon. The waste from un-

Indian School, Klamath Agency, Ore-
gon, will be received until twelve
o'clock noon, Pacific Time, Thurs-
day, May 31, 1917, for the purchase
of timber upon about 12,700 acres
within Township 31, 32 and 33
South, Range 7 East. The sale em-
braces approximately two hundred
fifty million feet of pine (about ninety
per cent yellow pine and ten per
cent sugar pine) and ten million feet

chaser. Each bid must state for each

ance. The right to reject any and all

RAISE HOGS TO
LOWER BEEF PRICE

GOVERNMENT URGES THIS METH-
OD BECAUSE IT IS QUICKEST
WAY TO SUPPLY PRODUCTION,
AND THERE IS MONEY IN THEM
WASHINGTON, May 10.—The Unit-
ed States government is urging in-
creased raising of pigs. The meat sup-
ply of the country must be increased,
and the quickest way to do it is by
raising hogs.
Concerning the production of pork,
the department of agriculture has the
following to say:
"The meat supply of the country can
be increased more quickly by the 'hog
route' than by any other. The coun-
try's need to augment its supply is
great, but prevailing high prices alone
should be sufficient inducement to
farmers to raise more hogs. The pros-
pect of success never was brighter.
The high prices ruling in all markets
show that the demand for pork is in
excess of the supply."
For easy money the hog is un-
equalled, according to the bureau of
animal industry of the department. The
bureau points out that the hog while
requiring less care than the average
farm animal, obligingly eats all of the
farm's by-products. Kitchen refuse,
skim milk, scraps from the table, may
all be turned into palatable pork in
short order.
One point brought out is that in-
creased production of pork would low-
er the price of beef. That it may be-
come the fad for each child to raise a
pig was pointed out following the adop-
tion of such a scheme, with modifica-
tions, in Ohio.

which, after many mishaps, finally
brings home the bacon.
