**FEW FOLKS HAVE GRAY HAIR NOW**

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture, improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.—Adv.

M. C. WORTMAN, OF PORTLAND,

DONOR OF SET ON LIFE OF

LINCOLN—APRIL ATTENDANCE,

1991.

The attendance at the City Public

Library for April was 1991 and the

number of books circulated, 1364.

The library has just received the

Nicolas and Hay set of the Life of

Abraham Lincoln—ten volumes. The

donor is H. C. Wortman of Portland,

Ore., and the gift was made through

the Lincoln Memorial Association of

Oregon. This is the authorized and

competent version of the life of our

Martyr President, and the object of

the gift was to inspire patriotism and

create an interest in the life of one

of our great men by placing these

volumes within the reach of all.

A list of books suitable to parents

State Library. These books may be

WOMEN! READ THIS!

Lift off any corn or callus with

fingers and it won't

hurt a bit.

Your high heels have put corns on

your toes and calluses on the bottom

of your feet, but why care now?

This tiny bottle holds an

almost magic fluid. A

genius in Cincinnati dis-

covered this ether com-

pound and named it free-

sone. Small bottles of

freezone like here shown

can be had at any drug

store for a few cents. Don't

limp or twist your face in

agony and spoil your beau-

ty, but get a little bottle of free-

sone and apply a few drops on your tender,

aching corn or callus. Instantly the

soreness disappears and shortly you

will find the corn or callus so shriv-

eled and loose that you can lift it off

with your fingers.

Just think! You get rid of a hard

corn, soft corn of a corn between the

toes, as well as hardened calluses

without suffering one particle. You

feel no pain or irritation while ap-

plying freezone or afterwards. It is

magic!—Adv.

DRINK HOT WATER

IF YOU DESIRE A

ROSY COMPLEXION

Says we can't help but look

better and feel better

after an inside bath.

To look one's best and feel one's best

is to enjoy an inside bath each morn-

ing to flush from the system the pre-

vious day's waste, sour fermentations

and poisonous toxins before it is ab-

sorbed into the blood. Just as coal,

when it burns, leaves behind a certain

amount of incombustible material in

the form of ashes, so food and drink

taken each day leaves in the alimen-

tary organs a certain amount of in-

digestible material, which if not elimin-

ated, form toxins and poisons which are

then sucked into the blood through the

very ducts which are intended to suck

in only nourishment to sustain the

body.

If you want to see the glow of healthy

bloom in your cheeks, to see your skin

get clearer and clearer, you are told to

drink every morning upon arising, a

glass of hot water with a teaspoonful

**COURTS SUPPLY 40 MEN DAILY**

FOUR SAN FRANCISCO JUDGES GET TOGETHER AND WILL EACH SENTENCE TEN FARM WORKERS DAILY.

SAN FRANCISCO, May 18—Furnishing forty men a day for work on California's farms is the "bit" which San Francisco's four police judges have promised to do. After a conference the other day the judges announced that each court would sentence ten of the men brought before its bar daily as "just vagrants" to go to work on the farms. These will not be men accused of any crime but merely the floating near-vagrants who are perennially without work, and those unfortunates who fall into the hands of the law as a result of inability to find employment.

Alma policies provide perfect protection. They are the standard of the world. Ask Chilcote.

**Lemons Whiten and Beautify the Skin! Make Cheap Lotion**

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen, and bring out the hidden roses and beauty of any skin. It is wonderful for rough, red hands.

Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons.—Adv.
