POISON FOR CURRANT AND GOOSEBERRY MAGGOT

(By A. L. Lovett, Entomology Department of O. A. C.)

The fruit of currants and gooseberries is frequently found infested with a small, white maggot. This is the larva of a delicate little fly which deposits eggs under the skin of the developing fruit. These flies are present in the field when the average berry is about the size of a BB shot. They spend a period of several days in the field before beginning egg deposition. Should the weather remain settled without the frequent showers of the past, it will be possible to almost entirely prevent the injury by this maggot, by the application of a sweetened

poison bait for the adult fly. The following formula is recommended: sodium arsenite, 1 ounce, syrup 1 quart, water three gallons. These materials should be mixed and applied as a fine, misty spray of the consistency of dew, allowing only a few droplets to fall on each of the upper leaves of the bushes. A pint of spray should cover several bushes as only a few drops are necessary on any one bush. A heavy spray would injure the leaves and is not advisable. The adult flies will lap up this poison and be killed before depositing eggs.

Clear, settled weather is necessary for the successful use of this poisoned bait.—A. L. Lovett, Entomology Department of O. A. C.

Gardeners should write to O. A. C. for Bulletin 91 on Insect Pests.

DER KAISER'S PRAYER

Mine Gott will you be mine pardner
You know who I am
I am the German Kaiser
De Emperor Will-I-Yam.

You know I whipped dem Belgians
Und mit bullets filled Russia full;
Und I'll whip France and Italy
Und blow up Johnny Bull.

Now all dem other nations
I don't give a dam.
If you just be my partner
And whip that Uncle Sam.

You know I got dem Submarines
All Europe knows dat well
But dot Edison got a patent now
Vot blows dem all to hell.

Now, Gott, if you do this,
Den you I will always love;
Und I will be emperor of the earth
Und you be Emperor above.

But, Gott, if you refuse me dis,
Tomorrow night at leven
I'll call my Zeppelins out
Und declare war on Heaven.

I wouldn't ask dis from you
But it can be plainly seen
Dat when Edison pushes dot button
I got no Submarine.

Boy Bandit and Murderer and Bride Who Married Him to Reform Him

Joe Redenbaugh, just twenty years old, married Pearl Holtkamp of Kansas City and took her to St. Paul on her wedding trip. While the honeymoon was still on he murdered a

policeman and then killed Mrs. Alice Dunn. Her husband and a bartender have been arrested, too. Caught in San Francisco with his bride Redenbaugh confessed these crimes and many more.

LADIES' DARKEN YOUR GRAY HAIR

USE GRANDMA'S SAGE TEA AND SULPHUR RECIPE AND NOBODY WILL KNOW

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it, and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.
