Inquiries Are Received About Child Labor Laws

Miss Edna G. Wells, county school superintendent, has received many inquiries from all parts of the county regarding the child labor law in Oregon, its operation and limitations. A synopsis of the law is given below:

No child under 14 years of age may work in a factory, work shop, mercantile establishment, store, business office, restaurant, bakery, hotel or apartment house.

No child under 15 years of age may work during the school term unless he has graduated from the grammar grades and is over 14 years of age.

No child under 16 may work in the telegraph, telephone or public messenger service.

No child under 16 may work after 6 p. m. nor before 7 a. m.

No child under 18 years of age may work in the telegraph, telephone or public messenger service between

the hours of 10 p. m. and 5 a. m. No child under 16 may be employed at any labor specified above unless he has secured an age and schooling certificate (working permit) from the child labor commission.

Children between the ages of 9 and 15 years must go to school the entire term, and between the ages of 15 and 16, unless legally employed. To be legally employed a child must be over 15, thru the 6A grade and in good physical condition, and must have secured an age and schooling certificate as provided in Section 9. This certificate can be secured at the office of the commission at 250 1/2 Third street, Rooms 19-20. Child must be accompanied by parent, guardian or custodian, who shall swear to an affidavit as to the child's age.

Age and schooling certificates must be filed with the employer as long as the child is employed by him, and re-

turned to the child when he quits that employment. During summer vacations the child labor commission may issue vacation permits to children between the ages of 12 and 14 years for any work that does not affect the health or morals of the children.

Vacation permits are not returned to the children, but are called for by the commission. Both employer and parent are liable to prosecution for violation of the law.

WITHYCOMBE INVITES BELGIANS TO OREGON

SALEM, June 23.—Governor Withycombe has telegraphed an invitation to the Belgium commission to visit Oregon before it returns to Europe. "It is believed such a visit would tend to further arouse the friendly interest of America toward Belgium's problems and further encourage America's united desire to be helpful to the Belgians people," the message read in part.

same, and that you and each of the above named defendants be forever barred and foreclosed of all right, title and claim to equity of redemption in and to the said lands above described and that one certain judgment held by the said H. W. Teters, defendant, against the said Charles H. McCumber, defendant, for the sum of \$144.14, with interest thereon from date of judgment, said judgment having been made and entered in the above entitled court on or about the 26th day of March, 1915, and which is lien on the lands hereinbefore described be declared inferior to the lien of plaintiff's mortgage and be foreclosed and forever barred.

This summons is published, by order of the Honorable D. V. Kuykendall, Judge of the above entitled court, and dated the 25th day of May, 1917, in the Evening Herald a daily newspaper of general circulation printed, published and circulated daily in Klamath County, Oregon, at Klamath Falls, in said County and State; the first publication of this summons to be made upon Saturday the 26th day of May, 1917, and the last publication to be made upon Saturday the 7th day of July, 1917.

Notice to Appear in the County Court of Klamath County, State of Oregon, County of Klamath, ss:

In the Matter of the Application of the Algoma Lumber Company, a Corporation, to Establish a Logging Road.

To Elizabeth Dineen, Administratrix of the Estate of D. W. Dineen, Deceased:

You will please take notice that the Algoma Lumber company, a corporation, has on the 7th day of June, 1917, filed a petition, and map in the county court of said county, providing the location of a right of way for a logging road through lands now in your possession, in sections 21 and 27, township 37 S., range 3, E.W.M., in said Klamath county, and said application will come on to be heard before said court at the next regular term thereof, for appointment of viewers to locate said logging road in said county, in which court will be held commencing on the 9th day of July at the hour of 10 o'clock a. m. of said day, in the year 1917, at which time you are required to appear and file your claim for any damages that you may consider you will sustain in case said right of way is located as by said map shown and in said petition prayed. And further you do then and there show cause, if any you have, why said right of way should not be located as by said map shown and projected.

Witness my hand and the seal of the said court of Klamath county, this 9th day of June, A. D. 1917.

(Seal) C. R. DeLAP, County Clerk, State of Oregon, County of Klamath, ss: I, C. R. DeLap, county clerk and clerk of the county court in and for Klamath county, state of Oregon, do hereby certify that the foregoing copy of notice to appear has been by me compared with the original, and that it is a correct transcript therefrom, and of the whole of such original notice as the same appears on file at my office and in my custody.

In witness whereof, I have hereunto set my hand and affixed the seal of the county court this 9th day of June, 1917. (Seal) C. R. DeLAP, County Clerk. 9-16-23-30.

GRASSHOPPERS INVADE KLAMATH

COUNTY AGRICULTURAL AGENT GLAISYER GIVES REMEDY FOR PEST WHICH IS BECOMING PREVALENT IN COUNTY

"The grasshoppers are becoming a serious pest in a number of sections of Klamath county at the present time, according to H. R. Glaisyer, county agricultural agent.

"This pest can be successfully destroyed by using the poison bran mash formula as given below.

"Care should be taken to spread the bran mash very thinly over the infested area, so as not to endanger live stock. This method of destroying the hoppers has been used in a number of sections in Klamath county, and very excellent results obtained."

Any farmers desiring aid should call or write to the county agricultural agent.

Following is the formula used: Fifty pounds bran; Two pounds paris green; One pound salt; One ounce lemon extract.

"In some cases one quart of some cheap syrup might be added, but its necessity in the above formula is doubtful. The paris green and salt should be thoroughly mixed with the dry bran in the above, after which enough water is added to make a mash sufficiently wet that water will not quite run. The lemon extract may then be added, this being simply for the purpose of attracting the insects, its odor having proven the best

of all substances used for the purpose. The above mixture should be scattered broadcast over infested fields and pastures in the early morning while the dew is yet on, and before the insects have begun to feed."

"It isn't polley to promise men things; they like better to be disappointed of you.—Sayings of a Cynic.

The laborer may be worthy of his hire, but no husband is worthy of his wife.—Sayings of a Cynic.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 5-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite, and is not intended for the cure, mitigation or prevention of disease.—Adv.

DRINK HOT WATER BEFORE BREAKFAST EVERY MORNING

Hopes every man and woman here will adopt this splendid health habit.

Says a glass of hot water with a teaspoonful of limestone phosphate in it washes poisons from system, and makes one feel clean, sweet and fresh.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headache, dull and unstrung; some days really incapacitated by illness.

If we all would practice the drinking of phosphated hot water before breakfast, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-checked people everywhere. The reason is that the human system does not rid itself each day of all the waste it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons in the bowels which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each

morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, sick headaches, rheumatism, lumbago, nervous days and sleepless nights have become real cranks about the morning-inside bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleansing and freshening effect upon the system.
