ASHLAND SHOW TO BE A BIG ONE

**TWO HUNDRED HEAD OF WILD
BUCKING HORSES, RACES, AND
ALL THE FIXINGS OF A GOOD
ROUND-UP TO BE THERE**

Looks like the Ashland Rogue River Round-up and Annual Hyu Hebe was going to be the biggest thing ever staged in the West. Besides hundreds of cowboys and cowgirls from Pendleton, Northern California and the Klamath country, they have captured six world champion riders, bulldoggers and ropers. They have congregated over 200 head of the wildest bucking and roping stock to be had. Some of the horses so wicked that no cowboy has ever been able to stick to them, even by pulling leather. This year the relay races will far exceed anything before attempted. There are six champion strings of range racers, including the famous Roy Anderson string from Los Angeles. Del Blanchett's champion string from Pendleton, Doc Helms' string and the Murphy prize winners. All of them going for the money will present the greatest relay contest ever staged.

Ashland is an ideal spot for such a show. The city has just expended over \$200,000 developing the mineral waters and improving one of the finest natural parks on the coast. It is a good place to take the wife and kiddies on the Fourth. There will be ample entertainment for them, swim-

ing in the warm sulphur plunges, playing at the big modern children's playground, witnessing the dashing parades and the greatest display of fireworks ever shown outside of the exposition grounds. The big musical attraction will be the Portland Police band—the one chosen by Sousa to play in the massed band concert at the exposition. It will give concerts in the big new auditorium on the evenings of July 3 and 4, besides five other bands giving good music in parades.

Ashland says it is prepared to entertain 80,000 visitors there this year, and at present it looks like it would get the chance. We are told there is ample room for 200 automobiles in the camp grounds and room for hundreds more along shady Ashland Creek.

There will be special trains from Portland and Marshfield, the Marshfield train picking up cars from Eugene south. Local excursion trains will be run from all Southern Oregon and Northern California points as far south as Sacramento.

NO LABOR SHORTAGE,
RAY STATE LEADERS
CORVALLIS, June 25.—Paul V. Maris, state leader of county agents, and W. L. Kaddery, farm management demonstrator of the Oregon Agricultural College here, have returned after a week's tour of the state, during which they visited twenty-two counties and made a survey of the farm labor conditions. They said no shortage of farm labor was apparent.

Kodak films bought at Underwoods will be developed without charge. 25

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right
with the system full
of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is a guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day becomes food for the millions of bacteria which infests the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little, but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.—Adv.

Nineteen Acres per Second

In a Western land rush the ownership of seventy-seven acres, thrown open to settlement, lay between three prospective buyers.

The courts upheld the title of the man whose watch was right. He was on time. Of his rivals, one crossed the line four minutes too soon, and the other four seconds late.

There is just one way to keep a watch dependable—keep it in good repair. Because it is still running, do not neglect it. It should be brought to Upp's for cleaning and oiling at least every eighteen months.
