BELGIAN MISSION TO VISIT COAST

TENTATIVE PLANS MADE IN ANSWER TO SCORES OF INVITATIONS WHICH PROMISE ELABORATE RECEPTIONS

WASHINGTON, D. C., June 26.—The Belgian diplomatic mission has tentatively arranged to make a trip to the Pacific Coast.

Scores of invitations have been received by the mission, and the trip will be most elaborate for the foreign visitors.

OREGON CONVICTS FORM RED CROSS AUXILIARY

SALEM, June 26.—About 200 convicts at the Oregon state penitentiary here have organized an auxiliary to the Willamette Chapter of the American Red Cross. The organization was effected under the auspices of the Murphy Honor Lodge, a prison organization of "honor men," named after Warden C. A. Murphy.

HITTING OF SUBMARINE CONFIRMED BY GUNNER

WASHINGTON, D. C., June 26.—The navy department received further confirmation of Friday's report of an American ship's sinking a German submarine. In the report Chief Boat-swain Guillekson, commander of the gunners, he said, "We apparently sunk or badly damaged the submarine, as nothing further was seen of it."

Arthur Geary and D. M. Stevenson of Portland are Klamath Falls visitors this week.

R. S. Adams was up from Merrill Saturday.

L. E. Hinman of Medford is a visitor here.

IMPLEMENT MANUFACTURERS AWAKE TO SITUATION

CHICAGO, June 26.—Government action insuring America's farmers ample supplies of farm implements and competent farm labor is vitally necessary to this country's future participation in the war, declare the manufacturers of American farming tools and machinery.

This action must be immediate and radical, they say, or else in 1918 the United States will fail to produce the surplus of food stuffs absolutely required to feed the civil population of our allies and to keep their and our armies in fighting trim.

AS OUT OF DATE AS HORSE CARS

SAYS CORN RINGS, PLASTERS, RAZOR AND EATING SALVES ARE TABOO NOW

Good things should be passed along. It is now said that a few drops of a drug called frezone applied directly upon a tender, aching corn relieves the soreness, and soon the entire corn, root and all, can be lifted out without pain.

For little cost a quarter of an ounce of frezone can be obtained from any drug store which is claimed to be sufficient to remove every hard or soft corn or callus from one's feet. This is a drug recently announced from Cincinnati. It is gummy, but dries the moment it is applied and simply shrivels up the corn without inflaming or even irritating the healthy tissue or skin.

Cut this out and lay it on your wife's dresser.—Adv.

TAKE SALTS TO FLUSH KIDNEYS

EAT LESS MEAT IF YOU FEEL BACKACHE OR HAVE BLADDER TROUBLE

Meat forms uric acid which clogs and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with bicarbonate, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

LADIES! DARKEN YOUR GRAY HAIR

USE GRANDMA'S SAGE TEA AND SULPHUR RECIPE AND NOBODY WILL KNOW

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it, and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

JUMP FROM BED IN MORNING AND DRINK HOT WATER

Open sluices of system each morning and wash away the poisonous, stagnant matter, says authority.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank each morning before breakfast, keeps us looking and feeling fit.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost but little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.
