MONITORS PLAY IMPORTANT PART

BRITISH BOATS AID ITALIAN AD-VANCE ON TRIESTE BY BOM-BARDING MILITARY POINTS FROM THE SEA

GRADO, Gulf of Triest, May 31 .-(Correspondence) - British monitor played an important part in the Ital ian advance upon Trieste. They took up positions midway up the gulf. where their guns could bear upon the areoplane hangars and the multifarious military establishments which surround Presecco and Contovello, twin villages upon the main road and railway to Trieste, both constituting important depots for the Austrian air service and general supplies.

When the first gun spoke a great shell went hooting into the distance and an Italian scouting bydroplane duly marked it down upon the railway line south of Prosecco. The second shot landed a little north of the first, hitting the railway again at a point where a Triest-bound train was passing. The train vanished in ruin.

Then other monitors arrived at their stations, and the bombardment stroyed the railway and viaduct, and TEMPLE THEATER produced a great fire near Contovello, with the direction of Del Henderson. whose peak of bright flame was visible out into the gulf.

MOVING PICTURES

"A Coney Island Princess" will introduce pretty Irene Fenwick to Paramount audiences, as this is her first appearance on that program. She was chosen by the Famous Players for the title role of the picture, in which she appears with Owen Moore, because of the remarkable versatility which she has displayed upon the stage and upon the screen. The role of the princess is a difficult one, requiring the art of an experienced player to interpret it before the camviable record by her past performances, and there is no question but the railway station of Prosecco, de- that she will excel herself under the Famous Players' management and

TAKE SALTS AT FIRST SIGN OF BLADDER IRRITATION OR BACK-

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is seh. Our blood is filled filter out, they weaken from overwork, sues clog and the fesult is kidney trouble, bladder weakness and a general and men who value that even color decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is old-time recipe. cloudy, full of sediment or you are obliged to seek relief two or three ture, improved by the addition of othtimes during the night; if you suffer er ingredients by asking at any drug with sick headache or dissy, nervous store for a 50-cent bottle of "Wyeth's spells, acid stomach, or you have rhoumaticm when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; ending bladder troubles.

Jad Falts is inexpensive; cannot in-jure, makes a delightful effervescent lithia water beverage, and belongs in every home, because nobody can make

Army Physician Is NIPPON WOMEN **FILL POSITIONS**

INVESTIGATION SHOWS THAT THEY ARE INCREASINGLY TAKING PART IN THE AFFAIRS OF THE NATION

TOKIO, June 16 .- (Correspond ence)—That Japanese women constantly are taking a larger part in the activities of the empire is shown by recent investigations. As in Europe, so in Japan, women are filling positions formerly held exclusively by men.

There are 4,000 women working under the railway bureau, most of them ticket sellers, cashiers and accountants, and 6,000 women find em ployment in the cigar and cigarette factories of the government tobacco Brunswick, N. J., who has been at monopoly. Their wages range from 10 to 25 cents a day.

Male clerks in banks and mercan tile houses constantly are being replaced by women, who receive from \$5 to \$15 a month.

Actresses receive the highest wages paid to women in Japan, but their student was found in the woods with clothes are expensive, and so they are lime over it. Detectives think the financially in no better position than body was in Dr. Condon's cellar for the more humble workers. The lowest salary among them is \$25 to \$30 a month, and the highest about \$150

In journalism women of Japan get to experience. As yet the number of Klamath. somen doctors is not large, but they enjoy a large and lucrative practice.

The number of women employed in of the New York police force bought such capacities as nurses, governesses, in drug stores, or as models dancers, guides, ushers, barmaids, tea house waitresses, dair dressers and flower makers is increasingly large, to say nothing of the more than 125 .-000 employed in cotton and other factories

FEW FOLKS HAVE **GRAY HAIR NOW**

DRUGGIST SAYS LADIES ARE USING RECIPE OF BAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of suiuric acid which the kidneys strive to phur in the hair. Our grandmothers made up a mixture of Sage Tea and become sluggish; the eliminative tis Sulphur to keep her locks dark and beautiful, and thousands of women that beautiful dark shade of hair which is so attractive, use only this

Nowadays we get this famous mix-Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the to neutralise the seids in the urine so it hair after a few applications it also no longer is a source of irritation, thus brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Com-pound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not ina mistage by having a good kidney tended for the cure, mitigation or flushing any time.—Adv.
