Maximum yesterday, 90 degrees.
Minimum today, 54 degrees.
No precipitation.

Old People Will Visit Klamath.

Professor and Mrs. Charles S. Pfum of Columbus, Ohio will arrive Saturday evening to spend the summer months at the home of their daughter, Mrs. Bert C. Thomas of this city. Professor Pfum is at the head of the department of Animal Husbandry at the Ohio State University and has been visiting at the University of California and Leland Stanford where he has been studying Western conditions. His book entitled "Judging Farm Animals" has recently been published by the Orange Judd Company of New York and is an authority on this subject. This is the first visit of the professor and his wife to the Coast.

Pine Grove Ranchers to Organize.

The eleven Pine Grove ranchers who are installing the pumping plant for the irrigation of several hundred acres of land in that district, today filed a petition and bonds with the county court for organization as an irrigation district under the 1917 laws. The county court has set the date for the hearing of the case for August third.

ANNOUNCEMENTS

The ladies of the Christian Church will hold their regular cooked food sale tomorrow all day at the Klamath Falls Music House.

Announcement to all members of the general board of the First Christian Church. Regular monthly board meeting at the Church tonight at 8 o'clock. Full attendance is desired.

AUTO COMPANY GIVES PRIZE TO RED CROSS

Mr. J. A. Gordon, proprietor of the White Pelican Garage to whom the first prize was awarded for the best decorated car in the July Fourth contest, announced today that instead of accepting the ten dollars, the amount was to be turned over to the Red Cross Society of Klamath Falls.

WORKMAN KILLED EVERY FOUR DAYS

THIRTY-EIGHT ACCIDENTS IN THE DAILY RECORD IN OREGON ACCORDING TO THE STATE COMMISSION.

SALEM, Or., July 6.—During the last year the number of accidents subject to the workmen's compensation law has averaged over 38 for each business day, while the fatal accidents subject to the law averaged one for every four days of the calendar, according to a statement issued by the state industrial accident commission.

At the close of June the compensation law had been in effect three years. The total number of employers subject to it at the end of the first year was 5088, the second 6594, and the third 8863. The total number of accidents reported during the three years were respectively 4546, 7163 and 15,124, and the fatal accidents 71, 73 and 90.

BERKELEY CATS ARE BRUTALLY TREATED

BERKELEY, Cal., June 6.—Officers of the local humane society have been asked to investigate the practice of persons riding to the terminal of a car line, there to dispose of cats that they no longer want. The result has been that residents in the neighborhood of the end of a car line are overriden with these homeless creatures. It is said that many persons get rid of the animals in this way for the reason that they are averse to having them killed.

"If persons realize what misery they inflict on their animals by this practice, they would not do it," said a humane officer. "A painless and humane death as against disease and starvation."

CANADA SHOWS SENTIMENT FOR CONSCRIPTION

OTTAWA, Canada, July 6.—Canadian House of Commons early today adopted resolutions offered by Premier Borden passing to second reading the bill for military conscription by a vote of 118 to 55.

ISLANDS OF THE PACIFIC ARE LOYAL TO UNCLE SAM

Hawaii Is Active Participant in Every Patriotic Move, and Many of Her Sons Are Now in United States Navy

HONOLULU, Hawaii, July 6th.—While studious preparations have been under way on the American mainland for America's participation in active warfare, and owing to considerable censorship on news which affects localities detached from the American mainland. The Nation has lost sight of Uncle Sam's most formidable ocean outpost—the Hawaiian Islands, which since 1898 have been a territory of the United States. That the island group is intensely loyal to its foster parent was evidenced immediately after the declaration of war, when ex-queen Liliuokalani raised the American flag for the first time over Washington Place.

her present home since she was compelled to leave the Royal Palace in Honolulu. After the beautiful Hawaiian flag the monarchy days and now the flag of the territory, has floated over Washington Place. The raising of the Stars and Stripes over this historical home, was entirely voluntary on the part of Her Majesty and was an occasion of intense gratification to the commanders of the United States army and navy departments in the islands, and to the 15,000 soldiers and blue-jackets. Washington Place was built in the latter part of the forties of last century, a handsome structure of semi-colonial design and named Washington Place in honor of George Washington, the name being officially approved by

Kamehameha III, ruler of the kingdom at that time. Hawaii is "doing its bit" in the conservation of food, enlistment of young men in both the army and navy, while already some of the officers and men of the naval reserve corps are serving on warships which are already sent thousands of miles away from Hawaii. Honolulu saw practically the first elements of antagonism between the United States and Germany when previous to the declaration of war, the German captain and officers of the Geier, interned in Honolulu harbor, destroyed the boilers and attempted to destroy the ship, United States soldiers, blue-jackets and marines being called to extinguish the fire and take the captain and crew prisoners.

PERSONALS

Dr. Ogle is in town from Eagle Ridge.

L. D. Ross is in with a load of cream from his Poe Valley ranch.

Mrs. G. B. Cosad left this morning for a business visit at Martinez, Calif.

Kay Loosely, Lindsay Sisemore and James Pelton are in town from the Fort Klamath country.

Miss Steel of Oakland is spending a few weeks with Dr. T. F. Conger and family at Rocky Point.

Frank Corpening, the merchant at the Olene general store, is attending to business matters here today.

John Shook, who has extensive ranching interests in the Dairy section is a Klamath Falls visitor.

Miss Gertrude Kerr of Los Angeles arrived last night for a vacation visit with Miss Edith Boyington of Odessa.

Misses Lillie and Josephine Van Riper returned from Portland last evening, where they have been for the Rose Festival.

Mrs. A. C. Goettache who is a sister of Mrs. Joe Moore of the Western Transfer company is here for a summer visit with her Klamath Falls relatives.

State Game Warden Carl D. Shoemaker of Portland came in last night from Ashland and is looking after business matters here today before proceeding on to Lakeview.

Mr. and Mrs. Will Earle expect their mother, Mrs. W. G. Earle together with Mrs. Emma Roberts and Mrs. Ruth Threlkeld tonight from Dekalb, Illinois for an extended visit.

Mr. and Mrs. Aldred Beaver of Eugene have arrived at Klamath Falls and expect to make this place their home in the future. Mr. Beaver has previously been in the hardware business.

Woman Suffragette Ready to Go to Jail

Miss Mabel Vernon of Nevada was the leader in court for the six suffragettes, including herself, who were convicted in Washington after their demonstration at the White House gates. She announced after conviction they would not pay the fine of \$25 levied by Judge Maloney, but would serve their sentences of three days in jail for obstructing traffic.

FIRST WOMAN LOCOMOTIVE FIREWOMAN AT WORK

LIVINGSTON, Mont., July 6.—A young woman who is thought to be the first of her sex to fire a locomotive has been put to work on a switch engine of the Northern Pacific. Her work is only in the local switching limits and she is said to have finished her first day's work at shoveling coal without noticing any ill effects. The work is harder than she expected to find it, the superintendent of the division said. He has refused to make her name public.

I. W. W. SPEAKER IS ROUGHLY TREATED

BAKER, OR., July 6.—A man announcing himself as an I. W. W. attempted Wednesday to make a speech in a soft drink establishment and was chased out by those present, narrowly making his escape as he was followed several blocks before he dodged down a side street and hid. It is said that the simultaneous accidents at local mills Tuesday might be explained by I. W. W. activity. The Eccles Lumber company, Oregon Lumber company and Stoddard Bros. mill here, and the Eccles mill at Austin all had slight accidents at about the same hour.

None was serious except that the Oregon mill here, where a cylinder head blew out, did some damage. One man was slightly hurt in an accident to the log carriage at the Eccles mill. A few I. W. W. were here recently and one plot to dynamite a mill was unearthed, but the labor trouble never amounted to anything and was quickly adjusted.

GERMANY TO TAKE ALL DOOR KNOBS AND LOCKS

LONDON, July 6.—The German ministry of war has notified the Berlin Householders' association that it will be impossible to avoid requisitioning all bronze and brass locks, doorplates and doorhandles. The government, the ministry says, will provide black metal substitutes.

HAY FOR SALE—Number one alfalfa and timothy, in shock, clean, cut right and properly cured. Elmer I. Applegate, phone 1472, Klamath Falls. 6-3t

INCREASE SHOWN IN REPORTS OF ESPEE

SALEM, Or., July 6.—Operating revenues of the Southern Pacific Company for 1916 amounting to \$121,481,980, which is an increase of \$13,256,042 over the revenues of 1915, according to the company's annual report filed with the Oregon public service commission.

Operating expenses for 1916 were \$76,949,254, which is an increase of \$9,258,795 over 1915. This shows that while the company's revenue increased over \$13,000,000, its operating expenses increased only a little more than \$9,000,000.

The company paid taxes chargeable to railway operations in the sum of \$6,890,487.

Its total operating income was \$38,902,976, while its non-operating income was \$30,100,612, making a total gross income of \$69,004,588. From this sum total deductions were made of \$45,414,512, leaving a net income of \$23,590,077. From this \$5000 is deducted, a balance for the year of \$23,585,077, which is a decrease of \$28,327,527 from the income balance for 1915. This decrease is almost entirely caused by a big jump in the amount being paid for rent for leased roads, which is \$26,455,329 greater than the amount paid in 1915.

The company paid from its surplus dividends amounting to \$16,365,018.

Another Treat for Local Fans Is Coming Up Soon

SACRAMENTO BOYS ARE TO STAY OVER FOR A FOURTH GAME WITH THE KLAMATH FALLS CLUB SUNDAY.

What will probably be the best ball game for the remainder of the present season is scheduled for next Sunday afternoon when the Klamath boys make their last effort to down the Sacramento team in the series. Although the home team has not been successful in the previous games, the result has been so close in each instance that nothing has been left to

be desired by the fans in the shape of exciting baseball. Manager Ray Watt announces that an attempt will be made to secure K. J. Flannigan, who is superintending the sugar beet experiments of southern Oregon and northern California for this occasion. R. Thompson of Hadding and C. Cowan of Wood will cover first and second on this date and Shandling will be swung to third. Joe Mahill will captain the team for the first time at this game.

PIZZA HUTTON CHAIRS More desirable than a throne, you sit in them, not on them. Easy to operate, \$2.00. 6-1t JOHNSTONE FURNITURE CO.

Noted Speakers are Scheduled for N. E. A. at Portland Soon

Opportunity for Teachers of the West to Hear Men and Women of National Reputation on Leading Educational Questions of the Day

Something of the importance attached to the National Education Association convention in Portland July 7-14, is evidenced by the long list of speakers of national prominence who have accepted invitations to participate in the program. They are people whom every teacher along the Western coast will be glad to hear, and whose messages will be of unusual interest at this time. It will probably be the only opportunity that Western teachers will ever have to make the acquaintance of many of these educators of international prominence.

At the general session, Sara H. Pahay, Seward Park school, New York city; Ella Flagg Young of Chicago, Ill.; P. P. Claxton, U. S. Com-

missioner of Education; Laura Force, Lincoln high school, Denver; Julia Lathrop, children's bureau, Department of Labor; O. H. Benson, Bureau of Plant Industry; Kate Devereaux Blake, New York city; Arthur W. Dow, Columbia University; Caroline Hedger, Americanization committee worker of Chicago; and Cora Wilson Stewart of the state commission on illiteracy, Frankfort, Ky., will deliver addresses upon subjects in which they are keenly interested.

The National Council will hear John D. Shoop of Chicago, Milo H. Stewart, technical high school of Indianapolis; Edward B. Shalley, New York; Edna D. Baker of Chicago; Grace K. Barnard of Berkeley; Grace L. Brown of Columbia University and others.

Men of Nation Learning to Cook

SEATTLE, July 5.—There is much speculation here as to the reason the men are taking as much interest in the home cooking course as the women at the University of Washington summer session. Miss Mary F. Raue, cooking expert, who has been retained for a special summer school course, reports that there are

as many men as there are women attending her lectures. This is not only one of the University, Miss Raue declares, but also in all parts of the state. As an instructor in the extension division she has occasion to travel widely, and reports masculine interest in culinary pursuits unusually widespread.

Germans Will Save Blood By Careful Slaughtering

BERNE, Switzerland, July 6.—The Bundesrat—the federal council of Germany—issued an ordinance on June 2, which forbids slaughtering of animals by the old fashioned way of throat cutting except by duly qualified Jewish butchers, according to advices received here from Berlin. The object is to save all blood for human consumption in the form of food products.
