

I. W. W. Strikers Are Herded Like Cattle in South

BROUGHT TO COLUMBUS FROM HERMANAS, N. M.

Train Is Carefully Guarded by U. S. Cavalry—Will Be Jailed in a Border Stockade Tonight—Rations of Canned Salmon, Bread and Water Are Issued by Government to Hungry Crowd.

COLUMBUS, N. M., July 14.—The 1,200 I. W. W. strikers deported from Bisbee have been brought here in their cattle train from Hermanas, N. M. American cavalry troops have been guarding the train closely, and the exiles will be kept in the train today.

Tonight they will be placed in a stockade detention camp built during the border troubles to care for Mexican refugees.

Rations consisting of canned salmon, bread and water were issued by the government on their arrival here.

GERMAN SHAKEUP SEEMS CERTAIN

RESIGNATION OF CHANCELLOR HOLLWEG AND PRUSSIAN MINISTER OF WAR IS REPORTED THRU OFFICIAL SOURCES

BASEL, Switzerland, July 14.—A Berlin dispatch from the semi-official Wolf bureau, says that retirement of von Bethman-Hollweg is considered certain.

An official telegram to Berne says that General von Stein, the Prussian minister of war, has resigned.

CHRISTIAN MISSIONARY SOCIETY MEETING

The Woman's Missionary Society of the Christian church met at the home of Mrs. Marion S. Taylor yesterday. There was a good attendance including several visitors. Interest is growing, and new members are being added.

A tribute was paid to the president, Mrs. W. E. Seehorn, on her return home by singing "Blest Be the Tie That Binds."

After a short business session the program followed, with Miss Jennie Applegate as leader. Mrs. Thomas and Miss Rachel Applegate participated in the program. Mrs. W. E. Rambo continued the story of her life in India in an exceptionally interesting manner.

Dainty refreshments were served, and a social time followed.

W. E. BOND WILL ARRIVE SOON TO JOIN R. H. STAFF

With the arrival of Mr. W. E. Bond, who is now daily expected, and who has long been in the employ of Robert E. Strahorn, the head staff of the new line will be located permanently at Klamath Falls.

Mr. Bond, Engineer N. H. Bogue and Auditor A. L. Scott constitute Mr. Strahorn's chief advisory board of the new line, and the offices for all will be located in the Odd Fellows' building, where Engineer Bogue has been stationed for several months.

Charles Drew, a prominent rancher from Yonah Valley, is transacting business in Klamath Falls today.

GERMANY REACHES SERIOUS CRISIS

PEACE CLAMOR GROWING THROUGH GERMANY AND AUSTRIA. ABDICATION OF THE KAISER IS NOT CREDITED

By Associated Press
The serious internal crisis in the German empire has overshadowed the pending military operations in the day's news. Reports from Berlin show that the reichstag has gone on a strike against the crown and military party, apparently in the interests of a parliamentary system of government.

Entirely unconfirmed and little credited rumor says that the kaiser has abdicated in favor of Prince Joachim, his sixth and favorite son.

There is a peace clamor growing daily throughout Germany and Austria. Part of the trouble between the reichstag and the governing class is over the government's persistent refusal to state Germany's peace terms on a basis of no annexation, which is being demanded by what now comprises the majority block in the reichstag.

THE RED CROSS FIRST AID CLASS WHICH HAS BEEN MEETING AT THE WHITE HELICAN HOTEL, HAS BEEN POSTPONED INDEFINITELY.

Miss Olive H. Gordon of Oakland, Calif., is here taking orders for the Standard dictionary of Facts, a most complete and interesting volume.

Mr. Carter and Mr. Webster of the Orr Lake Box company of Bray, came up to Klamath Falls last night by auto.

MISS BARBARA AND HAZEL GOELLER LEAVE FOR PORTLAND TO TAKE A SIX MONTHS' COURSE IN THE RAILROAD INSTITUTE OF TELEGRAPHY.

GLYCERINE TO BE MADE FROM SUGAR

WASHINGTON, D. C., July 14.—The treasury department has announced that the Internal Revenue Division Laborator has discovered a process of manufacturing glycerine from sugar.

MRS. SLOUGH LEAVES HOSPITAL

Mrs. W. S. Slough, who recently underwent a very serious operation at the Blackburn hospital, has so far recovered as to be able to be removed to her home today.

BIG FISH EXPECTED TOMORROW

It is expected that the car of big lake trout which is being shipped from the Bonneville hatchery will arrive here tomorrow night. These fish, hatched from eggs shipped from Lake Superior, will probably be planted in Upper Lake. They are extremely large, some attaining the weight of sixty and seventy pounds.

Charles Ager of the Spring Lake district is among today's visitors in the city.

B. A. Simmons and family have arrived from Lakeview to take up their residence here. Mr. Simmons has accepted a position as butter maker at the Klamath Falls creamery, and will commence his new duties Monday morning.

R. Freed, an employe of Herbert Fleishacker, arrived last night from San Francisco, and left this morning for Point Comfort on Upper Klamath Lake, to prepare for the arrival of the Fleishackers July 19th.

USE OF WATER CAUSES SUIT

RANCHERS OF THE BLY SECTION HAVE TROUBLE OVER THE WATER OF GAYHART CREEK—INJUNCTION FILED

Declaring that use by the defendant of water which he, the plaintiff, has used since 1901, and therefore has prior rights to it, George Boyd has instituted action against Alfred Stenrose, enjoining him against further acts of this nature, and asking damages caused by loss of wild hay through lack of water. The land in question is located near Bly.

In the complaint filed with the circuit court clerk yesterday it is stated that the plaintiff has used waters of Gayhart Creek for irrigation since 1901, and therefore has prior right to use of same, that in 1913 and subsequently the defendant has wrongfully appropriated, and that this season the loss occasioned the defendant on his hay crop will amount to \$750. W. H. Dunan is attorney for the plaintiff.

J. A. Metcalf, C. A. Webster and W. B. Kirkland, prominent Southern Pacific officials, left yesterday in their private car, the "Shasta," following a brief visit of inspection here.

DRAWING PUT OFF UNTIL 230

OREGON'S IMMENSE LIST OF VOLUNTEERS HAS CUT DOWN HER CONSCRIPTION QUOTA TO MINIMUM—BOARDS INCOMPLETE

WASHINGTON, D. C., July 14.—Indications are that the conscription drawing will be deferred until the week of July 23d, because a thousand and exemption boards are not organized yet. Twenty-four states have not completed the task of numbering the registration cards.

It is believed that numbered slips will be enclosed in capsules and drawn from a large glass vessel in Secretary Baker's office.

Each number drawn calls for selection of four thousand men from each district. Those called first will have places filled by others. A definite place in the waiting lists will be given all who are registered.

The war department has given credit for enlistments in the army up to June 30th, and Oregon's small quota is a result of this credit.

Mr. and Mrs. E. E. Roberson of Marysville, Calif., are among the tourists today at the city auto park. Mr. Roberson is a piano tuner, and has been here before.

JITNEY SERVICE GROWS POPULAR

"RIDING THE BODS" AND "BLIND BAGGAGE" IS RESORTED TO IN ORDER TO INDULGE IN KLAMATH JOY RIDES

How much is the regular jitney fare for porcupines. This is a question that has been bothering L. E. Sullivan since early this morning, when he found one of these animals on the rear axle of his car.

Sullivan made a trip to Algoma last night, and thinks the passenger got aboard while the machine stopped there. For obvious reasons he hesitated about dislodging it this morning. Whether it was urgent business or whether a desire to take in the scenic attractions prompted the unlooked for action, has not been determined.

GOES FOR VACATION

Ed Vannice of the Golden Rule leaves tomorrow morning by automobile with his family for Spokane, via Portland and other points. He expects to stop at Grants Pass, where his brother Frank will join the party.

A trailer with camp equipment is attached to the new Mitchell car, and the party will probably camp out part of the time. They expect to be gone about two weeks.

Half of Steel Has Arrived for First Link of Road Here

HYDROGRAPHER HUMPHREY TAKES ENGINEERING EXAMS

H. W. Humphrey, local engineer for the U. S. reclamation service, left this morning for San Francisco to take the examination in the engineering corps in the officers reserve camp.

Mr. Humphrey made application for admission shortly after the first officers camp was established, but did not receive notice to appear for examination until this week.

CHANG HSUN IS NOW A FUGITIVE

REPUBLICAN FORCES HAVE FINALLY ROUTED THE ROYALIST ADHERENTS—FIGHTING CONTINUES IN FORBIDDEN CITY

TIENTSIN, July 14.—The republican headquarters report that three thousand troops of General Chang Hsun, the monarchist leader, surrendered in the Temple of Heaven, after a fight of two hours.

Chang Hsun has taken refuge with the Dutch legation. The fighting continues in the Forbidden City, with the remnant of Chang Hsun's forces. A large fire is raging there. It is reported that the fight began at 4 o'clock this morning.

AQUA PLANING IS NOW "GAME"

"WHAT DO YOU KNOW ABOUT THE AQUA PLANE?"—WE SERVE THEM AT KLAMATH FALLS HOT OR COLD

Aqua planing, that what the man called it that was doing it, and he ought to know, hadn't he?

One couldn't very well dispute him, as there was really nothing else to call it, and this will probably be the last plane to appear before the public, anyway.

With the biplane, hydroplane, the plains are pretty well exhausted. The last plain lady left Klamath Falls more than three years ago.

An aqua plane, as staged for the public most every evening at the auto park back of the Lakeside Inn, consists of a human projectile attached to a board by means of strings, and shot thru the air or water, whichever happens to fancy, at the rear end of an "aqua" locomotive. One's first impression at first sight of this novel recreation is that some one has been disappointed in love, and takes this spectacular method of drowning his cares as well as himself. The funny part of it is, they all seem to get back in good order.

Wilbur Telford has a launch especially built for speed. To the end of a long rope behind is attached a toboggan-looking arrangement, upon which those who wish to act as shooting stars, climb, and as the boat gathers headway they are enabled to stand balanced by short ropes in front. It is probably the most exciting sport this side of the trenches, and much nearer home. If you have not seen the aqua plane by all means see it. Free exhibitions are given by Bob Riggs and "Spike" Nail.

SEVERAL NEW CAMPS STARTED ALONG RIGHT OF WAY

Sufficient material now on ground to assure immediate activity—Right of Way Matters Are Working Out Satisfactorily—Work to Be Pushed Forward as Rapidly as Possible. Additional Force Next Week.

One half the steel for the first link of the Oregon, California & Eastern railroad from Klamath Falls to Dairy is now on the ground here, according to announcement made today by Robert E. Strahorn, builder. Other materials have also arrived, so that work can be pushed rapidly along without danger of delay for lack of equipment.

Another auto truck load of supplies left today for the railroad camp at Pine Flat beyond Olney. It is expected that William Penny will have a crew at work near the city early next week. Ed Probst is another contractor who commenced today. He is at work on the Hilliard ranch.

Many of the right of way matters have been satisfactorily settled, and it is believed that the work can proceed without many of the difficulties of this kind that were at first anticipated.

ITALY PROTECTS ALFREDO COCCHI

U. S. AUTHORITIES MAY HAVE TROUBLE IN BRINGING THE ITALIAN MURDERER OF RUTH CRUGER TO JUSTICE

ROME, July 14.—The minister of foreign affairs yesterday notified the American embassy that it would be impossible to extradite Alfredo Cocchi, the confessed murderer of Ruth Cruger, the New York high school girl, without violating the fundamental laws of Italy.

Ruth Cruger was murdered in New York last winter by Cocchi on occasion of her visit to his shop to have her skates sharpened. She made a desperate struggle for life, but was overpowered, and her body buried beneath the floor of the shop. Cocchi was suspected, and investigation made by the officers, but no evidence secured, and it remained for Mrs. Grace Humiston, a woman lawyer, to clear up the mystery after it had been all but dropped. It was she who ordered the excavation made beneath the cellar, which disclosed the body at a depth of several feet.

Meanwhile Cocchi escaped to Italy.

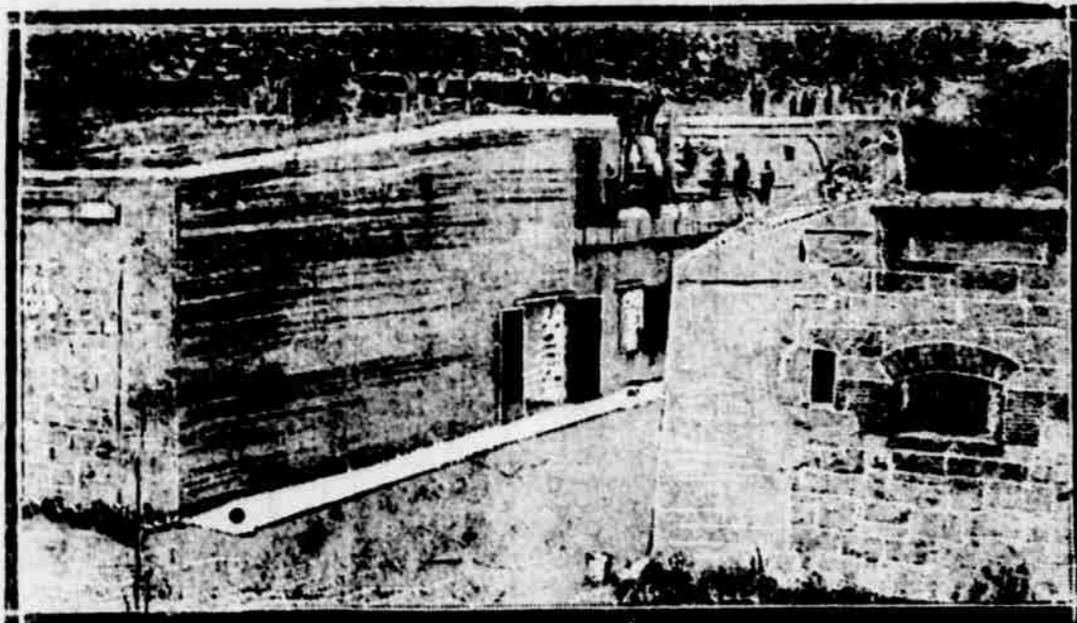

MEETING POSTPONED

The Woman's Relief Corps will not hold its usual meeting Monday afternoon. The next meeting will be held the first Monday in August, and at that time the corps' knitting for the Klamath naval boys will be decided upon.

MELTING SNOW ON MT. SHASTA CAUSES WASHOUT

Melting snow on the north side of Mt. Shasta caused a washout near Hoey, this side of Weed, yesterday, which delayed the local train several hours, so that it was nearly midnight when it reached Klamath Falls.

Ready for German Attack on Atlantic Coast

This great disappearing gun is in one of the American forts on the Atlantic coast primed for the attack of a German fleet. At a distance of twelve miles it would blow from the water any ship it struck, and the gun disappears after firing, so it would be a poor target for a battleship rifle.

Big Timber Deal is Consummated In Portland

The biggest timber deal occurring in the state in several years was consummated Wednesday afternoon in Portland, when David C. Eccles, head of the Oregon American Lumber company, signed final papers in the purchase of approximately 2,500,000,000 feet of timber from John DuBois of the DuBois Lumber company. The consideration was slightly below \$4,000,000, of which \$1,000,000 in cash was transferred thru the Bank of California, acting for correspondent banks of San Francisco and Chicago. The timber lies in Clatsop, Tillamook and Columbia counties, in the Nehalem basin, about sixty miles west of Portland. The timber is on 27,325 acres, and the land was transferred in the deal with the stumpage. The price balance is to be paid within ten years, according to the terms of the agreement.

Baker is Ready If They "Start Something" There

BAKER, Ore., July 14.—If I. W. W. members invade Eastern Oregon to upset labor conditions, as they have done elsewhere, they will find the citizens ready and armed to put down at once any effort to close-up mills or other industries, as threatened. The Baker county public safety committee will have an armed unit operating under Sheriff Anderson and deputized with several hundred able bodied men organized and ready for instant call. One of the two I. W. W. organizers here has departed, and only eighteen members have enrolled here. Word from La Grande stated that a meeting of citizens for the same purpose was held Wednesday night. I. W. W. headquarters there were raided and records confiscated, showing seventy-five had joined. Pondleton also is organized to meet I. W. W. invasion, according to phone message from there to the sheriff from Fire Marshal Harvey Wells, who is in Eastern Oregon especially to organize for crop protection, if effort is made to burn them, as threatened.
