KLAMATH  
U. S. R. S.  
Maximum, yesterday, 87 deg.  
Minimum, today, 56 deg.

### WILL INVESTIGATE STOCK POISONING

PROMINENT VETERINARIAN IS HERE TO DISCOVER IF POSSIBLE THE NATURE OF POISON WHICH KILLED LIVE STOCK

Attracted by the reports of the loss of live stock in Klamath County by poisoning, Dr. C. H. Schultz, veterinary inspector of the city of Seattle, and one of the authorities on stock diseases of this country arrived last night to investigate the causes of deaths of animals here.

Dr. Schultz is on a vacation trip and is making this investigation for his own personal satisfaction. He has served on the scientific staff of the regular army in the Philippines and has been of great assistance in locating the source of trouble of this nature in China and other foreign countries.

Accompanied by local interested parties he left this morning to conduct his investigations.

#### BARBER SHOP BEING IMPROVED

J. E. Swanson has commenced the improvement of the interior of the Metropolitan Barber shop by retinting the walls and adding other interior decorations.

#### NOTICE

All those having guns secured thru the Sheriff's office since July 15th are requested to bring them in to the office at once.

Dr. Fred Westerfield and B. F. Sheppard are members of a hunting party in quest of sage hens.

Mrs. G. B. Pletcher and niece, Miss Dolly Pletcher, who have been visiting Mrs. L. E. Sullivan for a month have returned to their home in Cottage Grove.

### SHERIFFS WILL MEET AT SPOKANE

PROBLEMS WITH REFERENCE TO THE INDUSTRIAL WORKERS TO BE DISCUSSED AT THE WASHINGTON CONVENTION

SPOKANE, Wash., Aug. 1—Sheriffs of the state of Washington will convene here tomorrow, Friday and Saturday, August 2, 3, and 4. The most important meeting of the state sheriffs ever held is expected to take place during the three-day convention, according to Sheriff E. S. Biecker of Vancouver, Wash.

That the problem presented by the Industrial Workers of the World and their alleged threats to intimidate farmers and destroy property will be one of the principal topics to be discussed is indicated in a letter recently sent to state sheriffs, which said: "Trying times are at hand, consultation is necessary, as the citizens of the state are depending on us for protection."

Sheriffs of Idaho will be welcomed at the meeting, for the eastern Washington officers say they will be vitally interested in the questions to be discussed, and their cooperation will be necessary.

#### "EAT LESS BREAD" CAMPAIGN IS SUCCESSFUL

LONDON, Aug. 1—The "Eat Less Bread" campaign initiated by the National War Saving Committee has been quite a success. Since the inauguration of the propaganda the consumption of flour has decreased by 16 per cent.

### Doctor Who Refuses to Save an Idiot Baby

DR. HARRY J. HALSEIDEN

Dr. Harry J. Halseiden, chief of the medical staff of the German-American hospital in Chicago, refused to perform an operation upon the baby of Mrs. William Meter, because it was so deformed that it would have grown to be an idiot if it lived. More than a year ago Dr. Halseiden took the same position in the case of another infant. Several attempts to punish him were made, but they were all given up. Dr. Halseiden holds that since the child, if it lived, would grow up to be a burden to itself and the community, it should be permitted to die.

#### PROHIBITION AMENDMENT SUBMITTED TO STATES

WASHINGTON, D. C., Aug. 1. The Senate has adopted a resolution today providing for submission to the States of a prohibition amendment to the Federal Constitution. The resolution passed by a vote of 65 to 20.

### ATTEMPT LIFE OF ELIHU ROOT

ANARCHISTS ATTEMPT LIFE OF NOTED AMERICAN BY SETTING FIRE TO BRIDGES OVER WHICH HE TRAVELS.

TOKIO, Aug. 1—An attempt to wreck or burn the train on which Elihu Root, head of the American mission to Russia, was riding was made by anarchists at Viatka station, in Siberia, according to travelers from Russia arriving here today.

Bridges ahead of Root's train were set afire just as Root was entering Siberia. The train was stopped before it reached the burning structures and was delayed for 30 hours while the damage was repaired. Then, as Root was about to start again, Viatka station and storehouse were set afire and the blaze spread to the railway coaches there.

Three trains were burned and the Root train was threatened, but the American mission escaped.

Mrs. Gregory Mason of New York declared that after the storehouse and coaches caught fire, blazing cars were pushed down the track to the windward of the Root train, so that the breeze carried the flames directly against the train occupied by the American mission. The coolness of the engineer of Root's train saved the mission. As the blazing cars approached he backed his cars rapidly out of danger.

Mrs. Mason declared Root remained perfectly calm during the fire.

While en route thru Russia the Americans saw German prisoners freely fraternizing with Russian soldiers and workmen and joining in their speech-making.

Texas Governor May Re Impeached Austin, Tex., Aug. 1—Charges designed to form a basis of impeachment proceeding against Gov. Ferguson were filed in the House of Representatives by Speaker Fuller after convening the Legislature in called session today.

# Klamath Falls People Come First

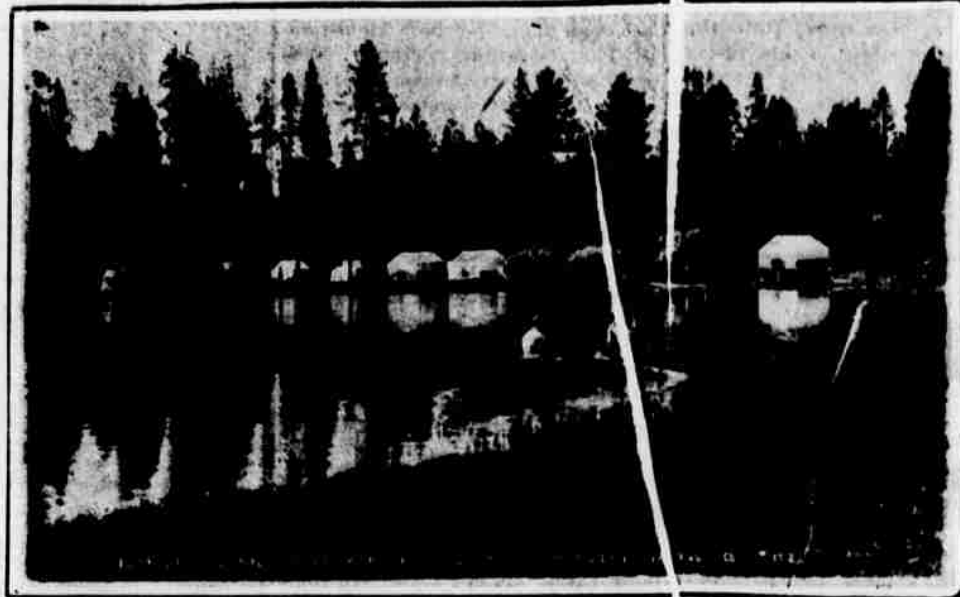

I AM forced to sell my holdings at the famous Idlerest Resort on Spring Creek, and have one of two alternatives.

First—I can sell the tract to California or other capitalists, for their own exclusive use as a private fishing and outing resort, or

Second—I can sell the choice of these lots to the people of Klamath County, who will thus be protected in the use, for themselves and friends, of the finest fishing and camping grounds on the coast.

I have decided to adopt the second alternative, provided of course, the people are sufficiently interested to save this wonderful resort to Klamath County.

My home has been in Klamath County for many years, and I feel that it is my duty as a citizen of this county to give my own people the first choice in securing this property. However, I want it distinctly understood that this property is going to be sold, either here or to some outsider.

Klamath County is fast becoming one of the great summer resorts of the entire coast, and its public fishing and camping ground is fast passing into the private ownership of men of vast wealth. It will be only a few years before the people of Klamath County will find themselves deprived of the opportunity of freely enjoying the unlimited sports with which this section abounds, simply because outsiders of wealth have monopolized all the ground for private use.

I want you to think this matter over seriously and then I am going to tell you how you can protect yourself. I am obliged to raise a certain amount of money and am going to offer a limited number of these lots, on such terms and at such a price that they will be within the reach of a anyone. Watch the Herald for further particulars.

## R. C. SPINK

Owner of "IDLEREST" on SPRING CREEK

### Personal Mention

LITTLE SIDELIGHTS ON LOCAL HAPPENINGS AMONG THE PEOPLE OF THIS CITY AND VICINITY. GOINGS AND COMINGS OF LOCAL FOLKS.

J. F. Loosely of Fort Klamath is here on business.

Lawrence Horton, a rancher of the Yonna Valley is trading with local merchants today.

G. P. Van Riper and A. D. Miller left for Langell Valley to hunt sage hens. It is reported that they have taken a trailer to bring home the game.

### MANY DIE FROM HEAT IN EAST

OVER A HUNDRED DEATHS RESULT FROM SEVERE WAVE OF HEAT. RED BLUFF, CALIFORNIA WAS HOTTEST PLACE.

CHICAGO, Ill., Aug. 1—The heat wave thruout the east has proved fatal to a great number. Following an unusually cool season, a wave is sweeping over the country with a death toll that is fearful. Twenty-one deaths have occurred here in the last twenty-four hours from the heat, making a total of thirty-nine in the last two days.

New York has reported twenty-five deaths, Pittsburg fifteen and Detroit ten.

Red Bluff, California, reported the highest temperature in the United States, one hundred and four degrees yesterday.

Thundershowers relieved the sufferings of thousands in New York, Chicago and Philadelphia today.

Harry Kuhnhausen of Portland, who has been looking after his homestead at Malin left this morning for his home on account of illness of his mother.

### Settlers Are Wanted on Indian Reserve

NEW FARMER WOULD CLEAR A LARGE TRACT FOR GRASSES

F. A. Hutto is Anxious to Get Valuable Lands in Cultivation. Will Make Every Inducement to Get Settlers to Lease and Clear Two Thousand Acres. Terms on Which Money Can Be Made to be Offered.

That settlers are badly needed to clear up a tract of two thousand acres of irrigated land on the Klamath Indian Reservation and that every inducement possible will be made to secure them was indicated here today by F. A. Hutto, the new farmer on the Reservation.

Mr. Hutto, who is a graduate of the University of Kansas arrived recently and is apparently making a great effort to improve conditions of the Reservation for the Indians. The tract of land mentioned lies under the Modoc Point Project just completed and is especially adapted to growing of grasses for stock food.

Mr. Hutto hopes to have it cleared soon and enough cows put in the district to support a good country. While not stating just what terms would be made to settlers for clearing this land, he intimated that leases of from three to five years would be given and that almost the same inducements as are made to the Indians would be offered. To these the government now offers the use of a tractor engine with ten plows for seven dollars and fifty cents per day, the Indians furnishing the fuel.

Mr. Hutto hopes to have this land cleared up and yielding an income within a short time.

Mrs. Ida Gibson left this morning for the Gerber ranch in Horsefly Valley where she will stay with her son, C. F. Vincent for the winter.
