

Uncle Sam to Settle I. W. W's

ALLIES CONTINUE GAINS IN EAST

ONE TO THREE MILES GAINED IN GREAT DRIVE

Good Progress Made in Spite of Bad Storm

Remains Desperately Trying to Hold Trenches in Fiercest Onslaught of War—Atrocious Weather Hinders Operations—Hope to Drive Enemy From Belgian Coast—America Participates With Surgical Teams.

By Associated Press
The tremendous drive of the allies along the western front is still in progress, and Germany is battling with desperation unparalleled to hold the Flanders lines against the French and British attacks.

In spite of the atrocious weather, the allies have gained from one to three miles, and are apparently waiting for clear weather to blast their way further into the Teutonic front.

The Kaiser has sent congratulations to Crown Prince Rupprecht of Bavaria for the Germans blocking the allies' attempt to conquer the Flanders coast. It is believed that Germany's plans are based on the unwarranted assumption that the allies' attempt to break thru had failed.

Washington authorities are watching the progress of the battle now being fought with extraordinary interest, as they believe that the attack has been launched against the most vulnerable point in the German lines. If the allies can succeed in pushing the enemy's flank back from the Belgium coast, it is believed that the U boat problem will have been solved, as the main bases for the submarine operations would be stamped out.

Many of the army officers are hoping for the abandonment of the trench warfare, as it is thought that the allies, with their more powerful artillery would have greater success in open field operations. The war has far been fought along the lines which the German officers have mapped out, it is declared.

BRITISH FRONT, France, Aug. 2.—America has played a small but important part in the battle of Flanders. A number of "surgical teams" worked side by side with the allies in caring for the wounded.

The allies have captured several thousand prisoners, many from the 18 class, who are raw recruits. Few of the prisoners had hopes of Germany winning the war. One officer believed that the time of the downfall of the Fatherland was near. His opinion is based on the many British faces seen. There is a great variety of veterans noted.

Louis Boldischer of the First State Savings bank will leave Saturday with his family for a two weeks' vacation at Odessa.

George Bury Is Knighted

SIR GEORGE BURY

King George of England has rewarded George Bury for his hard work during more than a quarter of a century for the Canadian Pacific Railroad, the main railway system which has built up Canada. He is now Sir George Bury. This is perhaps partly due to his study of railway conditions in Russia, where he went some time ago at the instance of Premier Lloyd George.

DR. SCHULTZ AND JACK KIMBALL ON THE RANGE

With Jackson Kimball, head of the Klamath-Lake County Forest Fire Association, Dr. C. H. Schultz, the noted veterinarian, has gone to the range districts of the county to make a study of the cause of the death of livestock here.

Mr. Kimball, who is co-operating with the local stockmen in an effort to trace this matter up, is greatly pleased over the arrival of Dr. Schultz and believes he will be of great assistance in discovering the source of the trouble.

F. J. Ers, the local dry goods merchant, has just returned from a three weeks' business trip to Portland. He reports that prices on nearly all goods are still soaring skyward.

MAY SOON GET RURAL DELIVERY

POSTMASTER DELZELL DECLARES PROSPECTS GOOD, ALTHOUGH POTHOLES IN ROADS MAY INTERFERE

Prospects for rural free delivery throughout the farming sections of the county are reported good at this time by Postmaster W. A. Delsell, who has been working to secure this improvement.

Mr. Delsell returned from a trip yesterday on which he was checking up the data for the proposed delivery, and declares that the only drawback which may prevent the securing of the new service is a group of bad potholes in the road near the Jory ranch at Midland.

If the new service is secured, it will include free delivery in the Mills Addition, according to Mr. Delsell.

PORTLAND GETS ROCKPILE READY

ORGANIZER WILLIAM FORD IS ARRESTED AFTER STRUGGLE. "IRON HAND" METHOD TO BE USED IN DEALING WITH I. W. W.

PORTLAND, Aug. 1.—In beginning a statewide campaign to use "iron hand" methods in handling the I. W. W. situation, William Ford, organizer, was arrested after a desperate fight.

The county officers are getting a rock pile ready.

KLAMATH INDIAN WANTS DIVORCE

CRUELTY OF WIFE TO REGINALD SCHONCHIN CAUSES REQUEST FOR SEPARATION—ATTACKED WITH FLATHORN AND POKER

The trial and tribulations of the red man on the Klamath Indian reservation is certainly full of trials and tribulations, if the experiences recited in the petition for divorce by Reginald Schonchin from his wife, Rose Schonchin, is any criterion.

In the brief two years of his life journey together not only has his unfaithful mate risen against him with flathorn and poker on several occasions, but has threatened his life with a loaded gun, according to the complaint. The plaintiff alleges that throughout this time he has proved a faithful husband, but now asks a complete divorce and the custody of the child, Fern Maxina.

H. M. Manning is attorney for the plaintiff.

Frenchman Who Ousted Constantine

M. JONNART

Senator Jonnart of France, who has had several positions in French cabinets, is the man who caused the abdication of King Constantine of Greece. He had been sent there as a representative of France, Great Britain and Russia, and shortly after he had dined the whole Greek situation he told Premier Zaimis the king must go. And within a few hours the king did go. This is the first photograph of the commoner who overthrew a monarchy.

FISHING FINE IN KLAMATH COUNTY

SACRAMENTO MAN HERE ON EIGHTH TRIP IS ENTHUSIASTIC OVER ANGLING—THINKS OPPORTUNITIES WONDERFUL

Fishing in the Klamath lakes and streams seems to be unusually good this season from the reports brought in by local sportsmen and visitors.

A twelve pound trout measuring 26 inches in length, was caught at the mouth of Williamson River by W. F. Hopke of the Weinstein Lubin company of Sacramento, who is making his eighth annual visit to the fishing waters of the county. He reports that a party of which he was a member at Odessa caught eighty-nine pounds in one day.

Mr. Hopke is a property owner in Klamath Falls, and thinks that the opportunities in the West nowhere equal those of this section. He believes that the resources of the county and geographical position of the city are bound to bring it to the front rank among the great centers of the West.

CUBA TURNS INTERNED BOATS TO UNITED STATES

WASHINGTON, Aug. 2.—Cuba yesterday turned over to the United States the five German merchant ships seized in Cuban ports when Cuba declared war on Germany.

The ships will be made ready for repair and operation.

RUSSIA WILL NOW BRACE UP

PETROGRAD REVOLT IS CRUSHED AND FIGHTING STRENGTH OF THE ARMY WILL SOON BE REGAINED

PETROGRAD, Aug. 2.—Russia is going to "come back." The prompt measures adopted by Premier Kerensky and her officials to stop the panic of last week and to instill confidence among the people are commencing to show their effects. Foreign Minister Tereestchenki and Russian diplomats at the capitals of the allies state that Russia is determined to continue the war to the triumph of principles proclaimed by the revolution.

Tereestchenki said that the government has crushed the Petrograd revolt, and "taken all necessary steps at the front for restoring the combative strength of the armies."

The movement for the creation of a woman's army is progressing like wildfire thruout Russia as a result of the heroic conduct of Vera Butchmareff's female battalion.

Petrograd, Moscow and Kiev have formed regular women's recruiting bureaus and established barracks. Male commanders have been appointed for the peasant working girls.

Suitable uniforms will be provided.

PORTLAND WOULD ADVERTISE LAKE

ADVOCATES STARTING CRATER LAKE CLUBS THRUOUT STATE. OREGONIANS MUST VISIT THIS GREAT ATTRACTION

A move is on foot, initiated by the Portland Chamber of Commerce, to induce residents of the state to see the matchless Crater Lake in Klamath County, so it will become more widely advertised.

To this end every commercial club and chamber of commerce in Oregon has been asked to form a Crater Lake Club. It is declared that if this scenic asset was in California it would be the greatest attraction of the West, and if it was in Switzerland, the American tourists would cross the ocean to visit it.

It is pointed out that Oregonians should make more of the resources which lie undeveloped at their very doors.

AMERICAN STUDENTS LEAVE OXFORD

OXFORD, Aug. 2.—Most American Rhodes scholars have obtained indefinite leave of absence, and are returning home for military training or are continuing their training in England, expecting to join the American forces in France.

The majority already have had two months' training with the Oxford University officers' training corps. Virtually no Americans are expected to be in residence next year.

DRASTIC STEPS WILL BE TAKEN WITH I. W. W's.

Believed German Propaganda Responsible for Situation

IS FINED FOR KILLING DEER

JIM WORLOW EARLY THIS MORNING FOR HAVING BUCK DEER IN HIS POSSESSION

The first case of infringement of the game laws this season was brought to public notice today, when Jim Worlow pleaded guilty to unlawfully having a buck deer in his possession. The case was heard in the justice court of E. W. Gowan.

Worlow is reported to have been arrested this morning about 5 o'clock by Game Warden Henry Stout in the Irryart Mountain country. Worlow was fined \$50 and costs for the offense.

BIG STRIKE ON ESPEE THREATENS

EIGHTY-FIVE HUNDRED TRAINMEN MAY START STRIKE SATURDAY NIGHT—LINES FROM PORTLAND TO EL PASO

SAN FRANCISCO, Aug. 2.—Eighty-five hundred trainmen on the Pacific division of the Southern Pacific have voted to strike next Saturday night unless the grievance claims are settled.

The trainmen affected are engineers, conductors, firemen and brakemen from El Paso to Portland. There is no indication of the company's attitude made.

COUNTY COURT CONVENES

The County Court started its monthly business session at the court house this morning. Allowing of bills constituted the business of the occasion.

Mr. and Mrs. R. E. Smith and Mr. and Mrs. J. J. Parker plan to spend the week end at Crater Lake this week, going up in the car of the former.

Department of Justice Will Investigate Threatened Strike—Strategic Measures Will Be Adopted to Prevent Tie-Up of Industries—Definite Action Has Not Been Formulated by Authorities.

WASHINGTON, D. C., Aug. 2.—The government will take drastic measures to meet the labor disturbances of the West and Southwest, if the situation becomes more acute.

It is believed here that the German propaganda is responsible for the disturbances.

The department of justice has undertaken a broad general inquiry into the threat to call out the United Mine Workers, should the government not intervene in behalf of the Industrial Workers.

The inquiry has not yet reached a stage where definite action is formulated.

Authorities assert that nothing will be left undone to prevent a tie-up of industries.

SISTERS SCHOOL IS COMMENCED

COOPER BROTHERS HAVE CONTRACT STRUCTURE, WHICH IS TO BE USED TEMPORARILY, BRICK BUILDING LATER

Work started here today on the new Sisters school on the property of the Sacred Heart church, near Eighth and High.

Cooper Bros. have the contract for the new building, which is to be a six room structure. It will be ready for occupancy early in September.

It is planned later, when the war situation becomes less acute, to construct a brick building for this institution, at a cost of between \$25,000 and \$35,000, but the temporary building will be used this year.

Mrs. O. Stith and daughter, Miss Essie M. Stith, of Seattle are visiting at the home of Mr. and Mrs. B. F. Lewis. They are greatly pleased with the climate and scenery of the Klamath country.

Gard Van Riper and A. E. Miller have returned from a one week hunting trip in the Langgat Valley country. They report good success.
