Klamath County News

PLEVNA, Aug. 6.—R. V. Ess and family spent last Sunday with James Kerns.

G. F. Sevits spent Saturday night at the G. Shell ranch.

H. H. Van Valkenburg made a business trip to Ashland one day this week.

The R. V. Ess family called on George Agers Friday evening.

Mr. and Mrs. W. C. Davenport and daughter Marie and Mrs. Chas. Sevits passed thru Plevna Wednesday evening on their way home from their California trip.

George Agers was shopping in Klamath Falls Friday.

Alfalfa is King, and it grows well in Klamath. Ask Chilcote to show you some good alfalfa ranches. 27

GIRL'S "HONOR GUARD" BUSY
PORTLAND, Aug. 6.—Girls of the Oregon Honor Guard from several associations of the state encamped for the summer near ocean beach between Astoria and Seaside are observing many military rules in the conduct of their camp, and spend part of their time studying and practicing signaling and "wig-wagging."

Bandage making and knitting is also being studied, for the girls say they are planning to put in a winter of hard work making necessities for the Oregon boys with the American troops.

There are many kinds of insurance. Be sure you get the kind that pays. See Chilcote. 27

Notice to Consumers
This will be notice that in order to enable us to sell wood at normal prices in the future, we find it necessary to sell for cash only, on and after August 15th, 1917. Do not ask for credit after August 15th. W. E. SEEHORN COMPANY. By W. E. SEEHORN. 2-1t

Have a new and modern seven room house on pavement. Will sell on easy terms or will take good vacant lot or small house as part payment. See Chilcote. 27

SAYS HOT WATER WASHES POISONS FROM THE LIVER
Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, and almost every morning to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes, all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Adv.

"FLYING SQUADRON" OF FRUIT PICKERS

DENVER, Colo., Aug. 7.—Continuing the "flying squadron" scheme initiated last spring at the University of Colorado by a woman student, a recruiting office recently was opened here for the enrollment of women in flying squadrons to act as fruit pickers in sections of Colorado where the fruit crop is unusually heavy this year, and where the war has caused a scarcity of labor.
Definite plans of organization for the squadrons have been worked out, much like the organization of an army. The pickers are divided into

squads of ten, each in charge of a sergeant; five squads comprise a company, which is commanded by a captain. So that congenial groups of girls may be formed and remain together while spending summer vacations picking fruit, arrangements have been made to receive group enlistments of one or more squads, which will remain together, working in the various orchards to which they may be assigned, thruout the picking season.
The girls are to receive the regular wage for fruit pickers.

BELGIANS WILL BE IMPORTED

TWO HUNDRED AND FIFTY FAMILIES WILL BE BROUGHT TO DUFUR, WHERE LARGE TRACT OF LAND IS SECURED

PORTLAND, Aug. 7.—Civic centers are to be built on the colonization tracts in Oregon now being purchased for several thousand Belgian war refugees who are to be brought from Holland soon, according to James Slevin, agent of a Belgian colonization company, who has closed a deal for 562 acres of land near Dufur, in Eastern Oregon.

Two hundred and fifty Belgian families will be established on the Dufur colony by November, 1917, Mr. Slevin asserts. He has picked out a large popular grove on the Dufur tract for the construction of the civic center, which is to consist of a school house, church, general store, dance pavilion, public hall and other public

buildings. Two hundred and fifty small houses are to be built at once for the refugees.

FLATS IN DEMAND IN "FRISCO"

SAN FRANCISCO, Aug. 7.—The demand in this city for flats and apartments has steadily been increasing, due to the war and the resulting high prices of food stuffs. Apartment owners account for this by reason of the fact that persons who have been living in hotels and eating their meals in restaurants find they can live more economically where they can do light house keeping.

The apartment with the kitchenette is being sought as it provides the facilities for preparing the relatively easily prepared ham and eggs and coffee for breakfast and the light noon luncheon. With two meals thus provided, the restaurant may still continue to retain trade of those who do not care to enter into all the details of cooking a regular dinner at night.

The experience of those in search of apartments at a moderate rental confirms this view. While there are plenty of more expensive establishments to be found, the less costly quarters rapidly are being supplied, and the hunt for a home has assumed the proportions of a considerable task.

ALL MUST WORK IN NEW ZEALAND

SCHOOL VACATIONS ARE COMBINED SO AS TO GIVE THE OLDER CHILDREN A CHANCE TO WORK IN HARVEST

WELLINGTON, New Zealand, Aug. 6.—The National Efficiency board created by the New Zealand government has decided that every man and woman in the dominion must engage in war work if necessity arises. It also sent a circular to school boards suggesting that the midwinter holidays, which fall in July, be curtailed, and the time saved then be added to the midsummer Christmas holidays. This would give about eight weeks vacation during which the larger boys could assist in sheep shearing, fruit picking, hop gathering and other outdoor work. Last Christmas a number of school boys did this, and some of them earned from \$50 upward.

It seems certain that some measure of this kind will take place owing to the steady depletion of labor by conscription. Men newly for home military service probably will be organized for war work, but it is expected that at present women will not be. But if the war long continues, female labor is likely to be similarly utilized.

TWO STATES HAVE FILLED THEIR QUOTAS

WASHINGTON, D. C., Aug. 7.—Iowa and Washington have filled their quotas of war volunteers for the regular army. A total of 1921 men was recruited yesterday thruout the country, bringing the number of war volunteers recruited since April 1st up to 175,187, against the 183,898 needed to bring the army to full war strength.

PARIS DEPOSITS INCREASE

PARIS, Aug. 7.—Savings bank deposits continue to exceed the withdrawals. Balances to the credit of depositors have increased more than 70,000,000 francs since the first of the year.

Thousands Being Built for American Troops in France

Thousands of these rapid fire guns invented by Colonel Lewis have been ordered by the war department for the use of the American troops in France.

For years Colonel Lewis has been trying to convince the ordnance department in Washington his gun was the best made, but not until the British

and French armies used them could he convince Americans. Now they will form the chief weapon of attack and defense for the Americans in the trenches.

ADVERTISED MAIL LIST

The following unclaimed mail matter advertised on the 4th day of July, 1917, will be sent to the division of dead letters, San Francisco, on the 18th of August. A charge of 1 cent will be made for each letter delivered from this list. In calling please say "advertised."—W. A. Deizell, P. M.

Good Time Insurance
Even a good watch will become unreliable in time if it is not kept in good repair. It requires fresh oil and overhauling at least every eighteen months.

The dollar or two you pay us for the work is time insurance. It prevents your watch from wearing out in only a few years, and keeps it an accurate and truthful timekeeper.

Our watchmaker is a skillful man of long experience. Your watch is safe in his hands.
