

ALLIES STEADILY CLOSING IN PRESIDENT HELPS REGULATE PRICES

SUCCESS FOLLOWS ALLIES' EFFORTS

Make Good Gains Around Lenz and Repulse Attacks of Germans. Capture Many Prisoners

By Associated Press
BRITISH FRONT, France, Aug. 7. The British lines continue to tighten around the French city of Lenz. The Canadians Saturday advanced two hundred yards along a thousand mile front in the western outskirts of the city. They are established in group houses within a few yards of the enemy's line.
Paris reports that French troops last night entered the German lines in three places inflicting losses and capturing prisoners.
The French repulsed Teuton attacks between Avocourt and Hill Three Hundred and Four with heavy losses to the Germans.

ENGLAND CHANGES RED CROSS ROOMS NAVAL PERSONNEL TO BE CHANGED

MUCH ATTENTION ATTRACTED BY SHIFT OF OFFICIALS ON ADMIRALTY BOARD. BELIEVE STEP IN REORGANIZATION.

LONDON, Aug. 7.—It is officially announced that Vice Admiral Sir Roselyn Wemyss is appointed to replace Admiral Sir Cecil Burney as second Sea Lord.
Allen Garrett Anderson hitherto vice chairman of the Wheat Commission succeeds Sir Eric Campbell Geddes as the new first Lord of the Admiralty as controller of naval construction.
The changes are attracting much attention and are interpreted as the first step in a reorganization.
Opponents of the present admiralty methods regard the changes as "procastratory half measures" and say they should have been made so complete as to give the country resolute energetic admiralty, permeated by offensive spirit.
Mrs. Chas. L. Moore and daughter, Mrs. L. G. Van Bellen and Miss Mary Allen Foster of San Francisco are on a pleasure trip to Rocky Point today.
Mr. and Mrs. E. A. Dunham and children, with Miss Joale Low, returned from a short trip last night from McClaud and Shaata Springs.

TEUTONS DRIVE WITHOUT SUCCESS

SEVERAL ATTEMPTS TO BREAK THE ALLIES LINES ON THE FLANDERS FRONT ARE REPULSED WITH GREAT LOSSES
followed last night by two attempts of the Germans to shake the British from their hold on the important sectors. Neither attempt met with success. They first attacked in the Hellebek region and later west of Hoek on the French front.
The Germans also attacked vainly at Boville, Avolcourt Wood in Alsace.

PAVEMENTS WILL BE PROTECTED BY NEW LAW

FIVE TONS IS LIMIT OVER IMPROVED CITY STREETS

Ordinance Providing for Holding Second Hand Goods is Remodeled at the Solicitation of Second Hand Men. Jitney Drivers Ordinance is Still Unsettled. Council Spends Much Time Allowing Bills.

No truck loads which including the weight of the truck exceeds five tons are allowed on the improved streets of this city according to an ordinance passed at the meeting of the City Council last night. All loads exceeding two tons must be carried on trucks with tires at least four inches in width according to the terms of the new measure.

This precaution is taken by the Council to prevent if possible some of the damage that has been done in the past to the city pavements which have been constructed at great expense to the citizens.

A clause also prohibits the passage of any steam engine or other machine, having wheels of a corrugated surface, over the pavement at all.

The question was brought up by one or two of the councilmen just before the final vote was taken as to whether the city fire engine could be run thru the streets under the terms of the ordinance, but it was decided that were the new truck overweight, its very wide rubber tires would effect no injury to the streets.

In response to objections made by M. Motchenbacher and others of the

second hand dealers, to the clause in the ordinance which had passed second reading, providing for holding of all articles received for ten days before disposing of them, the ordinance was remedied and again introduced at last night's session.

The ordinance in its original form provide for a keeping of a record of all goods received and holding for the period mentioned. Motchenbacher brought out the fact that this would cause great and unnecessary convenience to himself and others when buying large stocks of second hand goods from reliable parties.

Under the provisions of the measure now before the Council, any such goods can be disposed of immediately upon the consent of the Chief of Police.

It is evident from the tone expressed last night that the second hand men will cooperate with the city in enforcing the new measure, which aims to put a stop to stolen goods being presented at pawn shops. No goods from boys under eighteen years are to be accepted.

The ordinance providing for a license among the jitney drivers and regulating a schedule of prices to be charged in the city limits was again up for discussion and while those prices are now apparently acceptable as presented, the question arose from the drivers and the matter was postponed until it could be given consideration.

The ordinance prohibiting the parking of cars in certain sections of the busy streets for a longer period than twenty minutes passed second reading and will be put to final vote at the next meeting.

Most of the time at last evening's session was taken up in the allowing of bills against the city.

Leave Soon on Long Auto Trip

Miss Nell Buckner will leave in the morning for a three weeks trip to Northern points visiting her home at Salem and friends at Portland and Seattle. Miss Myler Calkins will fill her position at the office of Drs. Johnson and Cathey.

EXAMINATION FOR DRAFT TO BEGIN EARLY TOMORROW

FIRST QUOTA WILL BE SELECTED BY LOCAL BOARD

Instructions From Adjutant General White Suggest Publication of All Those Claiming Exemption or Discharge and Grounds on Which These Claims are Based. Progress Should Be Given Publicity.

The names of the first eighty men called to appear before the local exemption board are given in the order in which they will appear. The examinations which commence tomorrow and will continue thru Thursday and Friday will be held at the Elks Club.

A wire to Sheriff George Humphreys received from Adj. Gen. Geo. A. White of Portland says:

"It is assumed that the exemption work is now being actively conducted by your local board, active time having passed for this purpose, since the day notice was sent you. In this connection your attention is invited to the obvious fact that when any registered person imposes upon a local board and improperly secures a certificate of exemption, or discharge, he advances the time of call of all other un-called persons on the list. For this reason every registered person and to some extent every person in the community is directly interested in seeing that the true facts are brought to the attention of the government."
"You are advised that a representation" (Continued on page 4)

WILSON IS BUSY FIXING THINGS UP

Will Satisfy Himself That Price Regulation Proceeds Satisfactorily. Looks Up Coal and Steel

WASHINGTON, D. C., Aug. 7.—The President took a hand today in the governments plans for price regulations, and conferred with officials having charge of the work.

He first went to the Federal Trade Commission and later to the Department of Justice. Both departments are working on keeping the process

of materials for the governments war needs down to a reasonable basis.

The President inquired particularly regarding the investigation of the cost of producing coal, steel and lumber.

The commission hopes to give the President a report of the costs of copper within a fortnight.

KINGDON GOULD FILES EXEMPTION

WALTHY RAILROAD OFFICIAL MARRIED RECENTLY CLAIMS EXEMPTION ON GROUNDS THAT HE HAS DEPENDENTS

NEW YORK, Aug. 7.—Kingdon Gould, a railroad official, the eldest son of George J. Gould, has filed draft exemption on the ground that he has dependents.
He has been passed as physically fit for army duty. He was married July second.

LICENSE IS ISSUED

A marriage license was issued yesterday by County Clerk C. R. DeLap to Miss Mary Godow and Jasper Turner, Indians of the Klamath Reservation living near Yainax.

The couple are to be married Sunday at the home of the bride. The ceremony will be performed by Rev. C. H. Dunlap, the Methodist pastor on the Reservation.
The groom is a cattle rancher in the Yainax section.

BLAMES MAGNATE FOR DISTURBANCE

WASHINGTON, D. C., Aug. 7.—Representative Jeannette Rankin of Montana in addressing the House, charged the responsibility of the Montana Mine workers trouble which curtailed the output of copper to John D. Ryan, of New York, President of the Amalgamated Copper Company.
She said the abolition of the "rustling card" system by which the amalgamated company decides which miners shall work, would restore peace. She said her efforts to convince Ryan of this fact by telegraph produced no results. She added that the power to abolish the system was in Ryans hands.
Representative Rankin declared the workers knew they would never be safe under the "rustling card" system for under the system every man who complained or reported dangers or endeavored to form organizations was laid off and unable to obtain work in any mine again.

E. R. Bishman and Mrs. M. J. Shaw from Richmond, Cal., are among recent arrivals who are enjoying the fishing at Rocky point.

Boring Tube for Great 16-Inch Gun at U. S. Arsenal

The United States arsenal at this photograph shows the tube of a great 16-inch gun being bored. A completed and have been sent to coast fortifications. Before many months every coast station will have them.

DRAFT RESISTERS ARE GIVING UP

MORE THAN FIFTY OF THE BAND HAVE SURRENDERED IN OKLAHOMA. WITH THREE OR FOUR OTHERS CAPTURED

OAKLAHOMA CITY, Aug. 7.—Draft resisters have continued to surrender without resistance here. Over fifty prisoners have been taken, including two organizers of the working class union. Officers are looking for

three or four more leaders whose capture they think will end the outburst.

It is believed that the disturbance caused by a crowd of negroes and half-breeds in Central Oklahoma will be terminated shortly. The government will adopt the strictest of measures in dealing with these resisters, in many cases asking that the death sentence for traitors be imposed. Many have been drawn into the movement against their will and these will receive more lenient treatment.
