GEORGE HUMPHREY GETS BAD MAN HERE TODAY

CONFESSES TO MURDER ON BEING ARRESTED

Man Who Shot William McAllister Friday Near Grants Pass Is Recognized This Morning and Promptly Taken Into Custody—After Severe Cross-Questioning He Admits Being the Party Wanted.

Sheriff George Humphrey and his deputies did some effective work this morning when they arrested and obtained the confession of Frank Turpin, who shot and killed Wm. McAllister at the Spaulding saw mill near Grants Pass.

The fugitive was recognized by Lee Clark, an employe of the Western Transfer company, who knew him formerly, and declared to the officers that he was certain of the man.

On being first arrested he denied the identity vigorously, but when the officers discovered a scar on the back of his head which tallied with his description, he broke down and confessed.

The killing of McAllister followed a quarrel between the two men in the saw mill. McAllister, who was a lawyer, was seen to be quarrelling with Turpin on the log carrier in the mill, and to have pushed him from the carriage.

McAllister is a brother of Mrs. Charles Triplett of this city, whose husband is employed at the O. K. Klamath shop. The family has been prominent in that section for many years.

Turpin is said to be barely 20 years old, and to have resided in that section for some time. When taken today he was unarmed, having thrown away his pistol somewhere in the mountains.
