

Soldiers In South Encouraged To Save

ARCADIA, Calif., Aug. 12.—A savings bank has been established by the International committee of the Y. M. C. A., where once was the paddock for the Santa Anita race track on the ranch of the late E. K. (Lucky) Baldwin, to encourage thrift among the soldiers encamped here.

"You will need the money when your Uncle Sammy stops the bed, board and doctor's care," printed on signs, cards and pamphlets, which are distributed among the soldiers each pay day, is one of the methods of calling attention of the young de-

Half Billion More Wanted for Navy

WASHINGTON, D. C., Aug. 13.—Another half billion dollar appropriation for shipbuilding will be asked of congress this week by the shipping board. Contracts already let, it was said Saturday night, have absorbed all of the \$500,000,000 given the board in the war budget bill passed in June. An additional \$250,000,000 appropriated at that time will be used in commandeering ships.

The emergency fleet corporation have approved contracts for about fifty ships, steel and wood, with a total displacement of about 200,000 tons. The cost of the vessels will be \$25,000,000.

Builders of the vessels for which contracts have been let announced they would organize a national shipbuilding association, with offices in Washington, to provide a central agency fleet corporation, and thus obviate the necessity of individuals coming to Washington to deal with

CONDITIONS ARE GOOD AT HENLEY

HIGH SCHOOL TO OPEN WITH MORE TEACHERS AND ADDED SUBJECTS—BOUNTIFUL CROPS IN PROSPECT

HENLEY, Aug. 13.—The Henley high school and grammar schools opens on Monday, September 3d, only for the purpose of organizing.

It is very important that all pupils who expect to attend shall be there, so they may get the list of text books needed for the term. If the pupils are not there they may have to wait a week or two for text books, which handicaps them for the whole term. The Henley high school will have two teachers this year, and instruction will be given in the ninth, tenth and eleventh grades. Book-keeping, business correspondence and penmanship are some of the subjects to be added to the curriculum this term.

A set of the latest edition of the International Encyclopedia has been ordered for the high school.

Miss Stuart of the grammar school and her mother and sister and brother have arrived at Henley. The sister is a junior, and will register in the Henley high. The brother will enter the grammar department.

Miss Jennie P. Rose, principal of the Henley school, has returned from Berkeley, Calif., where she has been

attending the summer session at the University of California.

R. C. Short and family are soon to be out from quarantine on account of scarletina.

Henley farmers are very busy irrigating the second crop of alfalfa.

There are fine gardens and some good wheat and oat fields in this vicinity. The apple trees are loaded heavily, and give prospect of an excellent crop.

The school children of the county will have vacation during the first week in September, as the Teachers' Institute convenes September 4, 5 and 6.

PLEVNA PICKINGS

PLEVNA, Aug. 13.—Alfalfa hay is all put up in this vicinity, and some are at work irrigating again.

NEW "NICALGIN" SPRAY PROVES TO BE SUCCESS

PARIS, Aug. 13.—Gordon L. Ward of San Francisco, who has just returned from the front, declared that great success is being attained by the use of a quinine anaesthetic spray for rendering wounds painless during the dressing operations. The solution, which is called nicalgin, is a non-toxic quinine chloride, which is sprayed upon the fresh wounds and burns. In addition to relieving pain, it causes the growth of new cell tissues.

An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Count Dohna-Schlodien, commander of the German raider Moewe, who has just returned to Berlin, where he was received by the Kaiser, reported that he had sunk twenty-six of the ships of the Allies on his second raid. Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who get up with a bad breath coated tongue, nasty taste of have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little, but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.—Adv.

FEEL FRESH AND FIT

You can feel fine all summer and avoid the depression which is so often caused by an inactive liver and the resultant stomach and bowel troubles, by using Nyal's Little Liver Pills. They act as a mild laxative and at the same time tone up the bowels and increase the activity of the liver. Price 25c.

SAGE TEA DANDY TO DARKEN HAIR

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Adv.
