PINE GROVE PICKUPS

PINE GROVE, Aug. 22.—A basket dinner was given in Pine Grove last Sunday in honor of the Rev. and Mrs. L. M. Anderson and family. Rev. Anderson preached his farewell sermon in the afternoon, under a large pine tree. They leave this week for Myrtle Point, where he has been called by the Presbyterian church. After the basket dinner in the grove the young people in the party went home with the Miller family, and in the evening motored to Merrill. In the crowd were Charley Dutton, Ivan and Cal Isenbice, Emmitt Shields, Florence and Vivian Anderson, Anna Hill, Hazel Arant, Katherine Eas and Nora Miller.

Misses Katherine Eas and Hazel Arant are spending the week with Nora Miller.

Mr. and Mrs. Albert Miller and family, Katherine Eas and Ed Miller constituted a small crowd for an all-day picnic near the Meadow Lake saw mill last Tuesday.

Mr. and Mrs. Clinton Chorpene have returned from their camping trip and are now living on their farm in this community.

RUSSIAN ALPHABET BEING REDUCED

PETROGRAD, Aug. 22.—Minister of Education Manniloff is ruthlessly cleansing the Cyrillic alphabet of superfluous. By decree he has abolished the specific Russian letter "yat," confusion of which with "e" is one of the woes of schooling, abolished also the use in Russian of the Greek "theta," formerly used indiscriminately with "phi," abolished one of two forms of "i," and finally abolished the "hard sign" placed after consonants.

The reforms excite mixed feelings. Children and utilitarians rejoice, but the novelist Leonid Andrejev says that "such changes rob our classics of their traditional form and atmosphere. We feel we are reading dialect."

Get a standard fire insurance policy in a standard company at standard rates, and you will have no trouble in adjusting the loss. See Chilton. 16

Princeton Students Learning How to Treat Germans

Princeton students are hard at work under the instruction of R. H. Massey, a Canadian officer, learning how to use the bayonet on Germans. The larger photograph shows them at work punishing dummies. The lower photograph shows two of them in duel with bayonets. They wear the Canadian equipment, consisting of steel helmets and wire mat canvases.

TRY THIS ON YOUR CANNER

"When armies clash in maddened crash and cruel combat rages; when liquid fire makes hellish pyre undreamed in previous ages; 'tis then we learn how passions burn with fury past all measure; how bitter strife makes human life a thing no man may treasure. When submarines work grievous scenes along the peaceful water, 'tis time for all to meet the call to help to end the slaughter. The women, then, to all the men and women of the nation bids them to heed the urgent need to obviate starvation. For surely we can plainly see our fighting force must languish if we neglect to well protect our boys from famine's anguish. No troops can fight with ready might on food supply deficient, for hunger's pang has poisoned fang that makes men inefficient. An army corps can do no more than offer true reflection of how it's led and how it's fed—and hunger brings dejection. Our greatest need is that we feed our soldiers and our sailors, and if we do we'll find it true that they will fight like nailers. It's up to us, with little fuss, to feed all France and Russia, and help them win the fight they're in with Austria and Prussia. All forms of waste must be effaced, our foodstuffs we must cherish, if we intend to be the friend of those who else would perish. From day to day throw none away—save everything worth saving; take every care to do your share to banish hunger's craving. A plan to try is can, or dry the products of your garden that you may reap of foodstuffs cheap ere winter prices harden. So try to plan to dry or can whatever you are able, and you will find your store room lined with treasures for your table. It's very plain we cannot gain the fight for world-wide freedom unless we sound, the country 'round the Battle Cry of Feed'em.

Complete detailed instructions for preparing vegetables and fruits for winter needs are given in the Home Canning Manual and the Home Drying Manual issued by the National Emergency Food Garden Commission, 210-221 Maryland building, Washington, D. C. A copy of either manual may be had upon request, enclosing two cents for postage.

PROTESTS AGAINST ACTS OF GERMANY

THE HAGUE, Aug. 22.—Official announcement has been made that the Netherlands minister at Berlin has been instructed to protest seriously to the German foreign office against the violation on August 7th of Dutch territorial waters by German airplanes and torpedo boats off the Scheldt.

RECORD TIME ON MOUNTAIN ROAD

EUGENE, Aug. 22.—Judge T. E. J. Duffy of Prineville, Vernon A. Forbes and E. T. Amen drove from Bend to Eugene over the McKenzie Pass Sunday in 5 1/2 hours in an automobile, said to be the fastest time ever made over the road.

Chancellor Michaeli's Early Life In Japan

TOKIO, Aug. 22.—Dr. George Michaeli, the recently appointed imperial chancellor of Germany, was the man who introduced into the Japanese school system the idea of military training that every Japanese boy of today goes thru. He was then a teacher in the German school in Kanada, Tokio.

Thirty years ago Dr. Michaeli came out to Japan as a young man to become principal of the German school, which was supported by the German Society of Japan. Among his students were boys who have become prominent in the public life of this country, including K. Arimatsu, director of the bureau of legislation in the present cabinet, and personal advisor to Count Terauchi, and Professor Mukai, former member of the faculty of Keio University.

Professor Mukai giving reminiscences of Dr. Michaeli, said in an interview: "He came to Japan, I remember rightly, in 1885. He was rather young, and unmarried. He came out thru the influence of either Prince Ito or Viscount Aoki, both since dead. He taught law and political economy. As he was still young, it seems to me that his knowledge was not deep, but he was spiritual and looked a man of steady character.

Surpasses! All Efforts of Filmdom

ANNETTE KELLERMANN GREATEST WOMAN SWIMMER AND STAR OF WILLIAM FOX \$1,000,000 PICTURE

"A Daughter of the Gods," the William Fox million dollar picture beautiful, featuring Annette Kellermann, will be the attraction at the opera house tonight and tomorrow night. This production surpasses any thing in the annals of the motion picture in its entrancing scenes, its magnificent pageants and the thrills of its daring action. In order to properly present this masterpiece, Mr. Fox took over an entire island at Kingston, Jamaica, upon which he built a city of steel and concrete, and which he peopled with 20,000 persons.

"He was very popular with his students, who liked to attend his lectures. He came first to a contract of three years, but the contract was prolonged to two years more at the desire of the school authorities. He was the man who first introduced into his school a system of military drill for boys, and this is now universally practiced at every school for boys in this country. He was very fond of exercise, and often took part in games with his students. He was short, yet strong. He was a very fast runner, and could beat any of his students easily, but when he was running a race with his students he never outran them, but always allowed one or two to finish ahead of him, so as to encourage the boys."

Mr. Oren E. Rao is now connected with the Chilcote Agency, and will be glad to give you information relative to insurance at any time. Call at 633 Main street, or phone 66. 16

BOARD OF EQUALIZATION

Notice is hereby given that the board of equalization of Klamath County will be in session at the county court room for thirty days, beginning Monday, September 10, 1917. All protests must be written and entered during the first week of the session. Dated August 6, 1917. aug 25 J. P. LEE Assessor.

Chilcote can find you a good home in the city or country. 16

HAVE DARK HAIR AND LOOK YOUNG

NOBODY CAN TELL WHEN YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug

store for "Wyeth's Sage and Sulphur Compound," you will get a large tin of this old-time recipe, improved by the addition of other ingredients all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking a strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is intended for the cure, mitigation and prevention of disease.—Adv.
