## ANSWERS TO QUESTIONS

Will you please print a few sandwich receipts? We are all tired of the ones I make.—Mrs. C. R. S., Klamath Falls.

**Scrambled Egg Filling**—This filling makes the sandwiches very moist. Scramble two eggs with quarter cup of milk and season highly; cook thoroughly, but do not let the mixture get dry and spread at once on the bread. A good sandwich to serve with cold meats consists of chopped or shredded pickles, lettuce and salad dressing. Butter one slice of the bread with butter and the other with the salad dressing, and lay on it a leaf of lettuce; spread lightly with salad dressing and sprinkle the chopped pickles over generously and put on the other slice of bread, pressing together firmly. Raisins steamed and chopped and seasoned with lemon juice make excellent sandwiches, especially when spread between very thin slices of brown bread.

The I love to crochet, I cannot do so for very long at a time, as my fingers cramp badly. Could you suggest some way to avoid this?—Mrs. A. J. K., Bonanza.

Do you use a very fine crochet hook? I have heard that running the crochet hook thru a cork and adjusting it to suit the fingers helps to save the fingers, and also makes the stitches more even.

Will you please publish in your column the significance of the different colored cords all the soldiers seem to wear on their hats?—Reader, Klamath Falls.

Cavalry, scarlet; coast artillery, scarlet; hospital corps, maroon and white; engineers, red and white; quartermaster, cream; commissioned

officer, gold and black, and the candidate in the officer's reserve training camp, red, white and blue; infantry, light blue.

Is it possible to remove tea stains from thin materials without injury? Anxious Housekeeper, Merrill.

There are two good methods, either of which is successful: Cover the spot thickly with cream of tartar, then twist cloth to keep cream of tartar in place; put in sauceman of cold water and heat to boiling point; rinse very carefully. Second method: saturate spot with lemon juice, then cover with salt; let stand in the sun for several hours.

Please print, if possible, a good formula for a face powder.—School Girl, Klamath Falls.

Six oz. rice powder, 6 oz. rich starch, 3 oz. carbonate magnesia, 1 1/2 drams pulverized boric acid, 15 drops essence citron, 30 drops essence bergamot; mix the essence with the magnesia and then rub all together until smooth.

Is it possible to cleanse the hair without washing?—L. R. M., Klamath Falls.

This recipe for a dry shampoo is excellent, as it will not only make the hair fluffy and glossy, but also gives it a delightful perfume. Mix thoroly 2 oz. Cinnamon, 2 oz. corn meal and 2 oz. orris root; first brush the hair well to remove all tangles, then dust thickly with the powder; tie up in a towel for five minutes, then brush again until both hair and scalp are perfectly clean.

# His Costume "Rational;" What's the Lady's?

Lupino Lane, an English actor, paraded in a "rational" costume for men at the Chilwick open air baths in London. He paraded with Miss Violet Blyth, also an actress. He admitted his costume was not very pretty, but he insisted it was "rational." Miss Blyth insisted her costume was becoming. She didn't care whether it was "rational" or not.

# Germany's Weak Point Is Now Her Railways

Those who do not fully realize the importance of railroads to the safety of the nation should heed the significant message brought from Germany by Raymond B. Swing, special correspondent of the Chicago Daily News.

"The really acute danger for Germany," says Swing, "is the German railway system. Hitherto it has been Germany's greatest strength, the pulsating arteries of her national anatomy. The railways have made it possible for the central powers to utilize their advantage of the inner lines. But the German railways are giving way. The roadbeds are rocking, the cars are wearing out, and the locomotives cannot haul the loads necessary. Germany cannot manufacture enough locomotives and cars to save herself. I vouchsafe the statement that the German government would willingly pay more for 200 American locomotives than for all the wheat raised west of the Mississippi. The government is keenly aware of the danger."

According to the same authority, the food problem in many German cities is not so much a food problem as a transportation problem. Freight which is not needed for the national defense is not carried. Passenger service is uncertain and uncomfortable.

I vouchsafe the statement that the German government would willingly pay more for 200 American locomotives than for all the wheat raised west of the Mississippi. # C. C. BROWER ASKS REDRESS

BRINGS ACTION AGAINST NEIGHBORS FOR DRENCHING HIMSELF AND PROPERTY—ALLEGES ATTACK WITH AXE

That he has been maliciously sprinkled upon with a hose at various and sundry times during the past few months, that his gooseberry bushes, vegetables and fruit trees have been wet to a damaging extent, and that a written complaint against this mistreatment from his neighbors aroused anger so great that he was attacked with an axe, is alleged in a complaint filed with Circuit Court George Chastain by C. C. Brower, against T. R. Skellington and his wife, Louise Skellington.

An order enjoining and restraining the defendants from further acts of trespass upon his person and property is prayed by the plaintiff.

The plaintiff owns property in block 56, Nichols Addition, and the defendant reside on the adjoining place. Great physical discomfort as well as injury to property is recited in the complaint.

# Lemons Whiten and Beautify the Skin! Make Cheap Lotion

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams.

Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen, and bring out the hidden roses and beauty of any skin. It is wonderful for rough, red hands.

Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons.—Adv.

# The Spendthrift and the Miser

ARE PLAIN and SIMPLE ORDINARY FOOLS

There is not even the flicker of a spark of progress. They do not deserve and never receive the respect of anybody, even their own kind.

The spendthrift in the whirl of the world never meets a friend; and the miser, in his seclusion, is too unsocial even to see the reflection of himself.

The spendthrift overpays for everything he buys; he sows, but never harvests.

The miser is a storehouse with many entrances and no exits. He is a receiver, not a distributor.

He and the spendthrift are a menace to society.

The man who is paying rent is hard to classify, but the right kind of a man will create a happy and profitable home any where and under all conditions.
