TAKE SALTS FOR THE KIDNEYS IF YOUR BACK HURTS

We Should Drink Lots of Water and Eat Less Meat, Says Noted Authority on Kidney Disorders

Recommends a Spoonful of Jad Salts In Glass of Water Before Breakfast to Stimulate Kidneys and Eliminate tha Uric Acid

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the Lladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the hody's urinous waste or you'll be a real-sick person shortly. At first you feel a dull misery in the kidney re; ion, you suffer from backache, sick headache, cizriness, stomach gets sour; tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four cunces of Jad Salts; as a tablespoonful in a glass of water before

breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralise the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is ine pensive, cannot injure, makes a delightful effery scent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
