

A Very Early Morning Visitor Smashes Into House

A British aviator who was practicing early in the morning over Twin-kenham, England, lost control of his machine and it plunged forward directly into the roof of a house. The machine plunged thru into a bedroom. The occupants fled uninjured, while the aviator also escaped without being hurt.

Slavs Destroy Riga Defenses

Blow Up All Fortifications at Mouth of Dvina River and Bridges Across That Waterway

PETROGRAD, Sept. 6.—Russian forces did not evacuate Riga without blowing up the fortifications at the mouth of the Dvina River and all bridges across the waterway, the official statement said.

The Russian retirement still continues in a northeasterly direction.

"The Germans continued to develop successes north and northeast," the official statement said, discussing the Riga section. They outflanked our Dvina line and penetrated beyond, occupied Valendora, we retiring to northward."

Notice to Contractors

Sealed bids will be received by the county court of Klamath County up to September 28th for the construction of the following bridges: One timber beam bridge across Lost River two miles south of Wilson bridge; one timber pile bridge across Lost River reservoir one mile east of Wilson bridge. Plans and specifications may be secured from the county surveyor. A certified check for 5 per cent of the bid must be enclosed with the bid, to be forfeited to the county in case of award of contract to him, if he fails to enter into contract and furnish bond within 10 days of award. A surety bond in the sum of 50 per cent of the total amount bid will be required.

J. C. CLEGGHORN,
County Surveyor.

NOTICE TO THE PUBLIC

I am arranging to leave Klamath Falls for Marshfield, where I will take care of another specialist's practice during his absence at the war. To anyone wishing my services, I will announce that I will be here until this doctor is called to the army, probably on the first or middle of October. I would very much appreciate having all persons knowing themselves to be indebted to me to call and settle their accounts.

Hints for Homemaker's

By ELIZABETH KEYES

NOTE—This corner of the paper will be divided into several parts, each part to be published weekly. The divisions will be: Household Suggestions, Recipes, Good Health, Fashions and Answers to Questions. In Answers to Questions Miss Keyes will be glad to advise or give answers to the problems of any of the readers of the Evening Herald. Suggestions of all sorts will be very welcome. Address Miss Elizabeth Keyes, care of Evening Herald.

Weight and Lack of Weight.

It is characteristic of women that most of them wish to weigh either a few pounds more or a few pounds less. None of them are really satisfied. Today we will consider a little those who long to weigh a few pounds less.

One of the most important facts about reduction of weight is proper diet. Stop indulging in the foods that produced the fat. But don't starve, simply choose your foods properly. Eat generously of fruits at every meal, as they aid digestion. Avoid eating more than one starchy food at a meal, for instance, do not eat both bread and potatoes. Eat as many green vegetables as possible, and avoid rich, heavy desserts. And above all, no matter what you eat, never overload your stomach. Leave the table as soon as you have eaten sufficient to appease your appetite.

Next you must think about exercise. One who is doing ordinary house keeping gets splendid exercise. If you go about it properly. When running up and down stairs be careful to hold yourself erect. Also, when sweeping, washing dishes, in all of your work, stand erect. That does not mean to throw back the shoulders or to stand stiffly, but to keep the chest raised. If you will remember always to keep your chest raised you will soon find that you are standing erect. Of course, outdoor exercise is imperative, the most strenuous exercise is required for the woman who does her own housework. Swimming, horseback riding, walking, are all splendid exercise. And don't forget the deep breathing. At least one hundred deep breaths are necessary daily, as ordinary breathing does not keep the lungs properly ventilated.

There are, of course, many exercises for reducing, but it would take too long to enumerate them. One of the best known exercises is to raise the hands high above the head and then touch the floor, without bending the knees. It sometimes takes many months of practice to be able to do this. Never do any exercise more than ten times at once, as it does more harm than good to overdo. Exercises must be repeated daily to be of benefit.

Never wear clothing that is too tight, but dress comfortably and sensibly. Do not oversleep. Eight hours are sufficient for anyone in good health.

Never take any form of medicine to aid reduction of flesh, for it will mean the ruin of the stomach and digestion. Any drug strong enough to cause loss of weight will also burn up the lining of the stomach and dry up the digestive glands.

parents do not seem to realize the great harm they do, and that they should be removed. Adenoids grow behind the soft palate in the passage which connects the nose with the throat, and as they grow, gradually close the passage to the nose. Thus the breathing is obstructed and the child breathes thru the mouth, which is highly injurious to the sensitive membrane of the mouth and throat. Ear and nose are affected, and sometimes in an advanced stage of growth, even the eyes are troubled. Some times children who are thought to be defective mentally are suffering from adenoids, which impair the hearing, and when the adenoids are removed the child will become normal. When adenoids are not removed the shape of the child's face is gradually changed and the mouth hangs open noticeably.

Hang Nails.

These are sometimes caused by having the hands too much in water or by using a very stiff nail brush. When they appear, keep them cut closely with sharp cuticle scissors. Then apply cocoa butter to keep them smooth.

Pumice for the Teeth.

Clean the teeth every two months with powdered pumice stone. This whitens them and cleans the tartar away. A little lemon juice may be added to aid in whitening the teeth. If pumice is used oftener it tends to destroy the enamel.

PLANS TO BUY MUCH U. S. CORN

MEXICO MAY PURCHASE MILLION BUSHELS BY NATIONAL SUBSCRIPTION TO BE SOLD AT COST FOR BENEFIT OF POOR

MEXICO CITY, Sept. 6.—The committee of the national chamber of commerce which has been considering ways and means for raising money to purchase 1,000,000 bushels of corn in the United States and bring it to Mexico, where it will be sold at cost for the benefit of the poor, has decided that the most feasible means to raise the money is by popular national subscription.

The national chamber of commerce at first asked the chamber of commerce of the United States to aid in establishing a credit for this purpose, but the American organization was unable to do so. The commission regulating the sale and price of steel in Yucatan, one of the richest organizations in Mexico, then was appealed to, but declined to act.

Fire Fighters Believed Lost

Two Men in Columbia County Are Missing and Fear Is Expressed They Are Victims of Mountain Cougars

PORTLAND, Sept. 6.—Two members of the crew that has been striving to check the forest fires in Columbia County have been missing since Sunday, it was reported today. Fears are entertained that they may have been killed and devoured by cougars.

Troop A, Oregon National Guard, which has been on duty back of St. Helens, searched all day Monday and Monday night. Captain Cleo Hognas said many well defined cougar tracks had been found, and in the tracks were buttons, possibly from the clothing of the missing men.

The identity of the men has not been established by the Oregon Forest Fire Association, but efforts are being made to do so.

The fire fighters and soldiers report that many cougars, maddened by flames and by hunger, are fleeing from the woods in the vicinity of Pittsburg and other interior Columbia towns. Deer and farm animals have fallen prey to the beasts.

State Biologist W. L. Finley today declared cougars have hardly ever been known to attack man.

"There is not one chance in a thousand that the men have met such a fate," he said.

Market Reports

PORTLAND, Sept. 6.—The week's opening market in the Portland union stock yards was very active in all departments, and especially so in the cattle section. The stock offered consisted of 1,400 cattle, 1,000 hogs and 1,500 sheep.

Cattle
The cattle department showed a considerable accumulation of strength thru the day, raising the quotations 15c to 25c in the various classes. The great bulk of volume was in good but unfinished steers, which sold between \$8 to \$9. Some excellent cows were offered, and changed hands between \$7 to \$8. The calf market was up a good 25c, and there still prevails a strong demand for good top steers. Trading was prompt and active; all stock offered had changed hands at noon, altho the volume was so heavy that weighing continued steady until closing time. The following quotations obtained:
Best beef steers, \$8.50 to \$9.
Good beef steers, \$7.25 to \$8.25.
Best beef cows, \$6.75 to 7.25.
Ordinary cows, \$3.75 to \$5.50.
Best heifers, \$7 to \$7.75.
Bulls, \$4.50 to \$6.50.
Calves, \$7 to \$9.50.
Stockers and feeders, \$4.50 to \$7.

Hogs
The heavy run of feeders which prevailed during the past week has been halted, and the week's opening found an offering of splendidly finished hogs, and the market has gone up in response to an \$18 top. The supply is still inadequate for the demand.

We quote the following prices:
Prime light hogs, \$17.75 to \$18.
Prime heavy, \$17.67 to \$17.75.
Pigs, \$15.75 to \$16.25.
Bulk of sales, \$17.75 to \$18.

Sheep
Conditions in the sheep houses continue steady, with not enough supply in the lamb and wether departments to meet the demand. The stock department is transacting a considerable volume of business, with the supply and demand about balanced. The sales justify the following quotations:
Western lambs, \$13 to \$13.50.
Valley lambs, \$11.75 to \$12.50.
Yearlings, \$10 to \$10.50.
Wethers, \$9.75 to \$10.50.
Ewes, \$8 to \$8.50.

Local Prices
Stock, live weight:
Best beef steers, 7c.
Best cows, 6c.
Veal, 7 1/2c.
Pork, 15 1/2c.
Lambs, 11 1/2c to 12 1/2c.
Local Produce
Butter, \$1 per 2-lb. roll.
Eggs, 45c per dozen.
Sugar, per 100 lbs., \$10.
Potatoes, per 100 lbs., \$3.75.
Canning peaches, per box, \$1.

COUNTER REVOLUTION REPORTED FRUSTRATED

PETROGRAD, Sept. 6.—Grand Duke Michael Alexander, brother of the former emperor, with his wife, has been arrested in connection with a counter revolutionary plot, recently unearthed, according to a newspaper report. The Grand Duke Demetri Paulovitch was also arrested.

TURN HAIR DARK WITH SAGE TEA

IF MIXED WITH SULPHUR IT DARKENS SO NATURALLY NOBODY CAN TELL

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmothers recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mummy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.
