

Society Events of the Week

The A. N. W. Club held its first meeting of the season at the home of Mrs. Carey Ramsby yesterday afternoon. Mrs. Goeller was appointed to serve as secretary until the return of Mrs. Wattenburg. It has been the custom of this club for each member to contribute a book each year to be circulated among the members and returned to the owner at the end of the year. It was voted that these books be dispensed with this year. It was also voted that the club meetings be devoted to Red Cross work, and that it be the duty of the hostess for each time to have the work ready and to have everything necessary to work with. It was voted that the refreshments be of the most simple possible. The following members were present: Mesdames James Bratton, George Chastain, K. G. Cummings, R. H. Dunbar, J. F. Goeller, George Hayden, C. C. Hogue, Jennie Hurn, S. Ed Martin, Henry Newham, A. W. Pell, H. Phillips, S. T. Summers and G. A. Wirtz. The invited guests were Mesdames Thos. Martin, Chas. Martin, John Martin, Ray Merrill and Chas. Otey. The next meeting will be held with Mrs. K. G. Cummings.

Misses Jo and Agnes Driscoll entertained Misses Ruth Pearson, Nellie Lombard and Ella Dew at dinner on Thursday evening. Miss Pearson and Miss Lombard were schoolmates of the Misses Driscoll at the University of Oregon.

The Happy Hour Club met this week with Mrs. George Biehn as hostess. Those present were Mesdames Davis, R. A. Emmitt, Hanks, Humphrey, John Johnson, W. P. Johnson,

North, Tatlow, Richardson, Sheets and Steinmetz.

Alpha Chapter of Eastern Star will hold the first meeting of the season on Tuesday, September 11th. Mrs. Lela Mendenhall, Grand Worthy Matron, will visit the Chapter on Saturday, September 15th.

On Friday evening a very delightful dancing party was given by a group of University of Oregon girls in honor of Miss Ruth Pearson and Miss Nellie Lombard, who are also U. of O. graduates. The hostesses were Misses Elizabeth Houston, Ella Dew, Jo Driscoll, Agnes Driscoll and Mesdames Luke Walker and L. W. Mehaffey. The decorations were in University colors of green and lemon and yellow, and the programs also carried out the color scheme. About thirty couples were present. The patronesses were Mesdames Collier, Hurn, Eason and Mehaffey.

CIRCLE MEETING

The Women of Woodcraft held their regular Circle meeting on Tuesday evening in I. O. O. F. hall, a large crowd of members and a very interesting meeting, followed by the selecting of committees for the entertainment for the winter months, the Woodcraft Thimble Club was voted to meet once a month at the Red Cross headquarters and join in the work for the soldiers.

INSTRUCTIONS ISSUED TO HIGH SCHOOL STUDENTS

Continued from Page 1

modern history, cabinet work, wood turning, mechanical drawing, type-writing, music 2.

Junior Subjects—All Freshman and Sophomore subjects, together with the following: English 3, English history, political economy, physics, shorthand, geometry 2, Latin 3, German 1, forging, teachers' training.

Senior Subjects—All subjects on the program are open to seniors.

Manual Training—Students will not as a rule be allowed to elect more than two hours of work in the manual training department. Wood turning and cabinet work can only be elected after a half credit has been earned in bench work. Some credit must be earned in wood working before electing forging and machine lathe work must follow forging if elected.

Agriculture—But one year is offered in agriculture. This subject is open to all students in the high school.

General Science—This is a new subject offered this year. It is for first and second year high school pupils, and is designed to make students familiar with some of the more interesting and essential facts of both the physical and natural sciences. It does not satisfy the college entrance requirement in science.

Teachers' Training—All Juniors who expect to take the teachers' examinations after graduation must take teachers' training this year as well as next year. The ruling which goes into effect in 1919 requires two years of elementary teachers' training work, instead of one, as at present. The present Senior class will

still work under the old ruling, and take but one year of this work.

Classification—Students who now have three credits may classify as Sophomores, those having seven credits may classify as Juniors, those having eleven credits may classify as Seniors. All other students are Freshmen or specials.

Text Books—No text books should be purchased until after dismissal on Tuesday morning, September 11th.

Deposits—A deposit of \$2 will be required of every student who enrolls in any of the following classes: Cooking, chemistry, physics, general science and manual training.

Programs—All individual program cards must show at least four subjects. Special arrangements between parents and principal must be made if a student wishes to take less than four subjects. The faculty reserves the right to grant or withhold permission to take more than four subjects.

Exemptions—Exemptions from semester examinations will be granted on the following conditions: 1—Must enter school not later than September 24th; 2—Must average 90 per cent or above in class work for the semester; 3—Must not be absent more than ten half days during the semester; 4—Must have no unexcused absence or tardiness on record for the semester; 5—Must not be tardy more than twice; 6—Must be satisfactory to the faculty in conduct.

Chorus—Only students who have some knowledge of reading music and who have suitable voices will be accepted in the chorus. This subject is open to girls only.

Leagues—The Klamath County high school is a member of the state leagues in debating and in athletics.

JUDGE GOWAN HAS BUSY DAY

TWO WEDDING CEREMONIES WERE PERFORMED YESTERDAY AFTERNOON—RING CEREMONY IS USED

The large supply of yokes which Justice of the Peace E. W. Gowan had recently carved out and put ahead for future use is being rapidly diminished, and it is feared that if the present demand keeps up he will have to have a new lot before winter sets in.

Two ceremonies were performed by the Justice Thursday afternoon at his residence on Pine street. William Jardine of this city and Miss Laura Halousek of Malin were one of the couples united. The groom is an employe of the mills here, and the bride is a daughter of farmers in the Malin section.

Roscoe Konklong Regar and Mrs. Mae Walford of Klamath Falls were the other couple united. Regar is a rancher near Eagle Point, in the Rogue River Valley, and met the bride during a recent visit here. The ring ceremony was used in this wedding.

W. O. W., ATTENTION

Pobarsal tomorrow at 2 p. m.; regular meeting and initiation next Tuesday evening, and may be a little Dutch lunch. No?

tion of a machine with a 260 h. p. motor, which will break all records in speed and efficiency.

Today the Rumpler seems to be the favorite machine, tho those with 160 h. p. motors are not fast enough to suit, and yet the machines will hardly stand up under a heavier motor. The raids on London were accomplished with Gotha machines, but these, tho so recent that little is known about them in France, are already giving way to faster airplanes, especially to powerful Rumpler biplanes, which have tremendous speed and rising power. These machines, of which there are not fewer than thirty in the third battle flotilla, can make great distances, both because of their powerful motors and because of their huge gasoline tanks, two of which with a capacity apiece of 380 liters, are carried in each machine.

Miss Elsie Calkins of Fort Klamath left today for that point, after attending the Teachers' Institute here this week.

Mr. and Mrs. Arthur Wilson and family have returned from a two weeks' vacation visit spent in Colorado with relatives. They report a very pleasant time.

Mrs. Annie McGrath and Mrs. W. A. Fitzpatrick of Lakeview left this morning for San Francisco. Mr. Fitzpatrick accompanied them as far as Klamath Falls.

COLLECTION SUIT FILED

Action for the collection of \$546, plus \$100 attorney fees, and interest at 6 per cent, on a note for \$400 dated March 20, 1911, has been filed in the office of the Circuit Court by Graffe Baber against Garfield Jack and Edie Cook of the Klamath reservation. Fred H. Mills is the plaintiff's attorney.

Ask Chilcote to show you some of those fine 40 and 80 acre tracts. Most of them have a good stand of alfalfa, and will make good dairy farms. 31

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold; foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Ad.

A Last Word

I feel that the people of Klamath County will be interested to know the actual progress made in the sale of lots at "Idlerest" on Spring Creek, and whether this beautiful spot is to remain for the use and enjoyment of our local citizens.

I can truthfully state that the sale to date has been unusually successful, and while not a sufficient amount has been realized to entirely liquidate the obligation, I have every faith that this end will be accomplished in the very near future, inasmuch as an extension of time has been generously granted to September 20th to complete the sale.

About thirty Klamath County families have become owners of lots at Spring Creek. Many of these went to Spring Creek recently simply for an outing, and were so impressed with the desirability of the location for a summer home that they purchased a lot while there, and began improvements immediately. Within the next few days contracts will be made out and delivered for a number of other lots, and from present indication the prospects are that sufficient lots will be sold before the

20th to clean up all obligations against the balance of the property.

I want to be perfectly frank with the people, as they have been very generous in helping me to save this property to Klamath County. I have talked with nearly all of our citizens, and I know that there are many of them who want one of these summer homes, but have not realized the necessity of making their selection at once. Now I have some good water front lots left, but I am confident that they will not last long, so I feel it my duty to warn these people who want one of these lots to secure same without delay. There will be no lots for sale after September 20th, and if the lot you wanted should be sold before that date, I do not want you to blame me, as I have done everything in my power to give all an opportunity to make a satisfactory selection before the sale is closed. Don't wait for me to call upon you again, but come to my office and pick out the lot you want.

Remember, a day's delay and the opportunity may be lost. Don't expect your friends to share their summer home with you. Own one yourself.
