

LOCAL HEALTH CONDITIONS ARE GOOD

HEALTH OFFICER HUNT DECLARES WATER PURE

SOURCE OF TYPHOID FEVER NOW ERADICATED

Quality of Milk Distributed in City "Universally Good."—Tests of Water Made by State Officer at Investigation of California-Oregon Power Company in Three Districts of the City are Published.

The following is statement of the health conditions of Klamath Falls by Dr. Warren D. Hunt, health officer for the City of Klamath Falls and Klamath County:

"With the possible exception of a number of convalescent cases of typhoid, the general health of the community is good. The early source of the typhoid has been eradicated, and fear of contracting it should no longer be entertained, provided excreta from the convalescent cases is properly disposed of. As to the quality of milk and water supplies at this time, in my opinion, the milk distributed to the public is universally good. The water has been repeatedly analyzed, being found pure at its source, but with some contamination after its inoculation thru the pipe system. The use of boiled water will set aside any doubt as to the germ carrying qualities of the water. Rabbits has been discovered in dogs and coyotes within a radius of ten miles of Klamath Falls, and strange acting animals should be regarded with suspicion."

Tests of the city water have also been made for the California-Oregon Power company by State Health Officer, R. E. L. Holt at Portland on samples submitted by Dr. George Cathay of this city. Three samples were sent for examination, the first from the pumping station, the second from Hot Springs and the third from the court house. The letter from Officer Holt follows:

"Gentlemen—The examination of the samples of water submitted by you September 22d showed as follows:

No. 1—25 bacteria per c. c., neither gas nor colon bacilli recovered upon 72 hours incubation.

No. 2—150 bacteria per c. c., 20 per cent gas formation upon 72 hours incubation.

No. 3—75 bacteria per c. c., neither gas nor colon bacilli recovered upon 72 hours incubation.

Samples No. 1 and No. 3 are good waters for drinking purposes, but No. 2 shows some contamination.

Yours very truly,
R. E. L. HOLT, State Health Officer.

The American Dictator of Haiti

GEN. ELI K. COLE

General Eli K. Cole of the American Marine Corps, is now the dictator of Haiti. He has dispersed the Haitian congress, which has been in session for some time, and has shorn the president of the republic of most of his powers. Marines have been in Haiti for a long time because of disorders, and now the situation, according to General Cole, has come to such a pass that he had to assume command.

LOWER MARSH TRACT SOLD

L. JACOBS BUYS 600 ACRES OF RICHARD A. SMITH OF EUGENE. LAND INCLUDED IN TRACT OF KLAMATH DRAINAGE DISTRICT

Another real estate deal of considerable importance has just been completed here, by which L. Jacobs of this city takes over 600 acres of the tule marsh land on the Lower Klamath Lake from Richard A. Smith of Eugene. The deal was made by telegraph. The consideration was not made public.

The tract purchased is included in the lands of the Klamath Drainage district, steps for immediate reclamation of which are now being taken. When drained and irrigated, as now contemplated by the district directors, these marsh lands will be among the most productive of the Klamath Basin.

MONT HAMAKER IMPROVES

Mr. and Mrs. Mont Hamaker have returned from Grants Pass, where Mr. Hamaker has been undergoing medical treatment for an injured eye. A particle of sand which lodged there while driving an auto some weeks ago started the trouble which has nearly caused the loss of sight. Mr. Hamaker is now considerably improved.

RED CROSS NOTES

A petition for an auxiliary to the Red Cross Chapter here has been granted to the ladies of Bonanza. Fort Klamath has also applied for an auxiliary.

Mrs. Lottie Martin will leave in the morning to join Mr. and Mrs. E. B. Hall at San Francisco, and will complete the auto trip with them. Miss Mable Martin has so far recovered that she is able to be up.

Mrs. Addie Walker has gone to Ely to instruct the ladies there in the Red Cross work.

Klamath Man Is Left a Fortune

News has been received that R. M. Hale, a Klamath Falls man, has left for Franklin, Penn., where he will take possession of a fortune left him by his uncle, Robert E. Hale.

Mr. Hale has recently been in the employ of the Weed Lumber company as locomotive fireman. He expects to return to Klamath County as soon as he can straighten up his affairs in the East.

Registration Is Cheap in Hawaii

HONOLULU, T. H., Oct. 8.—Registration in Hawaii for the selective draft held in July cost the United States government \$600, or 2 cents a registrant. The registration figure showed an enrollment of 30,000.

While the actual cost of the registration work was more than this, all but the \$600 was borne either by the territorial or local county governments.

Leave to Attend Portland Meeting

J. W. Siemens of the First State and Savings bank will leave tomorrow morning to attend a conference in Portland Wednesday with Secretary of the Treasury William McAdoo regarding the second Liberty Loan

campaign in Oregon. The First National bank was invited to be represented at this conference, but owing to unavoidable circumstances, will be unable to accept. W. O. Shork of the bank at Lakeview is in town on his way to attend this meeting.

POTATOES HERE YIELD HEAVY

SMALL TRACT IN BUENA VISTA PRODUCES 5,000 POUNDS WITHOUT IRRIGATION — POTATOES LARGE SIZE, GOOD QUALITY

Two and one-half tons of potatoes from four city lots, without irrigation, is the mammoth yield reported by Commodore Alex Noster of this city on his property on the Buena Vista hill at Shipington. This district nearly always yields heavy spud crops of fine quality.

In the last sack picked on the Noster field, the potatoes were counted. There were seventy-five potatoes, and the sack weighed an even 100 pounds.
