## SEE THE BIG WAR FROM A BALOON

Word has been received of perhaps the newest and most interesting branch of the army. This new branch of the service is for the purpose of making observations from captive balloons. The most exciting moments are when these captive balloons are picked up by the enemy airplanes, at which time the observers, who always have parachutes firmly attached to their person, jump out of the balloon basket, even tho they are 3,000 or 4,000 feet from the ground, and float down to safety, while the friendly air ships immediately arrive and attempt to drive off the attackers from the unoccupied balloon.

To those who were unable to gain admission in the officers' training camps, this is your opportunity. The government wants men of the calibre of officers for the United States army, and they must be between the ages of 25 and 35 years. The lowest rank is first lieutenant, with pay of \$2,000 per year and 50 per cent extra when in active service.

This is an opportunity for well educated men, preferably graduates of technical colleges, with athletic training, who have had broad experience and who have demonstrated their reliability and accuracy of observation. The course of instruction is a little over two months. Those who are successful in passing the examination for commissions will be sent immediately to France and put into action at once.

It is suggested that those interested get in touch with Leslie Rogers, local branch chairman of the military training camp association, who has application blanks for distributing and details concerning this new branch of the service, which is bound to become popular. Only a limited number of applications can be received for this branch. Therefore, if you are going to investigate this proposition do so at once.

## German Spy Who Tried to Corrupt French Press, and Dismissed Minister

Bolo Pasha is the strange German spy who came to the United States last year, and thru letters to American bankers got them to handle some \$1,700,000, received from Germany to corrupt the French press. The attorney general of New York state has just given out statements about his machinations here. Louis J. Malvy was the former minister of the interior in France who has been accused of being a German spy. He resigned when the scandal of Miguel Almerinda, the Paris editor, who received much money from Germany, thru Switzerland, was made public.

## NEW METHODIST PASTOR ARRIVES

REV. G. O. OLIVER COMES WITH FAMILY FROM AMITY TO SUCCEED REV. GEORGE BENNETT. FIRST SERVICE TOMORROW

Rev. G. O. Oliver, the new pastor of the Grace Methodist church of this city, arrived last evening from Amity, Ore., to take up his work here.

Rev. Oliver has an enviable record in Amity, and it is believed he will be an effective worker in the new field. His first service will be held tomorrow morning.

Rev. George Bennett, who was transferred at the recent conference to Albany, left with his family for that point yesterday.

## Moving Pictures

"Love or Justice?" is the name of the new Triangle-ince play starring Louise Glaum at the Star Sunday. It was written by Lambert Hillier and produced under the supervision of Thomas H. Ince. The story deals with the underworld, and holds to view two characters who enact the big moments of their lives while swayed by an overwhelming passion. Louise Glaum as "Nana," leader of Bohemia, covets that which she has not within herself—culture and refinement. When a newspaper to her little world arrives who possesses these things, her sudden savage interest causes eyes that have smouldered for years to flash, and the only real affection she has ever known is awakened. The ince siren is said to have proved herself as admirably suited to this role as to that of Honors Sonlay in "Sweetheart of the Doomed." Charles Gunn as the lawyer who sinks to the lowest depths by the drug route, and Jack Richardson as Paul Keeley, the leader of a gang of crooks, ably support Miss Glaum in this drama. Walter Edwards directed the production.

## Conservation Campaign Is Postponed One Week

Move to Be Launched By Public Schools to Aid in Conserving the County's Food Supply Has Been Put Off on Account of the Liberty Loan

The food conservation campaign in Oregon, which has been undertaken and will be pushed zealously by the schools of the state under the leadership of Superintendent Churchill in co-operation with State Food Administrator Ayer, will not be launched on October 31st, as planned, but on suggestion of President Wilson has been postponed for one week, so as not to conflict with the strenuous campaign now under way for the sale of Liberty bonds.

## Coast League Finals to Be Hotly Contested

SAN FRANCISCO, Oct. 12.—Notwithstanding the fact that there remain only two weeks of play before the close of the baseball season in the Pacific Coast League, the two leading teams are so close together that at the moment it appears as if they would enter into the final week for a decision.

## Beautiful 1918 Maxwell Now On Exhibition

Without altering the world champion motor, the famous perfected clutch and transmission or the mighty axle, the Maxwell builders have produced a new wonder car, far superior in construction and in appearance to anything yet turned out by the Maxwell factories—we have this new and beautiful car—come and see it.

The car is larger and roomier, for one thing—the wheelbase has been increased six inches. It is also a stronger and more rigid machine for the road. The frame is now six inches, instead of three inches deep. And the body rests directly on this powerful frame, instead of on brackets extending from the sides, as in the past. Do you know what that means? It means this: The firmness with which the wheels grip the road and the steadiness of the car at high speed give you a sense of security such as you have been able to enjoy before only in cars shackled with a battery of shock absorbers.

### This New Car is 50 Pounds Lighter

There's a marvel of engineering for you, friends! The car is made bigger and stronger—and yet actually lighter. This means greater ease and comfort on the road. More than that—it means greater economy.

Touring Car \$745; Roadster \$745; Coupe \$1095; Berlina \$1095; Sedan \$1095 All prices f. o. b. Detroit

## WILL GO LIKE HOT CAKES

Several barrels of Exposition first covered butter dish, covered sugar bowl, creamer and spoon holder. Four piece set for 85 cents. These sets were contracted a year ago, direct from the factory, and before the advance. Several gross of the jelly glasses went in a jiffy, and could have sold double the quantity, because we had the price. The Exposition sets are very popular sellers in the city, are even a better bargain, and we predict will go like hot cakes. Separate berry bowls, 25 cent; vases, 30 cents; water pitcher, 25 cents.
