

Boys at Camp Lewis Partial to One Song

PORTLAND, Oct. 18.—Men travel to Camp Lewis to become members of the new national army, all of one song. The burden of their song is "Where do we go from here?"

"Where do we go from here?" is a tuneful, swinging ditty, much loved by the Sammites across the country, according to reports. The full chorus as caroled by the carefree soldiers is as follows:

"Where do we go from here, boys,
Where do we go from here?
Where do we go from here?
Where do we go from here?
Where do we go from here?
Where do we go from here?
Where do we go from here?
Where do we go from here?
Where do we go from here?
Where do we go from here?"

The newly drafted men on every troop train learn the hitting lay so soon and why they sing it to the exclusion of all else, is a mystery to the inhabitants of hamlets, towns and cities thru which the trains pass. Suffice it to say, however, that the northbound troops from California and Nevada learn the lines long before they reach the Oregon border, and sing it from the car windows from every stop.

Besides the song they have a slogan. It finds expression in a score of different ways and in as many varied forms, being printed in chalk upon the sides of the Pullmans and shouted from the cars, and promised to pretty girls on station platforms. It is even variously worded, but the sentiment is always the same, to-wit: "We'll Bring Back the Kaiser!"

RUSSIA NOW HAS NO FLAG

HELENA, Mont., Oct. 18.—The Russian flag did not appear in a recent parade held here in honor of departing drafted men. The local committee wished to honor the new republic by such representation, along with the flags of other allies, but announced, on no less authority than that of Elihu Root of New York, head of the American mission which returned recently from Russia, that the nation is entirely flagless.

"Old imperial flag abandoned," Mr. Root wired in reply to an inquiry on the matter, "no new flag adopted. New flag hardly to be expected until approaching constitutional assembly has determined upon form of government. Situation identical with ours for first year after Declaration of Independence."

The farewell could not easily be postponed, and Russia's flag was absent.

Recruits At Army Camp Becoming Journalists

CAMP KEARNEY, Linda Vista, Cal., Oct. 18.—Members of the National Guard stationed here are to have, in each and every camp, an opportunity to develop their journalistic talents or to exercise those they already possess.

Early copies of the weekly newspaper published simultaneously at thirty-two points for the thirty-two camps, received here indicate that it is to be not only a newspaper of interest to army men, but that it is to be largely by army men.

Four of the eight pages of the Camp Kearney edition, which is printed in the office of the Los Angeles Times, are devoted to articles, editorials, news and pictures identical with that appearing in each of the other thirty-one editions. The other four pages are devoted to Camp Kearney news. Much of the matter is prepared by the guardsmen themselves, under the direction of the war council of the Y. M. C. A., and is put into type, printed and delivered at the camp as a gift to the soldiers by the Los Angeles Times.

For the first issue of the Camp Kearney edition of Trench and Camp 4,000 copies were printed. Harry Chandler, president and general manager of the Los Angeles Times, and on the thirty-two members of the advisory board of publishers co-operating with the Y. M. C. A. war council, has made preparations to increase the size of the edition as the camp grows, until it reaches maximum strength of 50,000 men.

LAWYER HAS BECOME SUCCESSFUL HOG RAISER

MISSOULA, Mont., Oct. 18.—From a quarter section of land declared to be "too full of weeds to raise anything but a disturbance," Seavy M. Bailey, who abandoned the practice of law for agriculture, this season has harvested 4,000 bushels of peas, besides a quantity of straw worth \$10 a ton, and 250 hogs growing fat on the crop left by the harvesters.

Mr. Bailey was graduated from the University of Minnesota College of Law in 1905, and later took two short courses in agriculture at the Montana Agricultural College. He harvested eighteen bushels of peas to the acre from unirrigated ground, and from twenty-eight to forty-four bushels from ground under irrigation.

VALUABLE SUGGESTION FOR ALL GROCERS

EL PASO, Texas, Oct. 18.—That 450 carloads of potatoes annually would be saved to the nation if grocers thruout the country ceased the practice of using a potato as a stopper for their kerosene cans, is the claim made by a local patriot to Geo. H. Cler, a member of the local Hoover conservation commission.

MEAT CAUSE OF KIDNEY TROUBLE

WE EAT TOO MUCH MEAT, WHICH CLOGS KIDNEYS, THEN THE BACK HURTS

Most folks forget that the kidneys, like the bowels, get sluggish and clogged, and need a flushing occasionally else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness, and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. The famous salts is made from the acid of
