GENERAL WALKOUT DELAYED TILL WEDNESDAY

FURTHER CONFERENCES ARE SCHEDULED

Electrical Workers Head Declares That Company Must Make Next Move to Avert General Strike—Operators' Unions Must Be Recognized—Few Operators Walk Out Sunday, But Return to Posts

SEATTLE, Oct. 29.—The big telephone strike which threatens to tie up a large part of the Pacific Coast is now postponed until the middle of the week, and it is possible that the different factions may get together and settle their differences without further trouble.

All the electricians and operators are at their posts today awaiting the strike order at midnight Wednesday. Thirty girls walked out early Sunday, but the Union voted to postpone the strike and they returned to work.

SAN FRANCISCO, Oct. 29.—The next move to avert the big telephone strike is up to the company, according to John Morganthaler, president of the District Council of the International Brotherhood of Electrical Workers.

Further meetings are to be held looking toward a settlement of the difficulties. Leaders of the strikers declare that if the company would recognize the operators' unions the other concessions could await adjustment.

GERMANS SINK OWN GUNBOAT

FOLLOWING DECLARATION OF WAR BY BRAZIL BOAT IS SUNK TO PREVENT ITS SEIZURE BY BRAZIL AUTHORITIES

RIO DE JANEIRO, Oct. 29.—Following the formal declaration of war on the German imperial government by Brazil, the Germans have set fire and sunk the German gunboat Ebor, a vessel of 984 tons, which has been stationed at the port of Bahai, a Brazilian seaport, in order to prevent her seizure by the authorities.

It is generally believed that the action of Brazil in taking her place among the belligerents will have a considerable influence with Argentina, whose chamber of deputies has voted to enter the war against Germany by a large majority. The final decisive step, however, has been held up by the president of the republic.

BOND TOTALS FIVE BILLION

WASHINGTON, D.C., Oct. 29.—The final figures on the Liberty Loan subscription will not be published until November 1st, when the total results can be given accurately.

It is believed that the sum will approximate five billion dollars.

KLAMATH'S TOTAL FOR BONDS IS \$125,800

SATURDAY IS BEST DAY OF LOCAL CAMPAIGN

Rate of Last Day, if Commenced Earlier, Would Have Placed City on Honor List—One Hundred and Twenty-One Come Forward—City's Subscription About \$85 per Capita. Merrill's Total \$12,050.

Saturday's totals in the big Liberty Loan bond campaign in Klamath Falls brought the grand total up to \$125,850, if any total can be called grand which is scarcely over half of the minimum allotted to the city.

Saturday was by far the best day of the campaign here, and if the rate at which the people came in could have been started earlier during the drive the city would have made a far different record: One hundred and twenty-one citizens responded to the call on the last day of the drive. The city's total subscription is about \$25.00 per capita.

The total for the Bank of Merrill, which gathered the subscriptions in that locality is \$12,050. No other districts in the county have been heard from, and it is believed that all other subscriptions came thru the local banks.

A number of names from the list of the First State and Savings bank, which escaped publication with others handed in are inserted in Saturday's list.

Other labor troubles have been rife in the province of Santa Fe. On every railroad in the country, the spirit of unrest spread, and troops were sent to several points to protect property and stop intimidation.

MANY ATTEND UNION MEETING

PROGRAM AT LAST NIGHT'S SERVICE IS MUCH ENJOYED BY AUDIENCE—EVANGELIST HERE TO CONDUCT SERVICES

A full house last evening at Houston's opera house turned out in response to the call for a union service celebrating the birthday of Frances E. Willard.

An excellent program was enjoyed which included both vocal and instrumental music. Professor R. H. Dunbar delivered a very able address on Food Conservation, which is to be taken up thru the schools of the county this week.

At this occasion Dr. W. C. Driver, who has arrived to conduct evangelistic services at the Emanuel Baptist church, made his initial appearance before the local public with an interesting sermon. His singing in concert with Mrs. Driver was also enjoyed.

The evangelistic services will commence this evening, and the public is cordially urged to attend. Dr. and Mrs. Driver will make their headquarters at the chapel "Goodwill," near the Southern Pacific depot while in the city.

OPEN MEETING TOMORROW P. M.

FOOD CONSERVATION WILL BE THE TOPIC OF THE WOMAN'S LIBRARY CLUB MEETING TO WHICH PUBLIC IS INVITED

The general public is cordially urged to attend the open meeting of the Domestic Arts Department of the Woman's Library Club, which meets tomorrow afternoon at the club rooms in the library building.

City School Superintendent R. H. Dunbar, who will address this meeting on the subject of Food Conservation, will have a supply of the pledge cards and other supplies of the campaign on hand, and outline the work of the campaign this week.

As this is a matter in which every one in the community is vitally interested, it is expected that a large number will be in attendance.

ALLIES ARRANGE TO ASSIST THE ITALIANS

COMMANDER IN CHIEF RELYING ON OUTSIDE AID

Austro-Germans Heading Rush Toward Plains of Northern Italy Is Being Halted, According to War Office Reports—Italian Troops Are Behaving With Praiseworthy Obedience in Face of Great Odds.

ROME, Oct. 29.—The Italians are now checking the advance of the Austro-Germans into the plains of Northern Italy, according to announcement made by the war office today. The Italian troops are manfully performing their duty, and all movements ordered by the general staff are being carried out.

LONDON, Oct. 29.—Steps have already been taken by the military leaders of the allied forces to render the fullest possible assistance to the Italians.

The London Times says there is every reason to believe that the critical situation on the Italian front has received the prompt sympathetic consideration of the French and British governments. It is understood that the Italian commander in chief knows he may rely to the utmost on the fullest support of the allies.

- LAND GRANT TAXES PAID
- Klamath County is richer today
- by \$38,781.83 than it was yesterday. This recent addition to the wealth of the district comes in the shape of a check from the government for the 1913, '14 and '15 taxes of the Oregon Land Grant tracts, which have been held up during the litigation between the government and the railroads.
- These lands are now in possession of the government, and no more taxes will be received from them until they are opened to settlement.

There Is a Time For Disappearing, Says Bob

Was Bob Ryan diving after fish yesterday, or did he go after a submarine? This is the question that is being discussed today by seven sisters of the faculty of the new Sisters' Academy, who were taken by Bob for a launch ride down the Klamath River. Whether it was one of the above motives, or whether, as he declares, he reached down to clear away a submerged log boom in order to

give the boat clear passage to a landing place near Van Valkenburg's ranch is not certain, but there is no denying the fact that he came up over the side of the boat in the most moist condition in which he has ever appeared in public.
