Bean Prices Should Decline, Crop Large

SAN FRANCISCO, Nov. 9.—Bean crops throughout the world are so enormous that Great Britain is figuring on sending millions of pounds every month to Belgium. This is the information sent by the United States food administration to representatives here. Bean prices, the commission continues, should decline, as all of the armies of all of the allies are well fed, and there promises to be a big surplus in this country. In the same regard the trade throughout the country is fighting shy of the present prices, and is buying as few beans as possible. The exportation of beans is slow owing to the difficulties of shipment.

PROVISION MADE FOR SAMMIES' JAM

BOISE, Idaho, Nov. 9.—The American soldier is going to have his jam as long as the English trooper enjoys his marmalade and tea. Approximately 4,000 tons of Southern Idaho apples, which otherwise would have gone to waste, are to be made into the famous American delicacy thru the efforts of R. F. Bicknell, the state food administrator. The apples are what is known as "dried chops," or apples which are cut in half and dried, peel and all. There is usually a large surplus of these apples, which is not marketed. The company which took the order to dry the apples found it necessary to borrow 800 tons of coal from the state for the drying process. The company agreed to return the coal to the state by December.

German Officer Escapes From Detention Camp

Lieutenant Hans Berge, who brought the British liner Appam to Hampton Roads as a prize, after her capture off the Azores by the German raider Moewe nearly two years ago, was one of ten prisoners who escaped from the alien enemy detention camp at Fort McPherson. The other nine were members of the crews of the Appam and the famous commerce destroyer Prinz Eitel Friedrich.

SAN FRANCISCO IS FLOODED WITH SPUDS

SAN FRANCISCO, Nov. 9.—Mudoc and other counties are pouring a flood of potatoes on the San Francisco market, and the state council of defense has been obliged to step in and see that the food moves along proper channels. The council has been asked to dispose of 100 carloads of tubers from these counties, and is now hard at the task. The big rush brought the wholesale price to \$1.75 to \$2 per hundredweight here.

SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR TO BRINGS BACK ITS BEAUTIFUL LUSTRE AT ONCE

Gray hair, however handsome, degrades advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound", which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv
