

AMERICAN LABOR BEHIND PRESIDENT

SPEECH BEFORE FEDERATION CHEERED

WILSON STRIKES RESPONSIVE CHORD IN ADDRESS

Warm Tribute Paid to Gompers—Pacifists Are Scornfully Criticized, Personal Differences Must Be Forgotten if This War is to Be Won. Better Co-Operation Must Be Worked Out Between Capital and Labor.

BUFFALO, N. Y., Nov. 12.—Amid tremendous cheers of 6,000 men, President Woodrow Wilson delivered a message to the workmen of the United States at the Annual convention of the American Federation of Labor today.

The president declared the war could not be won unless all factions were a unit in sinking their differences.

He paid a warm tribute to Samuel Gompers, but denounced the pacifists roundly. "I oppose not the feelings of the pacifists, but their stupidity," he said.

Wilson declared that the Germans had started the war, and that he was willing to await the verdict of history on that statement. "Ways must be devised which do not now exist to bring the proper co-operation between labor and capital. Power cannot be used against a free people when the power is controlled by the people."

He spoke of sending Colonel House to Europe to determine how the war is to be won.

"The reason that I came here from Washington," said Mr. Wilson, "is because I get lonely down there where there are so many people who know things that are not so. I have come away to find out what the country really wants."

GIRL INJURED BY INDIAN SPEEDERS

RECKLESS DRIVERS SMASH RIG LATE SATURDAY WITH AUTO. YOUNG GIRL INJURED AND MORSE'S LEG BROKEN

A serious accident occurred on Sixth street late Saturday evening, when two intoxicated Indians in an automobile ran into a buggy driven by Miss Lucille Stewart, daughter of Frank Stewart, a rancher in the Spring Lake district.

Miss Stewart had been shopping in Klamath Falls, and was just returning to her home when the accident happened. The Indians were alleged to be speeding, and when near the buggy the car swerved into the vehicle, striking the horse.

The horse was knocked down and the car passed completely over it. One leg was broken, so the horse had to be shot.

Miss Stewart was thrown out on her head and had her face badly skinned. The Indians escaped unidentified. Their actions are believed to warrant serious punishment, as no attempt was made to assist Miss Stewart after the accident. The car stalled after the collision, and one Indian jumped out and cranked the car, which the driver had in motion before the other had regained his seat in the car. A decided fear of the consequences or a heartlessness on the part of the Indians was demonstrated.

The subject for the afternoon will be "Meat Substitutes," and a practical demonstration will be given by Miss Mears. The government is asking the housewives of the nation to cut down the daily use of meat, and these substitutes which will be given are not only equal to meat in food value, but are also very palatable. This meeting is for any one who is interested.

"SLACKERS" WILL HAVE HARD TIME

COUNTY CLERK, WHO HAS JUST RETURNED FROM PORTLAND, BELIEVES HARSH MEASURES WILL BE RESORTED TO

That the "slackers" who have tried to evade their duty in the army of the United States government are destined to have a hard row to hoe, is the opinion of County Clerk DeLap, who has just returned from a several days' visit in Portland, where he was summoned as a witness on a federal case of an alleged slacker.

From the way the government is taking hold of this matter the present situation of these evaders is anything but enviable, according to Mr. DeLap.

Sheriff George Humphrey was summoned the latter part of the week to appear on the same case, and Mr. DeLap was released on his arrival there.

LOCAL SPORTSMEN HAVE BUSY DAY

MANY BIG BIRDS ARE BROUGHT IN FROM TULE LAKE—RAIN PROVES NO DRAWBACK—GOOD FISHING ON LINK RIVER

The frantic efforts of many Klamath Falls citizens to carefully observe a "meatless day" in response to the request of Administrator Hoover are indeed worthy of comment. It is generally conceded that this district can respond to the government requests along this line with less personal sacrifice than most other places.

John Foster and Carl Adams were members of a party who "did their bit" in this line yesterday by bringing in over twenty honkers from the Tule Lake district. They report getting a good ducking while after the geese.

Austin Hayden, Will Houston, Dave Lennox, Clarence Underwood and Bert Withrow also returned with a fine lunch of geese last night from the Tule Lake country.

Many of the local sportsmen are now taking advantage of the fine fishing now afforded on Link River at the west end of town. Those who know say the best angling in the county is now to be had along the bank of this stream. A number of fine strings of trout were brought in from there yesterday.

Swedish Conspire to Furnish Enemy Wool

LONDON, Oct. 25.—(Correspondence of the Associated Press)—Swedish army officials were accused of conspiring to furnish millions of dollars' worth of wool to Germany, in the course of an action in the prize court here this week.

The case concerned a shipment of 1,500 bales of wool, consigned to the Swedish army, but destined, according to the attorney general, for a German firm in Leipzig. The shipment is valued at \$700,000, being only one of several seized en route from the Argentine republic.

Intercepted documents, produced in court, showed that the wool was not intended to remain in Sweden. That the Swedish army had no intention of using the wool was indicated, it was asserted, by the fact that its representatives made no appearance in the court, and put in no claim to the cargo.

It was stated in court that the British authorities had in the past, allowed several shipments of wool similarly consigned to the Swedish army administration, to pass, in the confidence that the official nature of the consignees rendered it possible to accept their assurances.

"Is this a case where the wool was

KLAMATH RECRUIT ON FAMOUS TEAM

NEWLY MADE CORPORAL TELLS OF HIS TRIP WITH U. S. MARINE FOOTBALL AGGREGATION TO PACIFIC COAST TOWNS

Keith Ambrose, ex-fire chief of Klamath Falls, now of the United States Marines, is now making good as a member of the famous Mare Island football team, which is making a wonderful record on the Pacific Coast this year.

In a letter just received by Austin Hayden, Ambrose, who is playing positions of end and guard, tells of some of the games and of the training of the team by Coach Hugo Bezdek.

The team, after defeating several of the coast college teams, is now preparing at Tacoma for a game with the team from Camp Lewis training camp at American Lake. This team is composed almost entirely of former University football stars.

Ambrose has recently been promoted to the rank of corporal.

COUNTY HAS GOOD DISPLAY

RETURNING VISITOR DECLARES KLAMATH HAS ATTRACTIVE EXHIBIT, BUT THAT MORE OF COUNTY'S FINE APPLES ARE NEEDED

Klamath County has a well located and attractive exhibit at the Manufacturers' and Land Products show at Portland, but some of the fine fruit raised here this year is badly needed to round out the display, according to Captain J. W. Siemens of the First State and Savings bank, who returned last evening from a week's business visit at the Rose City.

A larger supply of fine alfalfa, which put so many of the county ranchers on easy street this season, could also be used there to good advantage. The big map of the Klamath district arranged by Robert E. Strahorn and Engineer N. H. Bogue shows up in good shape.

Captain Siemens reports that tremendous crowds are visiting the show and that Representative W. T. Lee is "on the job" for Klamath County.

Many counties of the state have expended astonishing sums in making spectacular exhibits.

A supply of apples will be sent immediately, and the farmers of the county who visit Klamath Falls during the next few days are urged to bring in some of their best looking fruit to add to the county display.

INTEREST SHOWN IN COMING-DRIVE

RESIDENTS OF MT. LAKE SECTION TURN OUT TO HEAR OF WORK BEING DONE BY Y. M. C. A. IN THE TRENCHES

Inspiring talks were made at the Mt. Lake church Saturday night by the Y. M. C. A. committee headed by Chairman Rollo C. Groesbeck. Rev. G. A. Oliver and George Walton were members of the visiting party, and made short addresses during the evening.

The meeting was arranged by Mt. Lake Improvement Association. A short program was given, after which the time was turned over to the visitors.

Mr. Groesbeck, who made the principal talk, outlined the work of the Y. M. C. A. in cantonment camps and at the front.

"Most of you know," he said, "what you would rather do than give up your business and go to war, and yet many hesitate about giving \$5 or \$10 to the Y. M. C. A. or Red Cross."

The meeting was well attended, and it is believed that good results will be obtained in that part of the county during the drive.
