CHURCH BELLS NOW
ARE CANNON BALLS

LONDON, Nov. 10.—Nearly all the church bells and organ pipes of Alenston towns and villages have now been dismantled and converted into munitions of war. But the money the German government agreed to give for these bells will not be paid out, but retained and invested in the new German war loans.

BOY ARK DWELLERS

FORSAKE THE WATER

SAUSALITO, Calif., Nov. 10.—The ark dwellers, who form a picturesque colony in the bay off here, are gradually moving to land habitation. Since the closing of Tiburon, near by, as a port of call for railroad passenger traffic, the arks have been disappearing, until now but a small part of the original colony remains.

Twenty years ago a formidable portion of the population of Sausalito and Tiburon lived in arks. Many of these arks were sumptuously fitted up, and were the rendezvous for artists and literary people.

The desertion of the arks is due to the high cost of living, the war, and other causes. Most of the arks were inhabited by people who had dwellings elsewhere. They find now that they are unable to maintain both a land and water residence.

RED CROSS WAR FUND PAST DUE

In the Red Cross campaign in June, Klamath County subscribed to the Red Cross war fund \$9,181.54. This was a fine tribute and indication of our patriotism. The acid test, however, is not what we say we will do, but what we actually do, and it appears that there are a number of unpaid subscriptions in the County of Klamath. All of the subscriptions to this fund were supposed to have been paid on or before the 1st of October.

The state campaign chairman, Henry L. Corbett of Portland, informs us that the national office in Washington is "pounding me on the back every week for more funds, and I am becoming embarrassed because so much money is still uncollected out in the counties."

All pledges which were due on or before October 1st should be paid to the county treasurer at this time.

CARE SHOULD BE USED IN KISSING ONE'S WIFE

CHICAGO, Nov. 12.—Zinn Hooker, 20, was haled into domestic relations court here because he kissed his wife.

Mrs. Hooker told Judge Steik that Zinn encountered her in the dark hall of their apartment house, put his arms around her and gave her the "nicest kiss" he had bestowed on her in months—whispering, "Don't tell my wife."

The kiss was intended for Miss Catherine Bell, a divorcee, Mrs. Hooker declared. It cost Zinn \$200.

A four room house and good lot on Walnut street. It's cheap at \$1,250. See Chilcote. 6

ICELAND INFLAMED AGAINST GERMANY

AN ATLANTIC PORT, Nov. 10.—Iceland, with its entire population of 100,000, wildly celebrated when the news that the United States had entered the war was received, said Ludvig Kaaber, a merchant of Reykjavik, who arrived here Saturday.

Iceland's sympathies are with the allies, he said, and the people are begging their mother country, Denmark, to take up arms against Germany.

Negotiations Opened For Care Of War Prisoners

WASHINGTON, D. C., Nov. 12.—

The United States has opened negotiations with Germany for an agreement to govern treatment of prisoners of war. This is being done not only to secure the best possible conditions for American prisoners, but to show how well German prisoners in the United States are being treated.

Already thru the Red Cross at Geneva the United States has begun forwarding necessities to Americans held in Germany, of whom there are more than 100. It is realized that as the American troops increase in numbers on the battle front, more prisoners are bound to find their way to the German prison camps.

A nation pinched for food for itself probably will feed its enemy prisoners last. To lighten the confinement of Americans will at the same time alleviate the sufferings of families at home, which naturally will be distressed at accounts of German under-feeding of prisoners. German military officials of the war, besides receiving every necessity and comfort, have the privilege of these ranks. They are housed in model sanitary camps, and recently one of the prisoners, sending a letter to his prospective wife in Germany, wrote that the pay he would accumulate during his imprisonment would not only permit him to retire from the navy, but would set them up in a little business as well.

Photographs showing the comfort-

able surroundings of interned German prisoners in this country have been forwarded to Germany by the war department thru the state department and a neutral agent. They are intended to perceive the expectation of the United States that similar conditions will be shown American soldiers and sailors who may be captured by Germany.

Two classes of German prisoners are detained in this country. One is comprised of German sailors taken into custody when the United States interned various vessels at the beginning of the war. The other class is composed of enemy aliens, civilians who have been arrested and are now being detained under governmental regulations.

The principal detention camp is at Fort McPherson, Ga., where approximately 850 war prisoners are held. At Fort Oglethorpe, Ga., there are 165 enemy aliens, who are not, strictly speaking, prisoners of war. At Fort Douglas, Utah, there are 547 prisoners of war and eighty interned aliens.

Small detachments of other interned aliens are now temporarily quartered at army posts thruout the country, but their number is relatively small. In addition the department of labor has in custody several hundred Germans, members of the crews of various merchant ships.

This group is divided between the immigration station at Ellis Island and a detention camp at Hot Springs, N. C.

of honor at a tiffin given by the American Association of North China, which was attended by over 100 American men. Mr. Reinsch, the American minister, gave several dinners for the admiral, who was his guest and made it possible for him to meet all prominent Chinese officials.

RUSS AMBASSADOR IS NOT DISCOURAGED

MEMPHIS, Tenn., Nov. 12.—"The intent and spirit of Russia as a whole should in no way be judged by the news from Petrograd," declared Boris A. Bakmeteff, Russian ambassador to the United States, when shown Associated Press dispatches relative to the reported overthrow of the Russian provisional government. "Until just now I did not have any personal or official information on the subject," he said, "and therefore you can not expect any official opinion."

Bakmeteff added: "But I can tell you that Petrograd is not the whole of Russia, and never has been, and that the spirit prevailing in Petrograd is not representative of the Russian spirit as a whole."

"The extremist element always has been strong in Petrograd, but as to the whole of Russia, the late elections in the provincial and county local bodies has shown the Maximalist feeling very weak. Less than 10 per cent of the extremists were elected."

IF KIDNEYS ACT BAD TAKE SALTS

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND ATTRACTIVENESS

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 5-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store or ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite, and is not intended for the cure, mitigation or prevention of disease.—Adv.

Government Calls For Coal From Mines

WASHINGTON, D. C., Nov. 12.—

W. W. Armstrong, field administrator of Utah, has been put in charge of the coal distribution in Washington, Colorado, Oregon, Nevada, Idaho and Utah.

He has been authorized to call on New Mexico, Colorado, Wyoming and Montana districts for coal to meet the emergency now pressing, by taking 10 per cent of their output.

AMERICAN ADMIRAL IS ENTERTAINED IN CHINA

PEKING, Oct. 20.—(Correspondence)—Admiral Austin M. Knight, the new commander in chief of the American Asiatic fleet, was extensively entertained by Chinese officials and the American colony on the occasion of his recent visit here. President Feng Kuo-Chang, who is still in mourning for his wife, received the admiral and Mr. Reinsch in private

audience, and discussed the war situation with them. Admiral Liu Kuan Hsiung, the minister of the navy, entertained at a tiffin for Admiral Knight, and escorted him thru the national museum. The minister for foreign affairs, Wang Ta-Hsieh, gave a dinner at the foreign office for the American admiral, which was attended by all the cabinet members and many representatives of the diplomatic corps. Admiral Knight was also the guest

HAVE DARK HAIR AND LOOK YOUNG

NOBODY CAN TELL WHEN YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, spuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed up and miserable.—Adv.
