

# Move Against Slaughter Of Live Stock Started

BOZEMAN, Mont., Nov. 13.—The cattle and sheep interests of Montana, which have been hit by the most unprecedented dry spell, are being urged not to slaughter their valuable breeding stock, but to sell it to stock raisers of other states, where grazing is plentiful. The Montana College of Agriculture, which is located here, has started a campaign to save this stock for breeding purposes, even if the state has to cut a trifle on its meat supply. The national livestock commission has been asked to help the movement, especially in regard to government grazing lands. It is stated that holders of national forest grazing permits have about 10,000 breed-

ing cows and 110,000 breeding ewes that are being offered for sale this fall. Every effort will be made to have this stock sold in states where they may continue to breed.

## TWENTY MILLION SIGN NATIONAL FOOD PLEDGE

WASHINGTON, D. C., Nov. 13.—The food administration has announced that 20,215,240 women have pledged their families as members of the United States food administration. Iowa still leads the nation with 91 per cent of her families enrolled.

## FREE TEXT BOOK LAW NOT BELIEVED ADEQUATE

SALEM, Nov. 13.—Attorney General George M. Brown has given it as his opinion that even the free text book amendment, for which he has prepared a title, should go upon the ballot and receive a favorable vote, it would be a dead letter. To have books printed would cost more than \$500,000, the attorney general believes, and it would be impossible to secure such a sum under the 6 per cent tax limitation amendment.

Petitions for the amendment have not yet been circulated, and the suggestion has been made that if its authors want to make it effective in the event that it passes, they should make provisions in the amendment for an appropriation.

## BRITISH HOLD GAINS NEAR PANSCHENDAELE

DATELESS—The Germans have made no attempts to recapture the ground taken from them by the British in the region of Panschendaele,

contenting themselves merely with the bombardment of the newly won line. A heavy rainfall prevented the British from extending their gain.

Bombardments and minor attacks have predominated on the remainder of the western front, except near Hartmannsweller-Kopf, in the Vosges mountains, where in a violent battle the French completely repulsed the Germans.

## QUIT MEAT WHEN 'KIDNEYS BOTHER'

TAKE A GLASS OF SALTS IF YOUR BACK HURTS OR BLADDER TROUBLES YOU

No man or woman who eats meat regular can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys they become over worked from the

strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.

## HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

## DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the day's indigestible waste, sour bile and poisonous toxins; thus cleansing, stomach, liver and bowels the previous sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying hot water and limestone phosphate on your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have, sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Adv.
