Klamath County News**LORELLA LOCALS**

The Rev. Mr. Allen of Bonanza preached at Lorella last Sunday. He was accompanied by his wife and family. From now on Lorella will have two preaching services a month, the second and fourth Sundays.

Will Duncan is busy these days building a new cellar at his home.

The Scheble brothers have sold their horse camp, known as the Hall place, east of Langell Valley to Wm. Devaul.

The Ladies Aid Society will give a bazaar at Fordney's hall Saturday evening, December 1st. A chicken pie dinner with all the side lines will be served for the low price of 25 cents. A cordial invitation is extended to all.

Mr. and Mrs. Alfred Keller have moved into their new home, which has just been completed.

Mr. and Mrs. Oscar Stewart are leaving the country, and will locate near Walla Walla, Wash., where Mrs. Stewart's family resides. Mr. Stewart has been associated in the stock business here with Louis Gerber for several years, and his many friends regret his departure.

Clark Hamaker is installing a saw mill on the Leatherman ranch, on the south side of Langell Valley. The mill supplies a long felt want in this district, and will enable the farmers to secure their lumber without the long haul over Bryant mountain. Mr. Hamaker will occupy the home on the Broadword ranch.

Geese are unusually plentiful here this fall. Thousands of these birds are seen together on the waters and in the meadows of the valley.

A four room house and good lot on Walnut street. It's cheap at \$1,250. See Chilcote.

ADVERTISED MAIL LIST

The following unclaimed mail matter advertised on November 3d, will be sent to the Division of Dead Letters, San Francisco, Calif., on November 17th. A charge of one cent will be made for each letter delivered from this list. In calling for letters say advertised.—W. A. Delzell, P. M.

LA GRANDE HOSPITAL UNIT REACHES FOREIGN SHORES

LA GRANDE, Ore., Nov. 14.—Messages from members of the LaGrande hospital unit, notifying parents and friends that the unit had arrived safely on the other side, have been received here. Where they arrived is unknown. The plans followed in cases of this kind are to have the message prepared by members of the unit before sailing, and held at headquarters on this side until the safe arrival of their ship in Europe.

When a message is received at headquarters telling of the ship's safe arrival, the messages are mailed.

ROAD VIEWERS APPOINTED

Road viewers were appointed for two county roads yesterday afternoon by the county court, one in the Mallin district and one in the Midland district. Tom Dixon and R. E. Bradbury are the viewers for the former road, and R. A. Alford and Tom Dixon those for the latter.

The court has now adjourned until Friday, when some road matters now pending will be taken up.

Belgium Will Soon Be a Treeless Land

PARIS, Nov. 14.—It will be a treeless Belgium to which the people of that unfortunate country will return, if its invaders are not driven out before they have completed their work of devastation. Factories have been despoiled of their machinery, every form of property has been requisitioned, and now woods, forests, and even individual trees are being cut down wholesale. The wooded heights of the Belgian Ardennes, which used to protect the center of the country from the east winds, are rapidly being denuded, the tall elms that lined the highways and canals have been felled, and walnut trees that adorned the gardens of the well-to-do in Brussels have not been spared.

In the early days of the occupation the Belgian state forest department was allowed to supervise the work of felling, and see that it was scientifically conducted, but after a few months, the Germans took over the direction of the department and observed only one rule—to obtain the greatest amount of wood for military purposes in the shortest possible time.

The Belgian government has been able to learn details of the work done, such as that a thousand acres have been cleared in the Hertogenwald (Liege), and felling continues there; the fir plantation of "Fays de Lucy," the finest in the country, has been completely razed, and the magnificent forests of Soignes, south of Brussels, is rapidly disappearing. These are only examples of dozens of similar cases which are known, and to this devastation must be added the consumption of wood by the native population, which for three years has been unable to import coal, and has had to use quantities of wood instead.

Serious consequences from every point of view, health, climatic and hydrographic, are expected from this wide spread destruction of woods and forests, if it continues another year or two.

Explosive License Law Goes in Effect Friday

WASHINGTON, D. C., Nov. 14.—Any person found with explosives in his possession after November 15 without a license issued by the Federal government showing the purpose for which the explosives are to be used, will be liable to arrest and fine of \$5,000 or one year's imprisonment.

Under the law, the director of mines is empowered to utilize the services of all United States officers and all police officers of the states, including the city police forces, county sheriffs, deputies, constables and all officers in any way charged with police duties. The police of the cities have already been organized for this work, headed by a committee of chiefs. The police are not only to look after the enforcement of the law but are also to make thorough investigations of all dynamite outrages and fires in factories and warehouses, and to make their reports to the director of the bureau of mines.

Persons apprehended in plots to blow up factories and bridges will be turned over to the authorities for prosecution under federal or state laws. Most states have specially severe punishments for these crimes. New York has an extreme penalty of

Latest Photo of the Kaiser

This photograph of the Kaiser was taken on his recent visit to Tarnopol, where he distributed many iron crosses. The picture shows plainly his withered left arm resting on his sword hilt. The arm is much shorter than the right arm, and he usually poses for photographs in such a position that the withered member does not show.

twenty-five years imprisonment for the placing of dynamite with intent to blow up property. The penalty provided in the federal war measure is merely to cover the illegal possession of explosives.

PRO-GERMAN FACES**SERIOUS CHARGE**

COLUMBIA, S. C., Nov. 14.—Albert Orth, who published Deutsche Zeitung of Charleston, has been convicted of aiding German prisoners to escape from Atlanta penitentiary.

Four other charges against him are pending.

MEAT CAUSE OF KIDNEY TROUBLE

WE EAT TOO MUCH MEAT, WHICH CLOGS KIDNEYS, THEN THE BACK HURTS

Most folks forget that the kidneys, like the bowels, get sluggish and clogged, and need a flushing occasionally else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness, and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.
