At the Churches

First Presbyterian church.—At the Sunday morning services at 11 o'clock the pastor, Rev. E. P. Lawrence will discuss the thanksgiving there. "Have we anything to be thankful for individually, locally or nationally in the face of such world stress and suffering?" In the evening at 7:30 he will begin a short series of sermons to young people especially. The subject for Sunday night will be "What to Do and How to Do It." Next Sabbath night, "What Not to Do."

Sabbath school will meet at 10 a. m., to which all children and adults are invited who do not attend elsewhere. Classes are being arranged for all grades and ages.

There was a very gratifying attendance last Sabbath, and we hope to see continued growth. The Christian Endeavor service is at 6:30 p. m. Much interest is being shown in the expert work which is being conducted by Judge Elliott. There was a large attendance last Sabbath evening. Subject for this week, "For What Am I Grateful?"

Plans are being made for the organization of a chorus choir and other forms of attractive music. The church has been made neat and attractive with paint, paper and varnish, and presents a very agreeable interior. Every member and adherent of the church is urged to be present at the various services, and work hand in hand with the new pastor. Strangers and visitors in the city are also cordially invited to worship with us.

The Christian Science Society of Klamath Falls, which is a branch organization of The Mother Church, The First Church of Christ Scientists, in Boston, Mass., holds services at 113 South Fourth street, every Sunday morning at 11 o'clock and every Wednesday evening at 7:30. All are welcome.

The lesson subject for Sunday, November 25th, "Soul and Body."

The Sunday school session is from 9:45 to 10:45 every Sunday morning. Pupils are enrolled to the age of 20. The free reading room and free lending library is open from 2:30 to 4:30 on Tuesdays, Thursdays and Saturdays. The Bible and all authorized Christian Science literature may be read, borrowed or purchased.

The Episcopal prayer service will be held in Library hall Sunday morning at 11 o'clock. All who are interested are invited to these services.

Big Murder Trial Starts on Monday

CONCORD, N. C., Nov. 24.—Gaston B. Means will be placed on trial here next Monday, charged with the murder of Mrs. Maude A. King of New York.

widow of a Chicago millionaire.

Mrs. King was killed here August 29th last, while visiting relatives of Means, who was her business agent. A local coroner's jury decided she accidentally shot herself. After the body was taken to Chicago for burial suspicions were aroused which caused an autopsy to be performed, and the Chicago coroner's physician announced that the bullet wound in the back of the woman's head which caused death could not have been self-inflicted.

Means, Mrs. King and several friends of Means had gone out for target practice, and Means and the woman were alone for a short time at Blackwelder Spring, near the field where Mrs. King expected to learn to shoot with a pistol. Means told the coroner's jury that before bending over to drink at the spring he placed a small pistol in the fork of a tree. A moment later, he said, he heard a shot, and Mrs. King fell, dying almost instantly. The pistol lay nearby. He called the other members of the party, but Mrs. King was dead before they arrived.

The investigation started in Chicago was carried to New York, and search of Means' apartments there disclosed evidence, which representatives of the district attorney's office said indicated Means had planned to get \$2,000,000 for Mrs. King through an alleged second will of her husband. The latter in his first will has left her more than \$1,000,000.

WASHINGTON, D. C., Nov. 24.—After the conference between the president and brotherhood chiefs and the members of the federal mediation board regarding the wage demands, it was announced that the situation appeared more favorable.

SOLDIERS' TAKE

HEAVY INSURANCE

CAMP LEWIS, Wash., Nov. 24.—A big demand for \$10,000 policies under the army and navy insurance act is encouraging officers in charge of the insurance at the National Army camp here. These officers report that not only commissioned and non-commissioned officers are signing the \$10,000 policies, but practically all of the privates who are obtaining the insurance as well.

A recent recapitulation of figures showed \$51,118,000 taken out in policies here. A lack of application blanks held the campaign back for some time, but it is now progressing favorably.

BE PRETTY TURN GRAY HAIR DARK

TRY GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, gray or streaked. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Means was indicted November 1st in the superior court of Cabarrus county, and the trial was set for November 26th. Counsel for Means successfully resisted attempts of the state prosecutor to have the court grant a chance of venue.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices in the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have shallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate.

Do You Realize All of Oregon's Greatness?

YOU probably know Oregon leads the nation in the salmon catch, and Crater Lake is the seventh natural wonder of the world; but you do not realize that there is not a grain or vegetable, fruit, grass, tree, plant or flower, grown in the United States or Europe which does not grow somewhere in your state.

By the same token, you probably do not realize Goodrich makes more than 4,000 different rubber products. But you do know Goodrich makes tires, the world's standard and pattern for tires.

GOODRICH BLACK SAFETY TREADS

Are tires built from the lessons taught by the Goodrich Test Car Fleets.

Millions of miles ground out under the Cars of the Test Car Fleets in widely different regions of our nation, have taught the lasting strength of the Unit-Mold, Unbroken-Cure body of these matchless fabric tires.

"America's Tested Tires" alone give you the benefit of the lessons of the Goodrich Test Cars.
