Fine Meals Served By Youthful Chets

Old Saying That Too Many Cooks Spoil the Broth Fails to Hold Good With the Domestic Science Classes of the Klamath Public Schools.

The Hooverising campaign which has affected the living of the people of this country so very materially during the recent months does not necessarily mean that less appetizing meals shall be served. Evidence of this fact is brought in the menus arranged by the young ladies of the eighth grade domestic science class at meals provided for public guests. Two of these meals have been served this week, at which many compliments have been paid to the young cooks and to their instructor, Miss Clara Elmer.

On Wednesday at noon, November 28th, the board of education were served a luncheon, the members present being P. L. Fountain, R. H. Dunbar, C. R. Delap, C. C. Hogue, W. Underwood, E. Applegate.

Saturday, December 1st, at 6 o'clock duck dinner was served in honor of

I. E. Vining. The guests present were I. E. Vining, Miss Edna Wells, Miss Ida Monyer, Superintendent R. H. Dunbar, Judge Geo. Baldwin, C. R. Bowman.

Menu served:

Fruit Relish	Potato Puffs
Roast Duck	Giblet Gravy
Buttered Turnips	Graham Bread
Wild Plum Jelly	
Cabbage Pimento Salad	Wafers
Peaches	Cake
Coffee	

The girls taking special part in the serving were: Hostesses, Frances Humphrey, Golden Hawkins; waitresses, Ruby Smith, Esther Calkins, Lucille Owens, Grace Elliott; cooks, Esther Will, Dorothy Delzell; table decorators, Constance Fisher, Gertrude Owens, Dorris Reed, Violet Elterman.

Switzerland Will Now Control Undesirables

BERNE, Nov. 18.—(Correspondence of Associated Press)—Switzerland finally has taken initial steps to control the undesirable foreign element from which she has suffered as no other neutral country since August, 1914. New regulations adopted by the federal council are intended to make it difficult for the agent of one of the warring countries, for the deserter from any side, for the foreigner without obvious, legitimate means of livelihood and occupation to flock, as heretofore, into the little country that is trying desperately to maintain an upright neutrality, and at the same time weather the storm until peace arrives.

Switzerland hitherto has permitted without any material objection, scores of thousands of strangers to enter almost as freely as in peacetime. Now action has been taken to stop this only because her hospitality has been grossly violated her neutrality at times even threatened.

IF KIDNEYS ACT BAD TAKE SALTS

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND ATTRACTIVENESS

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 5-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite, and is not intended for the cure, mitigation or prevention of disease.—Adv.

NOSE CLOGGED FROM A COLD OR CATARRH
Apply Cream in Nostrils To Open Up Air Passages.

Ab! What relief! Your clogged nostrils open right up, the air passes freely of your head are clear and you can breathe freely. No more hawking, snuffing, mucous discharge, headache, dryness—no struggling for breath at night—your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.—Adv.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before ties into the blood, causing illness. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowels pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing. Men wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion; others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.—Adv.

IMPORTS OF TEA ARE INCREASINGLY HEAVY

TACOMA, Dec. 7.—Enormous shipments of tea are arriving here, indicating that the nation is substituting the Oriental beverage for other more ardent concoctions. United States Tea Inspector Leonard Fenton reports that altho the end of the government calendar year is still eight months away, more tea has just been inspected than in the entire twelve months ending with last July. The figure shows over 30,000,000 pounds in-

spected. Most of the tea is from Formosa, but there is some Indian tea also.

FUNERAL HELD WEDNESDAY AFTERNOON

The funeral of Mrs. George Pramel of Mills Addition, who died Monday of pneumonia, was held Wednesday afternoon at 2:30 at the Whitlock chapel on Pine and Sixth. Mrs. Pramel, who was the wife of J. L. Pramel, came here a few months ago from Oklahoma.
