LEGAL NOTICES

Notice of Receiver's Sale

The plants, equipment and business of the Nurmi Baking company, both of Klamath Falls, Oregon, and Medford, Oregon, will be sold by the undersigned under decree of the Circuit Court of the State of Oregon for Klamath County, upon the 10th day of December, A. D. 1917. This is one of the best established and best bakery propositions in the

troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

West, both plants now being, and have been operated at a good profit, but owing to a business disagreement between the partners, the firm has been dissolved by decree of the court, and this property ordered sold.

Hopes Women Will
Adopt This Habit
As Well As Men

Glass of hot water each morning
helps us look and feel
clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Adv.

The timber within this area is estimated at approximately 8,000,000 feet, all yellow pine, and comprises a natural logging unit. The outlet for the timber is Williamson River.

The lowest bid per thousand feet board measure, log scale, which will be considered for this pine timber is \$3.25. All timber must be cut, removed and paid for under regulations prescribed by the Commissioner of Indian Affairs before July 1, 1920. With each proposal a certified check amounting to \$500.00 must be submitted. This check must be drawn in favor of the Superintendent of the Klamath Indian School.
