

JERUSALEM IS CAPTURED BY BRITISH

HOLY CITY IS NOW IN CHRISTIAN POSSESSION

FOLLOWING HUNDREDS OF YEARS OF MAHAMMEDAN POSSESSION, FAMOUS CITY FALLS INTO THE HANDS OF THE BRITISH

THE LAST CHRISTIAN RULER WAS GERMAN EMPEROR, WHO IS NOW STRIVING TO KEEP IT IN THE HANDS OF MOHAMMEDAN ALLIES

LONDON, Dec. 10.—Andrew Bonar Law announced today in the house of commons that Jerusalem, after being surrounded on all sides by British troops, had been surrendered by the Turks.

With the exception of two brief interludes, this marks the end of more than 1,300 years possession of the city of the Christian religion by the Mohammedans.

It has now been in the undisputed possession of the Turks for the last 415 years.

The last Christian ruler was the German Emperor Frederick II.

This marks the definite collapse of efforts by the Turks to capture the holy city and invade Egypt.

HELP SHORTAGE ALARMS PEOPLE AROUND MERRILL

MEN LEAVING FOR FRONT IN SUCH NUMBERS THAT DAIRYMEN MAY HAVE TO CUT DOWN THEIR HERDS

MERRILL, Dec. 10.—So many of the young men here are leaving for the front that the ranchers here are becoming alarmed as to how the crops can be put in and harvested. It is feared that many of the extensive dairymen will be compelled to sell their cows. It has been suggested that the only solution to the problem is the importation of Chinese labor. The Chinaman cannot and does not care to fight, but he will work. The Merrill people would like to have this question discussed. More labor must be secured if we are to increase or even keep up normal production, and it is believed that American women are not strong enough to do outdoor farm work.

It is now thought that a definite announcement can be made tomorrow.

NOT A PHOTOPLAY

"How many reels in your show?" was the question put to the manager of "In Old Kentucky" by a typical young American recently, as he looked at the pictures in front of the theater. When told it was not in pictures, but the play was given by real live people, he retorted: "You can't fool me; I'm from Missouri." "How can you have horses on the stage?" The manager, to humor him, took him to the back door and showed him the real live horses and scenes back of the stage. The youngster looked up and said: "You must be from 'Old Kentucky,' the way you showed me." The show will be at the opera house tomorrow night only.

War Recipes Are Tested By Students

Practical Ways of Conserving Food Are Submitted By the Domestic Science Class of High School After Having Been Fully Demonstrated

The following recipes were demonstrated at the Library Club room by the domestic science department of the Klamath County high school. They have been tested and found entirely practical. In response to a call from the public they will be published by installments in the Evening Herald:

- 1.—Soy Beans With Ham Shank—The ham shank, which is looked upon by many housewives as of small importance, may be substituted and utilized not only to serve as meat for the family, but for the seasoning of many savory dishes. The following recipe for boiling soy beans with a ham shank will be found to be not only an appetizing one, but will afford an opportunity to use up parts of a ham bone: Soak one cup of soy beans for twelve hours, put them in a stew pan with the ham bone and cover with water. And one onion stuck with a clove, and let boil until the beans are tender. Then drain and serve the beans in a hot platter with the ham bone.
- 2.—Spanish Rice—Two cups boiled rice, one cup tomatoes, one tablespoon butter. Pepper and salt to suit the taste. Method—Mix all the ingredients and heat. Add one or two sweet peppers cut fine. Serve hot.
- 3.—Salted Codfish and Noodles—Boil a sufficient amount of egg noodles, made of half rye and half white flour, in salt water; drain and put into a casserole. Shape into a border around the dish. Fill up the center with pieces of cold boiled codfish. Pour over a thick white sauce, garnish the top with strips of red pimento, put in oven and bake about fifteen minutes. Serve hot.
