AUGUSTE RODIN

COACH HUGO BEZDEK
IS BUSY WITH MARINES

VALLEJO, Cal., Dec. 11.—The famous "Oregon boot," as it is known in football parlance at the University of Oregon, is being introduced here by Hugo Bezdek, coach of the Oregon pigskin athletes and manager of the Pittsburg Pirates, who is to tutor the Marines football outfit here for their game with the Allentown, Pa., ambulance squad players in Pasadena on New Year's Day. The "Oregon boot" is merely an effective kicking system which helped Oregon defeat California and other worthy rivals under Bezdek's direction this season.

Bezdek will use the Oregon system throughout on the Marines, who are just winding up a strenuous season studded with victories. Last year, under Bezdek's tutelage, the Oregon players defeated the University of Pennsylvania at Pasadena.

TUESDAYS AND SATURDAYS
Merrill, Oregon**Conscription of Labor
Will Be Unnecessary**

WASHINGTON, D. C., Dec. 11.—Conscription of labor, Secretary Wilson told congress in his annual report yesterday, is not likely to be necessary for the winning of the war, but he suggests that should it become necessary for the government to conscript labor, it should at the same time conscript the industries on which they are engaged.

"Almost insuperable obstacles arise," said the secretary of labor, "when labor disputes occur under circumstances in which employers permit organization by their workmen only on pain of dismissal. Since in such cases the workmen have no responsible business representatives, only one party to controversies can be conveniently or satisfactorily heard. In such cases, also, the workers, being prevented by their employers from organizing on a business basis, tend to fall away from the pacifying influence of conservative, constructive and responsible labor organizations, and to come under that of irresponsible revolutionists. As most labor lawlessness is traceable to this

cause, responsibility for it cannot be wholly diverted from the policy—hardly patriotic in time of war—of arbitrarily obstructing labor organization of the conservative type.

"The department is, of course, aware of proposals, more popular earlier in the war than now, to settle labor disputes by coercing wage earners. But these proposals are both unfair and impracticable. They are also widely regarded, and not without reason, as unpatriotic. It is enough to say of them here that in the view of this department public sentiment cannot be expected to tolerate conscription of labor for private profit. Should industrial conscription become really necessary in order to effectively prosecute the war, a policy less likely to be considered one-sided would be desirable. It would seem—that is, if workers were to be conscripted for industrial purposes—that the working opportunities to which they were assigned ought to be commandeered, so as to make such workers not coerced servants of employers, but employees of the government itself.

**Returned Prisoner Says
Austria Wants Peace**

SAN FRANCISCO, Dec. 11.—Captain Takichi Wakasawa of the Japanese army, who was taken prisoner by the Germans on the Russian front, and later released, said here recently that Germany is starving, but Austria is fairly well fed. The Austrian soldiers are praying for peace, he said. Captain Kakasawa said that despite the enemy status of his country, he

was merely treated as an observer in Germany, and was told by German Red Cross women that he could have anything he wanted in the way of food.

His request for meat and coffee, however, brought only an apple, about 150 grams of bread and a cup of the desired beverage. "It was the best they could get," he stated.

**German Names Not
Popular With Owners**

SAN FRANCISCO, Dec. 11.—A lot of name changing, for which Cupid is not responsible, is now going on in this city. Various persons having cognomens with an enemy alien suggestion are asking the courts if they might switch to "Lee," "Smith," and various other names having a distinctly American flavor.

Before the war the courts here

were asked to change but two or more names a year. Now they are being asked to change that many a day.
