SEC'Y DANIELS FIRST WITNESS

HAS WARM SESSION WITH CON- GRESSIONAL NAVAL SUB-COM- MITTEE—IS PROUD OF PROG- RESS BEING MADE

WASHINGTON, D. C., Dec. 20.—
 Secretary Daniels, the first witness
 before the house naval sub-committee
 investigating the navy activities, told
 how the navy was building 424 ships.
 He said he was proud of the way in
 which the navy had met the test.

There was a tiff between Daniels
 and Representative Britton when
 Britton asked what complaints had
 been made to the navy department by
 Vice Admiral Sims.

Daniel said that Sims had been given
 everything the navy could give. He
 characterized contrary rumors as
 "mess gossip," which should not be
 "banded about," and said that there
 was perfect understanding between
 Sims and the department.

240,000 New Members For State Red Cross

"100 per cent Red Cross."
 This is a phrase you are apt to
 hear pretty frequently in Oregon for
 the next few days. It designates a
 store, a factory, an office, where every
 member from the officials right down
 the line has joined the Red Cross.
 It is possible to go higher—to 200
 per cent Red Cross.
 That figure denotes those firms
 where every employe and member of
 which has joined the Red Cross, and
 where the firm has donated an addi-

MONTANA WOMEN RENDER MUCH AID

GREAT FALLS, Mont., Dec. 20.—
 With the same knitting needles with
 which she knit forty pairs of socks
 for soldiers of the Civil War, fifty-
 five years ago, Mrs. R. M. Craven of
 Belt, Mont., has just completed two
 pairs of socks for American soldiers
 in the present war, and sent them to
 the local Red Cross chapter.
 Mrs. Craven is a pioneer of Mont-
 ana, and has been active in Red
 Cross work.

Prominent War Worker

There are few more prominent war
 workers in England than the well
 known Mrs. William B. Leads, who
 has taken up her residence in Eng-
 land. She is directing many of the
 relief movements in addition to en-
 tertaining at her home outside of
 London officers and men of the Amer-
 ican army.

HEAVY WINTER WHEAT CROP IN

LARGEST CROP IN HISTORY HAS BEEN PLANTED—PRESENT CONDITION LOW—HALF MIL- LION BUSHELS PREDICTED

WASHINGTON, D. C., Dec. 20.—
 There is a winter wheat acreage this
 year of 42,170,000, the largest acre-
 age ever sown, according to a report
 from the department of agriculture.
 The condition of the crop is 79.3,
 which is the lowest on record for De-
 cember 1st.

A crop of 540,000,000 bushels is
 forecasted.
 The condition of the rye crop is
 now 84, one-tenth of a percent above
 normal.

PAPER CONCERN VERY ARROGANT

COMMISSION REPORTS TO PRES- IDENT THAT FAILURE TO SET- TLE THE OREGON CITY PAPER STRIKE IS DUE TO OFFICIALS

PORTLAND, Dec. 20.—A report of
 the president's labor commission,
 headed by Secretary of Labor Wilson,

says that efforts to settle the Oregon
 City paper mill strike have failed be-
 cause the officials of the Crown Wil-
 lette Paper company, with head-
 quarters at San Francisco, refuse to
 arbitrate.

The report criticizes the officials,
 and says the strikers offered to agree
 to any reasonable settlement.

CRESCENT BAKING POWDER

Adjudged the world's best
 Baking Powder—
 yet modestly priced

Considerable matter is being
 disseminated these days in re-
 gard to substituting excess
 quantities of baking powder for
 eggs. If this information were
 correct, Crescent Baking Pow-
 der would be the logical powder
 to use in excess quantity, for it
 contains egg albumen—white of
 eggs. But no baking powder
 can take the place of eggs—no
 matter how much be paid for
 the powder. We advocate econ-
 omy—the kind of economy that
 judges products according to
 their intrinsic worth, instead of
 their price. If this is your
 view we invite your considera-
 tion of Crescent—the Baking
 Powder that was adjudged the
 world's best at the P. P. I. Sta-
 tion in 1915, and sells at the
 modest price of 25c a pound.
