SPECIAL CHRISTMAS SERVICES

Services in the Catholic church on Christmas Day are as follows:

First mass at 8 a. m.
Christmas mass and Christmas carols at 8:30.

High mass at 10:30. No children allowed at this service, as room will be at a premium. The entire choir will sing Gounod's Mass. The officers of the mass are: Celebrant, Rev. Hugh Marshall; acolytes, Garrett Monop and Jas. Maguire; master of ceremonies, John Lamas; thurifer, Wallace Ardies; deacon, Stanley Santamaw; chancel master, Mrs. Chas. W. Eberlein; organist, Mrs. Chas. W. Eberlein; pianist, Miss Alice McCourt.

There will be no cause for excitement at 4:30 in the morning, when the bells ring, as they will be Christmas bells, and not fire bells.

Klamath County News**MERRILL MENTION**

Mrs. Augusta Wilson and Charles Stephenson were married Monday at Klamath Falls. They will make their future home on Mr. Stephenson's ranch. They have the good wishes of their many friends in this community.

Wm. Tallman has had another operation at the hospital in Dunsmuir, and is reported to be doing nicely.

Charley Storey, who has been working for Ben Lewis in Klamath Falls, is coming home to take charge of his father's ranches.

W. P. Whitney is driving a new Maxwell.

The Merrill schools have dismissed for the Christmas holidays.

Mrs. Fred Peterson has been teaching this week to take the place of Miss Fessenden, who is taking the teachers' examination.

Miss Newland, assistant high school teacher, has resigned and gone home to be married. She has made many friends while here, and they wish her much happiness in her new life. Miss Russ will take Miss Newland's place in the school.

The public school had a Red Cross box, and something over \$18.00 was contributed.

Miss Alma Wilson is home for the holidays from Berkeley.

Miss Waive Drew is here from San Jose, where she is attending Normal, to visit her sister, Mrs. Fred Peterson.

Mr. and Mrs. Fred Stephenson motored to Klamath Falls Thursday to do some Christmas shopping.

Miss May Tolle had her tonsils removed by Dr. Patterson, and is doing nicely.

The Ladies Aid and Merrill Red Cross had a joint meeting at Mrs. B. Anderson's Wednesday.

PLEVNA POINTERS

**Crop Outlook Over
Nation Promising**

PORTLAND, Dec. 24.—Conditions of Oregon crops as indicated by federal reports for November and part of December are shown in the government crop report for this state, made public by F. L. Kent, field agent of the United States Department of Agriculture here.

Taking up first the weather conditions, the report says:

"The month was unusually mild and was the warmest November of record since 1904. There were heavy showers in the western division during the first decade, elsewhere the rainfall was light and scattered until the last three days, when copious rains put the ground in fine shape for fall plowing, which had been practically at a standstill on account of the dry soil. Deficient moisture prevented satisfactory germination of late seeded grain, but early sown grain that was above ground was generally a good stand and looking fine. Pastures and ranges were improved, and appeared to be furnishing sufficient food for stock. The long season permitted the harvesting of all late crops in prime condition."

The favorable November conditions have continued this month to date, except that heavy rains have fallen in the western portion of the state during the past few days. It will be recalled that the month of October was very dry and therefore unfavorable for fall seeding operations. While conditions for fall seeding

have not been ideal, they have been much better than last year, and as a result there has been a very material increase over last year in the acreage seeded to winter wheat and rye. The rains of the latter part of November and early December, followed by mild temperatures, have been very beneficial to growing crops. While fall seeding was generally considerably later than usual, the favorable moisture and temperature conditions have developed a growth well up toward normal, which combined with the increased acreage, gives promise of a large winter wheat crop for 1918 harvest. Reports indicate that the percentage increase in the rye acreage is not as great as that in wheat. Estimates are as follows:

Winter Wheat

Oregon—Area seeded fall of 1917, 562,000 acres, compared with 450,000 acres seeded last fall. Increase, 112,000 acres, or 25 per cent. Condition, 90 per cent normal, compared with 78 per cent last year, and a ten year average for December 1st of 94 per cent.

United States—Area seeded fall of 1917, 42,000,000, compared with 40,534,000 acres seeded last fall. Increase, 1,466,000 acres, or 4 per cent. Condition, 79.3 per cent of normal, compared with 85.7 per cent last year and a ten year average for December 1st of 89.3 per cent.

YOUR GRAY HAIR**USE GRANDMA'S SAGE TEA AND
SULPHUR RECIPE AND NO-
BODY WILL KNOWThe use of Sage and Sulphur for
restoring faded, gray hair to its nat-
ural color dates back to grandmoth-
er's time. She used it to keep her
hair beautifully dark, glossy and at-
tractive. Whenever her hair took on
that dull, faded or streaked appear-
ance, this simple mixture was ap-
plied with wonderful effect.But brewing at home is messy and
out-of-date. Nowadays, by asking at
any drug store for a 50 cent bottle of
"Wyeth's Sage and Sulphur Com-
pound," you will get this famous old
preparation, improved by the addi-
tion of other ingredients, which can
be depended upon to restore natural
color and beauty to the hair.A well known downtown druggist
says it darkens the hair so natural-
ly and evenly that nobody can tell it
has been applied. You simply damp-
en a sponge or soft brush with it,
and draw this through your hair, tak-
ing one strand at a time. By morn-
ing the gray hair disappears, and af-
ter another application or two, it be-
comes beautifully dark and glossy.
Wyeth's Sage and Sulphur Compound
is a delightful toilet requisite for
those who desire a more youthful ap-
pearance. It is not intended for the
cure, mitigation or prevention of dis-
ease.—Adv.HAVE YOU FORGOTTEN
