

The Evening Herald

W. C. SMITH, Editor

Published daily except Sunday by The Herald Publishing Company of Klamath Falls, at 118 Fourth street.

Entered at the postoffice at Klamath Falls, Oregon, for transmission through the mails at second-class matter.

Subscription terms by mail to any address in the United States: One year \$5.00 One month .40

SATURDAY, JANUARY 5, 1918

NOTICE TO SUBSCRIBERS

Carrier boys will call on all subscribers in the city who have not paid their subscriptions in advance, on the first Saturday of each month to collect. Subscribers are kindly requested to arrange to have the money ready for the boys when they call, as each carrier has from 100 to 150 people to call upon.

It will be necessary to discontinue all subscriptions not paid for by the 15th of the month, unless special arrangements are made at this office. Prompt payments of subscriptions will be of great assistance to the carrier boys, as all are attending school during the week.

EVENING HERALD.

Titled British War Worker

LADY ORANMORE-BROWN

This is a new portrait of Lady Oranmore and Browne, one of the most prominent of England's war workers. She has been particularly engaged in looking after families bereft by Zeppelin raids.

Hints for Homemaker's

By ELIZABETH KEYS

NOTE—This corner of the paper will be divided into several parts, each part to be published weekly. The divisions will be: Household Suggestions, Recipes, Good Health, Fashions and Answers to Questions. In Answers to Questions Miss Keys will be glad to advise or give answers to the problems of any of the readers of the Evening Herald. Suggestions of all sorts will be very welcome. Address Miss Elizabeth Keys, care of Evening Herald.

INEXPENSIVE RECIPES

Halibut Baked with Milk—Now that the weather is cooler, we can get excellent fish almost any day, and thus make a meatless meal. Scrape the dark skin of the halibut and dip the fish into boiling water. Two pounds will serve five people amply. Lay the fish in the baking pan after rubbing well with salt and pepper. Pour around it half to three-quarters of a cup of milk, and bake until the fish loosens from the bones. Baste frequently with the milk. It should be cooked at least one hour. The milk will nearly all cook away, and will make the fish more moist. Remove to a hot platter without breaking, and remove the bone. Garnish with thin slices of lemon, and, if wished, with

chipped hard boiled egg. Serve with a cream sauce, drawn butter, of egg sauce.

Corn Fritters—This dish can be used for luncheon or supper as a substitute for meat. Beat two eggs thoroughly, add teaspoonful salt and table-spoonful flour. Stir well, and add cupful of canned corn. If the mixture is too stiff, a little milk may be added. Fry in pan until brown, using small amount of shortening.

Pumpkin or Squash Pie—Mix 3 cupfuls thick stewed and strained pumpkin or squash, add 2 cupful milk, cupful sugar, teaspoonful salt, 2 eggs, half teaspoonful cinnamon and a pinch of cloves. Mix thoroughly and bake in two pies.

Klamath County News

SPRING LAKE DRIPPINGS

Many of the residents of this neighborhood attended the New Year program and dinner given at the Mt. Laki church.

Mr. and Mrs. Arthur Schreiner have moved to their new home on the Reynolds place.

Frank Stewart, Mr. and Mrs. Glen Steeman, William Cheyne, E. A. Schreiner and Lester Schgeiner were Klamath Falls visitors this week.

Lester Schreiner left for Mare Island after a seven day furlough, spent with his parents here.

A number of the young people here enjoyed the dance at E. Patterson's New Year's eve.

Mr. Cherryman spent New Year's day with J. R. Dolan and family.

The E. A. Schreiner family are the proud possessors of a new Ford car.

Mr. and Mrs. Arthur Schreiner spent New Year's with the latter's parents, Mr. and Mrs. John Dupuy of Midland.

ADMISSION TEN CENTS

Annual Banquet At Baptist Church

Last Thursday, January 3d was perhaps the very best social night in the Baptist history in Klamath Falls.

The afternoon was devoted to the Ladies' Missionary Department, and its annual meeting and election of officers. The following were elected: President, Mrs. W. H. Cox; vice president and secretary, Mrs. G. Perkins; treasurer, Mrs. Miller.

The report was full of good things accomplished by these ladies.

At 6:30 the members and friends began to assemble. They were greeted by tables full of banquet fare. At 7 o'clock every one was seated and a divine blessing was asked by Deacon Murphy.

Everybody present (58 in number) seemed to be in good form for the meal. Goodfellowship was marked on every face, and the appreciation of the ladies' work was manifested by the manner in which the dishes were emptied.

After the banquet there were devotional exercises and roll call. Several letters were read from absent members.

Then followed the report of the treasurer which revealed the fact that \$1,592 had been received, out of which a balance of \$40 remained in the bank. It was gratifying to

have the pastor paid in full and no other debts to meet.

There was found to be a 125 per cent increase in membership.

The retiring officers were Mrs. Chamberlain and Mr. Lozier, trustees; Mr. Perkins, Sunday school superintendent; Mrs. Perkins, president Young People's Union.

The election of officers for the year was as follows: Mr. C. R. Murphy, treasurer; Mrs. Grigsby, secretary; Mrs. Owens, Sunday school superintendent; Mrs. Harvey, Sunday school assistant superintendent; Miss Ina Akin, president R. Y. P. U.

Everybody present (\$8 in number) seemed to be in good form for the meal. Goodfellowship was marked on every face, and the appreciation of the ladies' work was manifested by the manner in which the dishes were emptied.

German Plots In India Frustrated

POMBAY, Dec. 15.—(Correspondence of the Associated Press)—How a dismissed official of the Indian government endeavored to get into communication with Germany for the purpose of stirring up a revolutionary movement in India has just been told at the arraignment of Sitarama Iyer, charged with communicating with the enemy.

Iyer, after being removed from the British service as a revenue inspector, got into communication with Germany thru various neutral consuls in Bombay, after employing official British stationery and counterfeit seals to deceive the neutral consuls into accepting his messages. His de-

fection was due to accident, namely, that for a few days the French consul in Bombay was in charge of the Spanish consulate, and gained an inkling of what was going on.

Captured letters show that Iyer had received \$5,000 from the then German foreign minister, Dr. Albert Zimmerman, and later \$7,500 direct from the German crown prince, Frederick, as a "personal contribution" to his work. The money was delivered to him thru the Swiss and Dutch consuls at Bombay, ostensibly for the use of a fictitious German missionary, Pax Muller, alleged to be interned in India.

Iyer sent his letters to the Swed-

ish, Dutch, Swiss and Spanish consuls in rotation, each letter being accompanied by an apparently correct letter on British official writing paper, requesting the consul to forward the "enclosed letters of the Missionary Muller" to Germany in the consular mail bags. The signature of the chief secretary of the government of Madras was forged.

Some of the letters shown in court mentioned ports from which troops were about to embark, and pointed out the ease with which India could be invaded. They "guaranteed" to Germany the support of 400 home rule societies in India, and appealed for the immediate dispatch of money and weapons.

Notice to Owners and Drivers of Motor Vehicles

The law provides that you display a license plate for 1918. Without such license on your machine you are subject to arrest and fine.

There will be no exceptions made, so get busy.

H. S. WILSON, Chief of Police.

Ship Which Carried Klamath Boys to France

The above is a view of the big steamship Leviathan, formerly the Queen of the Atlantic. The Vaterland, which was interned in New York August 18, 1914, is the largest passenger vessel afloat. She belonged to Hamburg-American line of steamers. The Titanic was built to eclipse her, but was lost on her maiden voyage. At the declaration of war against Ger-

many by the United States, a plot to wreck the machinery of the vessel was frustrated by the prompt action of the American authorities. In being made over for transport service, the billiard rooms have been remodeled, and other changes looking toward in-

creased capacity, were made.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incalculable material in the form of ashes, so food and drink taken each day leaves in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking, and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowels pores do.—Adv.
