BIG EATERS GET KIDNEY TROUBLES

**TAKE SALTS AT FIRST SIGN OF
 BLADDER IRRITATION OR BACK-
 ACHES**

The American men and women must
 guard constantly against kidney trou-
 ble, because we eat too much and all
 our food is rich. Our blood is filled
 with acid which the kidneys strive to
 filter out, they weaken from overwork,
 become sluggish; the eliminative tis-
 sues clog and the result is kidney trou-
 ble, bladder weakness and a general
 decline in health.

When your kidneys feel like lumps of
 lead; your back hurts or the urine is
 cloudy, full of sediment or you are
 obliged to seek relief two or three
 times during the night; if you suffer
 with sick headache or dizzy, nervous
 spells, acid stomach, or you have rheu-
 matism when the weather is bad, get
 from your pharmacist about four
 ounces of Jad Salts; take a table-
 spoonful in a glass of water before
 breakfast for a few days and your kid-
 neys will then act fine. This famous
 salt is made from the acid of grapes
 and lemon juice, combined with lithia,
 and has been used for generations to
 break and stimulate clogged kidneys;
 to dissolve the acids in the urine so it
 is no longer a source of irritation, thus
 ending bladder troubles.

Jad Salts is inexpensive; cannot be
 mistaken; makes a delightful effervescent
 drink; water beverage, and belongs in
 every home, because nobody can make
 a mistake by having a good kidney
 medicine.

Get your supply at
 the drug store. Not
 to be confused with
 other salts. Rates reason-
 able. 9-13t

SHEEPMEN OF OREGON ARE GETTING RICH

**RANCHERS ARE PLANNING TO
 SELL NEXT YEAR'S LAMBS AT
 \$15 PER HEAD—SEVEN TIMES
 FORMER PRICE**

SAN FRANCISCO, Jan. 10.—Tom
 Allan, of Crane, Ore., head of a big
 cattle and sheep ranch, has declared
 that the big sheepmen of Oregon are
 fast becoming millionaires.
 Allan, who is manager of the 100-
 000-acre cattle ranch belonging to the
 Louis F. Swift coterie of Chicago, says
 that sheep men already are making
 contracts to sell next spring's lambs
 at \$15 per head.
 "This is a phenomenal price," said
 Allan. "Last spring lambs sold as
 readily for \$9 and \$10 each. Before
 the war the price ranged from \$2 to
 \$3 each. With the big price of lambs
 and the unheard of price at which
 wool is selling, the sheep men can-
 not help but make fortunes."

Surety bonds promptly executed.

Moving Pictures

An old Yonkers mansion with a
 reputation for fifty-seven varieties of
 ghosts is being used at the actual set-
 ting for the Triangle play, "The
 Haunted House," featuring Winifred
 Allen, which will be shown at the
 Star tonight. This rambling old resi-
 dence overlooking the Hudson bears
 testimony to a long life of usefulness
 in the past, but has been vacant for
 thirty-five years, and has a fearful
 name among the superstitious folk of
 the town. The so-called "furniture"
 in the house consists of a few old
 stools, benches and decrepit tables,
 and will be used for this Triangle pic-
 ture just as it was found, with the
 accumulated dust of thirty-five years.

Geraldine Farrar, the noted prima
 donna, will make her debut under the
 Artcraft trademark at the Star to-
 morrow in "The Woman God Forgot,"
 a spectacular photodrama written
 especially for her by Jeanie MacPres-
 son, and produced under the personal
 direction of Cecil B. DeMille, the
 noted director. In the few photo-
 dramas in which Geraldine Farrar has
 appeared, she has established herself
 as the leading emotional actress of the
 film. Her first appearance, "Car-
 men," and her more recent produc-
 tion, "Joan the Woman," have been
 the sensation of the photodramatic
 world.

Northern Mexican Indians On Warpath

HEMOSILLO, Sonora, Mexico, Jan.
 10.—The Yaqui Indian has been the
 trouble maker of Northwestern Mex-
 ico for generations, and his recent
 outbreak is but one of a large num-
 ber which have occurred during the
 administrations of Diaz, Madero and
 other leaders.

Starting with the Bronco Yaquis
 along the Rio Yaqui in Southwestern
 Sonora early in September, the revolt
 has spread to many of the allied
 tribes, including the Mansoa Yaquis,
 who have been peaceful in the past,
 and who have derived their names
 from the fact they worked with their
 hands.
 In the rich Yaqui River Valley of
 Southwestern Sonora, the Indian up-
 rising has had its center. The Indian
 towns of Potam, Vacum, Bacum, La
 Colorado and Suaqui Grande have
 been scenes of various Indian raids
 and Mexican federal troops have been
 unable to make any great headway
 in conquering these warring tribes-
 men. The revolt reached its height
 after the fall harvest of corn, beans

California Favors Chinese Importation

SAN FRANCISCO, Jan. 10.—The
 California development board, at a
 meeting of the executive committee,
 has gone on record as favoring the
 importation of experienced Chinese
 farmers to California for the duration
 of the war.

Any labor so imported should be
 for the period of the war only, the
 board believed, and in the resolution
 setting forth the organization's posi-
 tion was embodied a clause "that the
 California development board is un-
 alterably opposed to the importation
 of labor that cannot be deported and
 which would remain to compete with
 our sons and brothers on return from
 military service."
 The resolution followed a report
 made by a committee of farmers ap-
 pointed by the development board to
 investigate the agricultural labor
 question in California. Visits were
 made by committeemen to many sec-
 tions of the state, it was said, and
 there was extensive correspondence
 with farm organizations, commercial
 bodies and with many individual
 farmers.

William Tells Them What Not to Print

WASHINGTON, D. C., Jan. 10.—
 Sensational evidence of the extent to
 which the Prussian government has
 subjugated the press of Germany to
 the interests of the kaiser and his war
 party has been supplied to the depart-
 ment of state. Copies of secret and
 drastic regulations issued to the Ger-
 man editors show not only that the
 German newspapers are prohibited
 from printing the news that is bad,
 but are required to comment only in
 terms of praise concerning events of
 a military and political nature.
 Among the regulations issued is the
 following, setting forth how the Ger-
 man papers must comment on the dis-
 patch of Pershing's expedition to
 France:

"Petit Parisienne (a Paris newspa-
 per) informs us that five American
 divisions, numbering 125,000 men,
 may be expected in France in the au-
 tumn of 1917. It is urgently request-
 ed not to reproduce this information
 without some comment. We do not
 wish to underestimate the ability of
 America to accomplish things, but we
 must not, on the other hand, over-
 estimate it."
 "In order to bring a division over
 from America, 75,000 tons must make
 the trip twice. Therefore, from the
 mere fact of lack of space, the trans-
 portation of such a body of troops
 within certain fixed time limits is im-
 possible. Moreover, it is impossible
 to train these troops properly by au-
 tumn. These facts, which have re-
 cently been discussed in the German
 war news, cannot be too strongly em-
 phasized in the discussion of the
 French news."

The regulations go to the very
 details in saying what the German
 papers may or may not print. For
 example:
 "Advertisements in which dog flesh
 is offered for sale are not allowed.
 Their acceptance is forbidden."
 Some of the regulations which cover
 a two months' period following the
 entrance of the United States into the
 war last spring follow:
 "News about excesses and unrest in
 Prague may not be published."
 "The publication and discussion of
 the regulations adopted at a strike
 meeting of the Leipzig unions and of
 a telegram sent to the imperial chan-
 celler are not permissible."
 "There is no objection to the print-
 ing of the manifesto of the Independ-
 ent Socialist party, in case it is ad-
 versely commented upon, even with-
 out irritating sharpness."

**PUT CREAM IN NOSE
 AND STOP CATARRH**
 Tells How To Open Clogged Nos-
 trils and End Head-Colds.

You feel blue in a few moments.
 Your cold in head or catarrh will be
 gone. Your clogged nostrils will open.
 The air passages of your head will
 clear and you can breathe freely. No
 more dullness, headache; no hawking,
 snuffing, mucous discharges or dry-
 ness; no struggling for breath at
 night.
 Tell your druggist you want a
 small bottle of Ely's Cream Balm.
 Apply a little of this fragrant anti-
 septic cream in your nostrils, let it
 penetrate through every air passage
 of the head; soothe and heal the
 swollen, inflamed mucous membrane,
 and relief comes instantly.
 It is just what every cold and cat-
 arrh sufferer needs. Don't stay
 stuffed up and miserable.—Adv.

GENERAL GOETHALS CRITICIZES RED TAPE

 committee by major General George
 W. Goethals, recently placed at the
 head of the quartermasters depart-
 ment. General Goethals' testimony

 can not burn the skin.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Boys glass of hot water with
 phosphate before breakfast
 washes out poisons.

If you wake up with a bad taste,
 bad breath and tongue is coated; if
 your head is dull or aching; if what
 you eat sours and forms gas and acid
 in stomach, or you are bilious, consti-
 pated, nervous, sallow, and can't get
 feeling just right, begin inside bath-
 ing. Drink before breakfast, a glass
 of real hot water with a teaspoonful
 of limestone phosphate in it. This
 will flush the poisons and toxins from
 stomach, liver, kidneys and bowels,
 and cleanse, sweeten and purify the
 entire alimentary tract. Do your in-
 side bathing immediately upon aris-
 ing in the morning to wash out of the
 system all the previous day's poison-
 ous waste, gas and sour bile before
 putting more food into the stomach.
 To feel like young folks feel; like
 you felt before your blood, nerves and
 muscles became loaded with body im-
 purities, get from your pharmacist a
 quarter pound of limestone phosphate
 which is inexpensive and almost taste-
 less, except for a sourish twinge which
 is not unpleasant.

Just as soap and hot water act on
 the skin, cleansing, sweetening and
 freshening, so hot water and lime-
 stone phosphate act on the stomach,
 liver, kidneys and bowels. Men and
 women who are usually constipated,
 bilious, headachy or have any stomach
 disorder should begin this inside bath-
 ing before breakfast. They are as-
 sured they will become real cranks
 on the subject shortly.—Adv.

SAGE TEA KEEPS YOUR HAIR DARK

**WHEN MIXED WITH SULPHUR TO
 BRINGS BACK ITS BEAUTIFUL
 LUSTRE AT ONCE**

Gray hair, however handsome, de-
 notes advancing age. We all know the
 advantages of a youthful appearance.
 Your hair is your charm. It makes or
 mars the face. When it fades, turns
 gray and looks streaked, just a few
 applications of Sage Tea and Sulphur
 enhances its appearance a hundred-
 fold.
 Don't stay gray! Look young!
 Either prepare the recipe at home or
 get from any drug store a 50-cent bot-
 tle of "Wyeth's Sage and Sulphur
 Compound," which is merely the old
 time recipe improved by the addition
 of other ingredients. Thousands of
 folks recommend this ready-to-use
 preparation, because it darkens the
 hair beautifully, besides no one can
 possibly tell, as it darkens so natu-
 rally and evenly. You moisten a
 sponge or soft brush with it, drawing
 this through the hair, taking one
 small strand at a time. By morning
 the gray hair disappears; after an-
 other application or two, its natural
 color is restored and it becomes thick,
 glossy and lustrous, and you appear
 years younger.
 Wyeth's Sage and Sulphur Com-
 pound is a delightful toilet requisite.
 It is not intended for the cure, miti-
 gation or prevention of disease.—Adv.
