

British Tank Captures Big Gun

After a British tank during the recent Cambria offensive had driven the crew from one of the great German naval guns used on the defense, the men rushed forth, and hitching it to their tank towed it to their lines. The photograph shows the gun passing thru a line of British soldiers.

McAdoo Plans An Economical Regime

WASHINGTON, D. C., Jan. 11.—Director General McAdoo plans on saving \$400,000,000 annually in federal operation of the railroads.

Economies will be inaugurated immediately after passage of the railroad control bill now being considered by congressional committees. These economies are expected to net more than sufficient money to pay the increases to be granted railroad workers.

Aside from the saving—automatic in centralizing authority and unifying all the systems into a single national line—hundreds of thousands of dollars will be saved in the following moves contemplated.

Cut in big salaries and elimination of unnecessary executives.

Elimination of elaborate structure of competitive agencies under private management—passenger and freight solicitors, advertising, etc.

Conservation of coal by curtailing unnecessary traffic.

Tremendous savings—and much added income—are expected thru prompt unloading of cars, demanded by McAdoo, and to be drastically enforced, if necessary, and thru elimination of much back-hauling, switching, etc.

Extortionate charges forced on private roads by privately owned switching roads at terminals will be smashed by McAdoo.

Since these roads for the most part merely inter-switch within terminals and operate between manufacturing plants in the town, they are not within the meaning of "common carriers," the interstate commerce commission holds, and, therefore, won't get the three year guarantee promised other roads.

In creation of a common buying agency for all the roads operating under him, McAdoo will effect another saving in purchasing materials. Thru the government's power to fix prices, further savings can be enforced.

Would Graze Sheep and Cattle on Same Range

DOUGLAS, Wyo., Jan. 11.—Utilization of the same range for both sheep and cattle was advocated before the Wyoming Wool Growers' Association in an annual convention here today by John H. Hutton, assistant district forester of Denver, Colo. Mr. Hutton declared he not only believed such a dual utilization of range possible, but "what appears to be our largest remaining possibility of turning out a maximum national forest product in beef, mutton, wool, pelts and hides."

"I am well aware that to mention this subject to the average cattle man and to many sheep men is haunting the red rag," he said, "but I am personally convinced we are not going to get the highest use of our mountain pastures until we get clearer vision on this subject. With the control we have I believe it is possible, and the time is not far distant when we will see more and more of this kind of range use."

The forest service began its preparations of war utilization of the forests four days after war was declared, Mr. Hutton said. He urged the "open" or "hedging out" system of herding sheep as having been proved to produce lambs weighing 4 1/2 to 7 1/2 pounds more in a three or three and a half months' grazing season. This also improved the carrying capacity of the ranges from ten to fifty per cent, he asserted. Experiments in pastures and corrals for lambing have shown a profitable increase in the lamb crop, he declared, as well as labor economies and a reduction of losses from predatory animals.

Proper salting of the ranges, to keep cattle well distributed; eradication of poisonous weeds and grazing certain lands infested with poisonous plants with sheep also were advocated by the forester as measures tending to increase production on a given area.

MORE ROTTEN POLITICS ARE BROUGHT OUT

GOVERNMENT WOULD HAVE SECURED STEEL AT MUCH LOWER PRICE BUT FOR SCHEMES OF STEEL TRUST

WASHINGTON, D. C., Jan. 11.—I. P. Weatherstone, president of a steel company at Bessemer, Tenn., told the senate investigating committee yesterday that the steel trust officials blocked a plan by which the government was to get steel at a price one-third less than it was now paying.

KENNY DESTROYS 150 TOWNS

PARIS, Jan. 11.—The Rome correspondent of the Matin says that by order of Field Marshal von Hindenburg, according to reliable information which has reached him, 150 villages behind the western front, mostly in the region of St. Quentin, have been leveled to the ground so as to afford better opportunity for defense of the German lines to the rear.

Notwithstanding denials, only one-third of the 200,000 Belgians deported to Germany have been permitted to return to their homes.

Shoreline accident and health premiums for 1917 amounted to nearly \$2,000,000. Fair treatment of policy holders has made this possible. Art. Chittenden.

Wilson's Speech Is Widely Approved

WASHINGTON, D. C., Jan. 11.—Approval of President Wilson's address to congress, setting forth America's program for war and peace, was heard on every side in Washington today, and the opinion seemed universal that the president had chosen the psychological moment to counteract any evil effects of Germany's latest peace propaganda.

Altho some members professed to believe that the Germans might find the terms laid down acceptable as a basis of negotiations, most officials saw in the definite proposals of the address only a great war document clearing the atmosphere for the allies, heartening the Russians and furnishing a light for the German people if they chose to see it.

It was authoritatively stated that the president decided to address congress at this time in an effort to prevent resumption of negotiations between the Russians and Germans at Brest-Litovsk and counteract the duplicity of the Germans shown in their dealings with the Russians. The president, in making his speech, assumed that the Russo-German peace negotiations definitely had been broken off.

Another reason for the president's message was found in the necessity of making some reply to the request of the bolshevik that the United States and the entente join in the peace negotiations. Germany made it a condition of the negotiations that Russia should bring in the allies. Since the United States and the allies have not recognized the bolshevik government it was deemed necessary that the United States set forth its aims in a public announcement which might be given circulation in Russia, following the example of Premier Lloyd George.

Since the United States and the allies have not recognized the bolshevik government it was deemed necessary that the United States set forth its aims in a public announcement which might be given circulation in Russia, following the example of Premier Lloyd George.

Terrible Conditions Exist In Petrograd

LONDON, Jan. 11.—The situation in Petrograd is depicted in the most gloomy colors by the correspondent of the Times, who in a telegram dated Monday, the Russian Christmas, says that no Christmas in 300 years has been celebrated in such tragic circumstances. Petrograd is full of dirt, disorder and crime.

Burglary, robbery and murder in the most audacious forms prevail to an extent hitherto unknown, and there is no police or other authority to which to appeal.

The food situation is very critical, and starvation appears to be staring

the people in the face. The wretched conditions of existence have been aggravated by blinding snow storms, drifted by violent winds for three days and nights, with the temperature at 14 degrees Fahrenheit.

The correspondent of the Times thus sums up the general position of the country:

Russian affairs have become so desperate that only the intervention of the allies or Germans can prevent catastrophe. As this cannot longer be expected from the allies, the disheartened Russian looks to the Germans to put an end to the awful chaos in which the country now is involved.

MILL MEN WANTED

All winter job for experienced mill men and lumber pilers. Big wages, excellent mess house; fine cabins; electric lights; men's club house. Tele phone to Modoc Lumber Co., Chiloquin, Oregon. 37-42

Good warm winter storage. Not necessary to drain your car at Telford Brothers garage. Rates reasonable. 9-12t

NOTICE

I shall remain in Klamath Falls until the receipt of my commission in the U. S. navy, and will resume my regular dental practice in the White building.—Dr. J. H. Carter. 10-1f

Dancing class will start soon. Parties wishing to join the class phone 187. 7-6t

Chilcote can save you money on houses, lots, business property, farm lands and stock ranches. 9

Citation in the County Court of the State of Oregon, in and for Klamath County.

Estate of Robert Maxwell, Deceased. George W. Maxwell, Administrator. Now, to-wit, on this 11th day of January, 1918, the petition of George W. Maxwell, administrator of the above entitled estate, coming on for hearing and determination, and it appearing to the court by said petition herein filed, that the real estate of said estate should be sold and conveyed, and that said petitioner as administrator of the estate of Robert Maxwell, deceased, be authorized to convey the herein described real estate, and that all persons interested in said estate should be notified.

It is hereby ordered that this citation be published for four consecutive and successive weeks in the Evening Herald, a newspaper of general circulation, published in the County of Klamath, State of Oregon, being the county wherein said land is situated, requiring all persons, heirs of said estate, and all others interested therein to be present and appear in the county court room in the County of Klamath, and State of Oregon, at 1 o'clock p. m. on the 9th day of February, 1918, and then and there make objections, if any there be, why an order should not be made by this court authorizing and empowering the said George W. Maxwell, as administrator of said estate, to sell and convey the following described premises, to-wit:

The north half of the southeast quarter, and the southeast quarter of southeast quarter, section 27, township 25 S., range 11 E. W. 2E., and the northeast quarter of northeast quarter of section 24, township 25 S., range 11 E. W. 2E., in Klamath County, State of Oregon.

The two X marks show the great bomb in this French aeroplane ready for attack on the Germans. The bomb reaches clear thru the body of the machine, and from the position he occupies in front of the plane the aviator will drop it the moment he reaches the German lines.

MIX UP WITH BORDER INDIANS

NOGALES, Jan. 11.—A detachment of American cavalry sent into Bear Valley twenty-five miles west of Nogales to watch trails, clashed with a band of Yaqui Indians, capturing ten of them. One of the Indians died later of his wounds.

SUSPECTED SPY ESCAPES

SAN FRANCISCO, Jan. 11.—Adolph Bollman, detained here as a suspected German spy, has succeeded in making his escape.

EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, as one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite, and not a medicine. It is not intended for the cure, mitigation or prevention of disease.—Adv

EAT LESS MEAT IF BACK HURTS

TAKE A GLASS OF SALTS TO FLUSH KIDNEYS IF BLADDER BOTHERS YOU

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acids in meat overburden the kidneys, they become overworked; get sluggish; clog up and cause

all sorts of distress, particularly back-ache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritations.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set free. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to clean, thus avoiding serious kidney disease.—Adv.

Travelers record for 1917 shows more than \$100,000,000 of new life insurance. The new low cost policies did it. See Chilcote.

HEAD STUFFED FROM CATARRH OR A COLD

Eye Cream Applied 3x Daily Opens All Passages Right Up.

Instant relief—no waiting! Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hacking, sniffing, blowing, sneezing, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relieves you instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Ad.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial 666, we must keep the liver washed clean, and almost every morning to prevent its sponge-like pores from clogging with indigestible material, our bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furrowed tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes, all denote liver uncleanliness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, enervating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of Limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not enervate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and Limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Adv.

New City Laundry

We Clean Up Our Work. Suits and Gowns Laundered. We also wash silk, wool, and colored goods very carefully. Try us once and be convinced. Our prices are right. Phone 184.

127 Fourth Street

EXACTNESS

All of our prescription work is handled by graduate pharmacists—men who have been especially trained to take care of your prescriptions.

Our work is handled in the most skillful manner, checking and double-checking each operation which is your absolute assurance against the possibility of error.

There is no extra charge for our extra particular prescription service. Bring your next prescription to us and make sure that it is compounded just as the doctor desires.
