AND LOOK YOUNGNOBODY CAN TELL WHEN YOU
DARKEN GRAY, FADDED HAIR
WITH SAGE TEAGrandmother kept her hair beauti-
fully darkened, glossy and attractive
with a brew of Sage Tea and Sulphur.
Whenever her hair took on that dull,
faded or streaked appearance, this
simple mixture was applied with won-
derful effect. By asking at any drug
store for "Wyeth's Sage and Sulphur
Compound," you will get a large bot-
tle of this old-time recipe, improved
by the addition of other ingredients,
all ready to use, for about 50 cents.
This simple mixture can be depended
upon to restore natural color and
beauty to the hair.A well known downtown druggist
says everybody uses Wyeth's Sage and
Sulphur Compound now because it
darkens so naturally and evenly that
nobody can tell it has been applied—
it's so easy to use, too. You simply
dampen a comb or soft brush and
draw it through your hair, taking one
strand at a time. By morning the
gray hair disappears; after another
application or two, it is restored to its
natural color and looks glossy, soft
and beautiful. This preparation is a
delightful toilet requisite. It is not
intended for the cure, mitigation or
prevention of disease.—Adv.MAXWELL
