This remarkable photograph was taken just as a German aeroplane was dropping a bomb from the aeroplane in the foreground. The bomb, which had not yet got under full speed, is plainly visible.

Perplexing Problems of Bolsheviki Numerous

PETROGRAD, Dec. 25.—(Correspondence of the Associated Press)—The Bolsheviks are indulging in sarcastic rallery at prevailing conditions by propounding a number of problems in the form of arithmetical exercises. Here is one of the problems: "In the city of A the public prosecutor, B, arrested the suspicious individual, C. On the following day the bolsheviki, D, arrested the prosecutor, for which reason D was in turn arrested by the temporary government commissioner, E. Thereupon F, the chairman of the revolutionary committee, arrested E. How far down the alphabet will the arrests reach in twenty-four hours, and how long will it be before persons whose names begin with X and S are arrested?"

Triple Execution Today In Montana

HELENA, Mont., Jan. 14.—The execution arranged here today of Frank Fisher, John O'Neil and Herman Powell was the first execution of three men at the same time in the history of Montana. Fisher and O'Neil were convicted of the murder here of Thomas Higgins in October, 1916. According to evidence at their trial, Higgins was on his way home when he saw O'Neil robbing a man. He tried to rescue, and was fatally wounded by Fisher. A motion for a new trial for the men was denied, and the denial of the district court was affirmed by the supreme court of the state upon an appeal. A rehearing of the motion by the supreme court later was denied. The men were sentenced here December 14th by Judge John V. Dryer, who sentenced Powell the same day.

Britannia Nearly Overturned in Practice at Upton

Britannia is the British tank which is to go on a long recruiting tour thru the south and later thru the Middle West. It is here shown when it almost overturned in action at Camp Upton. There it has been used to demonstrate to American soldiers the uses of such instruments of war. The driver here shot the trench before him at the wrong angle, and the tank tipped on one corner. But it was a good demonstration of the trials and tribulations of operating a tank on the battle line. The tank is to go thru Richmond, Augusta, Atlanta, Birmingham, Mobile, New Orleans, Memphis and Louisville during the winter, and in the wet season it will move north.

Your system is filled with an accumulation of bile and your bowels clogged, which keeps you bilious, headache, dizziness, tongue coated, breath bad and stomach sour. Get a bottle of Carl's Little Laxative (take no substitutes). Then enjoy a good night's rest. You will wake up feeling fine." Star Drug Co. Distributors

Another is: "A bolsheviki delegate departs from the city of A to attend a democratic conference. A bolsheviki delegate leaves the city of B at the same time to attend the same conference. When will these delegates start pulling each other's hair, and how many resolutions will they propose?" Following are others of the satirical propositions propounded: "An internationalist writes for a newspaper, and receives 1,000 rubles for each article. How many deliberately false reasons for an immediate peace must be present, if every such reason is paid for at the rate of five marks apiece, assuming that five marks equal eight rubles and forty copecks?" "A democratic conference progresses at the rate of 129 resolutions per hour, while the Germans advance at the rate of only ten verses a day. Which of the warlike masses will first reach its goal?" "There are 8,000 casks of brandy in the depot at A, and the city's garrison has 40,000 troops, all teetotalers. How long will it take the teetotalers to drink up all the liquor, and how long will it be after that before the municipality decides to destroy all alcoholic drinks?" The newspaper concludes: "Persons sending in a correct solution will receive one minister-president's portfolio."
