

Indecision Proves An Aid to Economy

Were the lovable Mark Twain alive today, he would doubtless be in the first line trenches of the home trenches, for Mark was thrifty, and the government's thrift stamp and War Savings Stamp offer would have appealed to him mightily. Mark Twain had many financial reverses in his lifetime, largely because of bad investments, but his thrifty and happy disposition pulled him out of the bog every time, and he squared up with the world and accumulated a "stake" before he passed on "over there" to make heaven the happier for his coming.

Talking one day to his friend, William Dean Howells, on the vicissitudes of the humorist's earlier days, Mark Twain said:

"My difficulties taught me some thrift, but I never knew whether it was better to spend my last nickel for a cigar to smoke or an apple to devour."

"I am astounded," replied Mr. Howells, "that a person of so little decision should meet with so much worldly success."

Mark nodded wisely. "Indecision about spending money," he said, "is worthy of cultivation. When I could not decide what to buy with my last nickel, I kept it, and so became rich."

So Mark Twain, because of his love of country and his thrifty nature, would have been a generous purchaser of Uncle Sam's thrift stamps.

Religious Club In the Army Proves Popular

CAMP LEWIS, American Lake, Wash., Jan. 18.—The "O. D. Club" is one of the newest and most successful organizations formed of late for the conservation of men's fitness to fight for democracy. The meaning of the initials is not given out, but the purpose is to interest the men in the study of the Savior's life. There is a club of a few members in every com-

pany of the 361st Infantry, and they are being formed in all other units. Meetings are held once a week by each unit. Candidates for admission are subjected to initiatory ceremonies such as a college fraternity delights in, and regular "get-together" meetings are held by several clubs. The organization is already increasing church going.

Big Hardware Meeting This Week in Spokane

SPOKANE, Wash., Jan. 18.—Hardware and implement men of Oregon, Washington, Northern Idaho and Western Montana are attending the thirteenth annual convention of the Pacific Northwest Hardware and Implement Dealers' Association here this week.

Northwestern speakers on the association program are W. C. Monnell of Portland, who will talk on "A Jobber's Message to the Dealers"; T. M. Scherman, editor of the Hardware World of Portland, on "Put Yourself in His Place"; W. J. Hindley, former mayor of Spokane, L. F. Reinhard, Spokane accountant, and G. A. Phillips, who will explain the wishes of the government in regard to the one-delivery-a-day plan, early closing and limited credit.

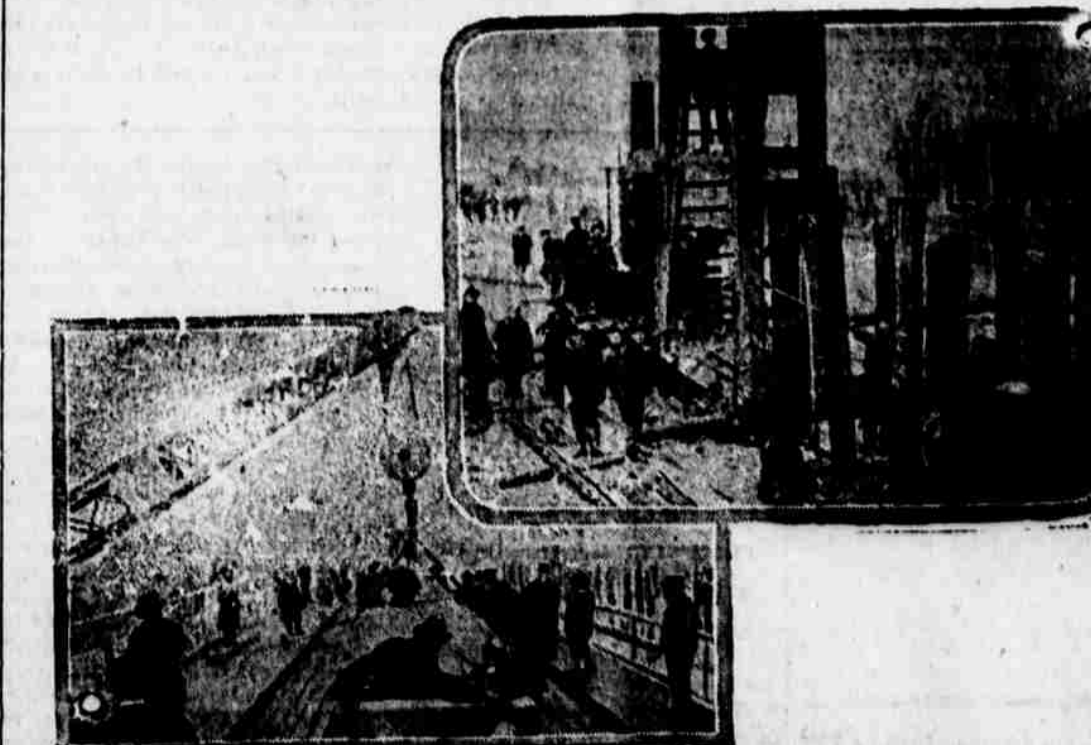

PINK GERMAN PAINTINGS NOW OFF THE MARKET

BERLIN, Jan. 18.—Frenzied bidding at recent art auctions here has prompted the Prussian chamber by unanimous vote to authorize the government to enact a law prohibiting or impeding the sale abroad of art objects or paintings of old masters now owned in Germany.

FORMER CZAR ESCAPES

LONDON, Jan. 18.—Word has been received here to the effect that Nicholas Romanoff, the former Russian emperor, has escaped from the prison here with his entire family. This report, which comes from a Petrograd source, has not been confirmed.

Where 28 Ships Are Being Built at One Time

In this enormous yard of the Submarine Boat Corporation Emergency Fleet in New Jersey, no fewer than twenty-eight ways for ships are being laid at one time, and many of them having been completed, work is being hurried on some of the vessels. They will immediately go into the work of carrying troops and supplies to Europe. The company is building the 5,000-ton steel fabricated ship, and has thousands of men at work on them.

Fine Pictures Shown

"Bluebird Day" at the Orpheus on Friday will be marked by presentations of "The Show-Down," a romance of the sea. Myrtle Gonzales and Geo. Hernandez, who have always been leaders in Lynn F. Reynolds' productions, will be stars of the occasion. The scenes were photographed in Palm Canyon, Calif., and in Santa Cruz Island, a rugged pile of rocks off Santa Barbara, where the players went "back to the primitive" to reflect the struggles for existence a boat load of ship-wrecked tourists endured before they were rescued. Through all the sensations and excitement an engaging love story comes to happy fruition.

NOTICE

I shall remain in Klamath Falls until the receipt of my commission in the U. S. navy, and will resume my regular dental practice in the White building.—Dr. J. H. Carter, 10-11

You May Find It In Stocking

Cincinnati authority says your troublesome corns just loosen and fall off

Sore corns, hard corns, soft corns or corns between the toes just loosen in their sockets and fall off the next day if you will apply directly upon the corn a few drops of a drug called freestone, says a Cincinnati authority. You merely put a drop or two of this freestone on the tender, touchy corn today, and instantly the corn stops hurting, then tomorrow sometime you may find the old torturous pest somewhere in your stocking, having fallen off entirely without a particle of soreness, pain or irritation. The skin surrounding and beneath the former corn will be as healthy, pink and smooth as the palm of your hand. A quarter ounce of freestone is sufficient to rid one's feet of every corn and callus, and any druggist will charge but a few cents for it. It is a compound made from ether.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out

the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the day's indigestible waste, sour bile and poisonous toxins; thus cleansing, stomach, liver and bowels the previous sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying hot water and limestone phosphate on your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Adv.

TAKE SALTS TO FLUSH KIDNEYS

EAT LESS MEAT, IF YOU FEEL BACKACHEY OR HAVE BLADDER TROUBLE

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

LEGAL NOTICES

Notice
In the County Court of the State of Oregon, in and for Klamath County.

Estate of Robert Maxwell, Deceased. George W. Maxwell, Administrator. Now, to-wit, on this 11th day of January, 1918, the petition of George W. Maxwell, administrator of the above entitled estate, coming on for hearing and determination, and it appearing to the court by said petition herein filed, that the real estate of said estate should be sold and conveyed, and that said petitioner as administrator of the estate of Robert Maxwell, deceased, be authorized to convey the hereinafter described real estate, and that all persons interested in said estate should be notified.

It is hereby ordered that this citation be published for four consecutive and successive weeks in the Evening Herald, a newspaper of general circulation published in the County of Klamath, State of Oregon, being the county wherein said land is situated, requiring all persons, heirs of said estate, and all others interested therein to be present and appear in the county court room in the County of Klamath, and State of Oregon, at 1 o'clock p. m. on the 9th day of February, 1918, and then and there make objections, if any there be, why an order should not be made by this court authorizing and empowering the said George W. Maxwell, as administrator of said estate, to sell and convey the following described premises, to-wit:

The north half of the southeast quarter, and the southeast quarter of southeast quarter, section 27, township 33 S., range 11 E. W. M., and the northeast quarter of northeast quarter of section 24, township 33 S., range 11 E. W. M., in Klamath County, State of Oregon, to the best bidder under sealed bid for the whole of said estate, as asked in the petition filed herein. (Signed) MARION HANKS, 11-14-25-1-3 Judge County Court.

The Doctor Says:

"My instructions are that you immediately get a good, serviceable hot water bottle—no home is safe without one. A cheap hot water bottle is expensive at any price. Get one that carries a guarantee of service." We take special pride in the high quality of our rubber goods and the fair way in which they are priced. If it is rubber goods you want—see us first.

Robert N. Stanfield, a wealthy stockman of Umatilla County, who has entered the field for republican candidate for United States senator. Mr. Stanfield will make an appeal to the voters on his knowledge of the needs of the state.

Albany Journalist Is Out for Office

ALBANY, Jan. 18.—(Special to the Herald)—In a point letter signed by the state committeemen and executive officers of the democratic central committee of Linn and Benton counties, the name of Will H. Hornbrook, publisher of the Albany Daily Democrat, and former United States minister to Spain, is presented as a candidate for the office of democratic national committeeman for Oregon. The letters are being mailed today to members of the state central committee and to the executive officers of the various county committees.

tion within the ranks of the democracy, and that his selection would, therefore, strengthen the organization and insure party harmony.

Hornbrook served as a member of the democratic state central committee from Linn county, as secretary of the state organization, and as president of the Willamette Valley Press Association, prior to his appointment to the diplomatic service.
