

Girls Shoveling Snow in Recent Chicago Storm

Chicago streets were piled so high with snow after the big storm that even the women were called out to help clean sidewalks and crossings. This photograph shows four of them, dressed in the clothing of their husbands or brothers, with their shov-

Political Hornet's Nest Stirred Up In Germany

LONDON, Jan. 29.—What news has been permitted to pass the German censor indicates that a political hornet's nest has been stirred up in Germany. A dispatch from Zurich to the Exchange Telegraph company quotes the Berlin correspondent of the Frankfurter Zeitung as saying the pan-Germans are "kicking up a tremendous row" and declaring that Field Marshal von Hindenburg and General von Ludendorff, disatisfied with Chancellor Hertling's speech before the main committee of the reichstag, are again talking of retiring. Emperor William has not been spared, the Deutsche Tages Zeitung styling him the "present representative" of the House of Hohenzollern, probably desiring to show by a parallel between the emperor and the crown prince that the annexationists cherish the latter as the savior of Germany at the last moment "from sinking in the abyss dug by four men — Dr. von Kuehlmann (German foreign secretary), Count von Hertling (imperial chancellor), Count Czernin (Austro-Hungary foreign minister), and Count von Roedern (German secretary of the treasury). The newspaper adds that King Ludwig of Bavaria already has made representations to Emperor William regarding the political situation which has arisen. The Deutsche Zeitung declares the chancellor's speech is equivalent to a battle won by the enemy.

Uncle Sam To Help Brazil

WASHINGTON, D. C., Jan. 29.—American efficiency methods will be introduced into the Brazilian navy. The South America republic has turned to the United States for assistance in building up its battle fleet. A corps of specially equipped officers will be dispatched at once. Captain Carl T. Vogelsang will head the American instructors, Secretary Daniels has announced. He will be accompanied by three or four officers who are recognized as experts in the several branches of naval training. Brazil has made comprehensive plans for increasing her naval strength.

Oregon Aids in Soldiers Entertainment

PORTLAND, Jan. 29.—The general campaign for the state of Oregon, outside of Portland, to complete the fund of \$144,000 with which to equip communities in the vicinity of war camps properly to entertain the soldiers in their hours of leisure, now is underway. Portland over-subscribed its quota for the war camp community work and the statewide canvass started January 21st. Alto there are many interior towns in the state and country districts hundreds of miles from the points where soldiers are mobilized for training, all will be covered in the canvass for the \$144,000 fund.

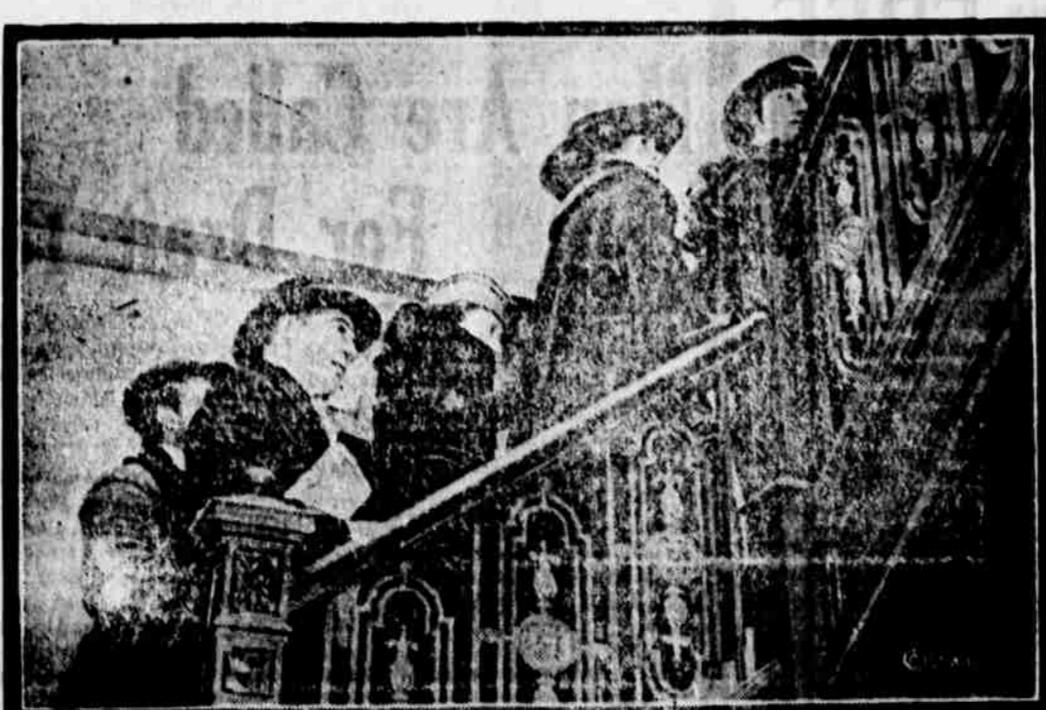

EL PASO BARBERS ARE PATRIOTIC

EL PASO, Texas, Jan. 29.—Customers of El Paso barber shops are notified of meatless, wheatless, porkless and smokeless days by signs painted on the mirrors of the local barber shops. These notices are painted fresh on each of these special days as a part of the patriotic work of the Texas Journeymen's Barber Association, and is state wide in its scope. The barbers say that every customer takes at least one glimpse of himself after he has been shaved or had his

LADIES DARKEN YOUR GRAY HAIR

USE GRANDMA'S SAGE TEA AND SULPHUR RECIPE AND NO BODY WILL KNOW

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it, and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning laside bath. Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuff from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter. Everyone, whether ailing, sick or

well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and setting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Ad.

IF BACK HURTS BEGIN-ON SALTS

FLUSH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a table spoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders. Jad Salts is inexpensive, and cannot injure; makes a delightful effervescent lithia water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

Enemy Preparing Desperate Drive

(Summary by Associated Press) That the Teutonic allies, in their expected offensive on the western battlefront are not to be satisfied merely with infantry operations, but will employ their submarines in the most intensive manner they have yet adopted to aid them, is an announcement that has just been made by Secretary of War Baker.

While the armies of the enemy, reinforced to a great extent by men withdrawn from the Russian front, are attacking on land, under-water boats, refitted and generally prepared, are to seek the lanes of commerce, especially those between the United States and France, there to attempt to ravish commerce and to cut off, if possible, men of the American army and food and ammunition supplies that are being hastened Europe-ward by the United States.

The German chancellor's speech to the main committee of the reichstag on Germany's requirements for peace has not quenched the thirst of the great mass of the people outside the militaristic realm for a cessation of hostilities. The furors created among this branch of the people has been so great, apparently, that pan-German newspapers are declaring that Field Marshal von Hindenburg and his right hand man, General von Ludendorff, are talking of retiring. The militaristic wing seemingly is of the opinion that the words of Chancellor von Hertling were too moderate, the proletariat, desiring peace, considers his speech as evasive. One of the German newspapers characterizes it as "equivalent to a battle won by the enemy."

NEW DRAFT RULES LESS EXACTING

PHILADELPHIA, Jan. 29.—Major General William C. Gorgas, in an address before the American academy of political and social science, said the draft regulations are being revised so that thousands of men who failed to pass the physical examination in the last draft would be eligible in the next call. More than 200,000 men, he said, were rejected because of minor physical defects, easily corrected by slight surgical operations.

General Gorgas said present plans call for from twelve to fifteen hospitals in France to care for reconstruction cases of the American expeditionary forces. The allies, the speaker said, have sent back 85 per cent of their wounded to the trenches. Only 15 per cent were permanently disabled.

Travelers accident and health premiums for 1917 amounted to nearly \$2,000,000. Fair treatment of policy holders has made this possible. Ask Chilcote. A carefully co-ordinated operation
