In Finland the revolutionists have set up a government. The revolutionists are now in control in the south and the government forces in the north, according to the latest reports. It is said the Swedish subjects of Finland are endangered by the revolt.

German Press Is Calling For Revolt

LONDON, Jan. 30.—A dispatch to the Exchange Telegraph from Amsterdam says the Deutsch Tages Zeitung openly calls upon the German people to revolt against the present regime.
"We, too," says this pan-German organ, "have a Judas among us today. He appears in the red coat and mantle of Germany's hangman. Who will save Germany from these traitors but the German people. It is now 'Germans, help yourself and God will help you.'"
Altho Emperor William is not named in the article, the expression, "Germany's hangman" is meant for the kaiser, says the correspondent.

WASHINGTON, D. C., Jan. 30.—Surprise was expressed at the state department at news dispatches saying that Count Czernin had forwarded to President Wilson a copy of his speech before it was delivered in Austria.
Secretary Lansing declared no copy had been received in advance of publication, or since. Lansing returned to his office yesterday after an absence of more than a week from illness.
It was officially stated that President Wilson has not received a copy of Count Czernin's speech on Austro-Hungary peace terms, in advance or otherwise, and so far had seen only abstracts from the address.
Count Czernin's speech on Austrian war aims and the statement that it was sent in advance to President Wilson has aroused the pan-Germans, and their newspapers are bitter in denunciation of the Austro-Hungarian minister.
