NOTICE TO SUBSCRIBERS

Carrier boys will call on all sub-
scribers in the city who have not paid
their subscriptions in advance, on the
first Saturday of each month to col-
lect. Subscribers are kindly request-
ed to arrange to have the money ready
for the boys when they call, as each
carrier has from 100 to 150 peo-
ple to call upon.

It will be necessary to discontinue
all subscriptions not paid for by the
15th of the month, unless special ar-
rangements are made at this office.
Prompt payments of subscriptions
will be of great assistance to the car-
rier boys, as all are attending school
during the week.

MERRILL MENTION

"EUGENE, Jan. 24.—(Special)—
Because they were first cousins and
married in violation of the laws of
Oregon, the marriage of Lulu Hayes
and George Hayes of Eugene has been
annulled by Judge C. F. Skipworth of
the Lane County Circuit Court.

"Mrs. Hays filed the petition for
annulment of the marriage. She
stated that neither of them knew of
the violation of the law until several
years after their wedding, which took
place December 6, 1905. They have
two children."

Lulu and George Hayes are Merrill
residents.

Alonso Story and Mrs. Lulu Hayes
were married at Cottage Grove Ore-
gon, and will live on Mr. Story's new
ranch by Lost River. Their friends
extend congratulations.

George Ofield expects to ship a car-
load of hogs and one of cattle to
Portland next week.

J. G. Swan has returned from a
business trip to Jackson County.

Rev. Milan of Lakeview has been
holding meetings at Merrill.

A sale for the benefit of the Bel-
gian children will be given at Mr.
Hobbs store on Saturday.

Friends of Miss Newland, our for-
mer high school teacher, may be in-
terested to learn that she is now Mrs.
Claude Richard Wright, and resides
at Newport.

WILSON CALLS ON FARMERS

NEEDS OF HELP DURING COMING
YEAR FROM FARMERS OF
THE NATION OUTLINED IN MES-
SAGE TO ILLINOIS MEETING

WASHINGTON, D. C., Feb. 1.—
President Wilson has sent a message
to the farmers of the United States,
calling their attention to the coun-
try's need of their assistance during
the coming year in winning the war.
The message was sent thru the
farmers' conference at the University
of Illinois.

Uncle Sam Has Best of Kaiser

Carefully Summary of Ships Lost By Submarines During Past Year and German Tonnage Seized In American Ports Shows Credit on Side of U.S.

NEW YORK, Feb. 1.—In the twelve
months of unrestricted warfare
launched against American and allied
shipping by Germany one year ago,
there have been sunk by submarines,
mines and raiders, 69 American ves-
sels, totalling 171,061 gross tons, ac-
cording to a carefully compared re-
port of records of sinkings which
have been made public during that
period.

Offsetting this loss of American ves-
sels, most of which were sailing ships,
the United States since February 1st
has added to her merchant marine by
the seizure of former German and
Austrian owned ships a total of 107
vessels, having a gross tonnage of
885,494, leaving on the credit side of
the American ledger in the account
with the central powers a net gain of
515,433 gross tons. The loss of life
caused by the sinking of the 69
American ships was more than 200
persons, however.

The percentage of sinkings of
American ships compared with the
number of vessels which have sailed
thru the war zone successfully is
small. Records of the department of
commerce show that for the period
beginning with February 1, 1917, and
ending with December 1, there were
cleared from American ports in the
foreign trade ships aggregating 17,
739,900 net, or approximately 24,
834,460 gross tons. The number of
ships making up the total of tons was
not made public.

Further offsetting the loss of ton-
nage occasioned by the submarine
warfare, the United States thru the
shipping board requisitioned in Amer-
ican shipyards 426 vessels, totalling
more than 2,000,000 gross tons, and
contracts have been awarded for 284
ships, a large number of which are

Pontoon Bridge Across Hudson Will Supply New England and New York With Coal

Frederick Upham Adams, author
and inventor, has proposed an ingeni-
ous and highly interesting plan to
bridge the frozen Hudson River in
winter with pontoons across which
railroad tracks may be laid for haul-
ing coal into New York City, and on
to New England. Tremendous ice
packs in the river this year has caused
a coal famine, despite the fact that
thousands of tons of coal were on the
Jersey shore ready to be shipped
across. He has suggested a coal stor-
age yard in New Jersey with a capac-
ity of 3,000,000 tons, inasmuch as
there is not sufficient room on Man-
hattan Island for such storage. In
the winter this could be taken into
the city over the bridge made of canal
barge not in use on the Upper Hud-
son. Mr. Adams declares it would be
an inexpensive way of handling the
situation.

IF KIDNEYS ACT
BAD TAKE SALTS
LOOK YOUNG! BRING BACK ITS
NATURAL COLOR, GLOSS AND
ATTRACTIVENESS

Common garden sage brewed into a
heavy tea with sulphur added, will
turn gray, streaked and faded hair
beautifully dark and luxuriant. Just
a few applications will prove a revela-
tion if your hair is fading, streaked or
gray. Mixing the Sage Tea and Sul-
phur recipe at home, though, is trou-
blesome. An easier way is to get a
5-cent bottle of Wyeth's Sage and Sul-
phur Compound at any drug store all
ready for use. This is the old time
recipe improved by the addition of
other ingredients.

While wispy, gray, faded hair is
not sinful, we all desire to retain our
youthful appearance and attractive-
ness. By darkening your hair with
Wyeth's Sage and Sulphur Compound,
no one can tell, because it does it so
naturally, so evenly. You just damp-
en a sponge or soft brush with it and
draw this through your hair, taking
one small strand at a time; by morn-
ing all gray hairs have disappeared,
and after another application or two,
your hair becomes beautifully dark,
glossy, soft and luxuriant.

FEW FOLKS HAVE
GRAY HAIR NOW
DRUGGIST SAYS LADIES ARE
USING RECIPE OF SAGE TEA
AND SULPHUR

Hair that loses its color and lustre,
or when it fades, turns gray, dull and
lifeless, is caused by a lack of sul-
phur in the hair. Our grandmothers
made up a mixture of Sage Tea and
Sulphur to keep her locks dark and
beautiful, and thousands of women
and men who value that even color,

that beautiful dark shade of hair
which is so attractive, use only this
old-time recipe.
Nowadays we get this famous mis-
ture, improved by the addition of oth-
er ingredients by asking at any drug
store for a 50-cent bottle of "Wyeth's
Sage and Sulphur Compound," which
darkens the hair so naturally, so
evenly, that nobody can possibly tell
it has been applied. You just damp-
en a sponge or soft brush with it and
draw this through your hair, taking
one small strand at a time. By morn-
ing the gray hair disappears; but
what delights the ladies with Wyeth's
Sage and Sulphur Compound is that,
besides beautifully darkening the
hair after a few applications it also
brings back the gloss and lustre and
gives it an appearance of abundance.

Wyeth's Sage and Sulphur Com-
pound is a delightful toilet requisite
to impart color and a youthful ap-
pearance to the hair. It is not in-
tended for the cure, mitigation or
prevention of disease.—Ady.

MILL MEN WANTED
All winter job for experienced mill
men and lumber planters. Big wages, ex-
cellent mess houses; fine cabins; elec-
tric lights; men's club house. Tele-
phone to Modoc Lumber Co., Chiloqua,
Oregon. 27-11

SAYS HOT WATER
WASHES POISONS
FROM THE LIVER
Everyone should drink hot water
with phosphate in it,
before breakfast.

To feel as fine as the proverbial
fiddle, we must keep the liver washed
clean, and almost every morning to
prevent its sponge-like pores from
clogging with indigestible material,
sour bile and poisonous toxins, says a
noted physician.
If you get headaches, it's your liver.
If you catch cold easily, it's your liver.
If you wake up with a bad taste, fur-
rowed tongue, nasty breath or stomach
becomes rancid, it's your liver. Sallow
skin, muddy complexion, watery eyes,
all denote liver uncleanness. Your
liver is the most important, also the

most abused and neglected organ of
the body. Few know its function or
how to release the dammed-up body
waste, bile and toxins. Most fall
prey to violent colic, which is a
dangerous, salivating chemical which
can only be used occasionally because
it accumulates in the tissues, also at-
tacks the bones.
Every man and woman, sick or
well, should drink each morning be-
fore breakfast, a glass of hot water
with a teaspoonful of limestone phos-
phate in it, to wash from the liver and
bowels the previous day's indigestible
material, the poisons, sour bile and
toxins; thus cleansing, sweetening
and freshening the entire alimentary
canal before putting more food into
the stomach.
Limestone phosphate does not re-
strict the diet like calomel, because it
can not salivate, for it is harmless and
you can eat anything afterwards. It
is inexpensive and almost tasteless,
and any pharmacist will sell you a
quarter pound, which is sufficient for
a demonstration of how hot water
with limestone phosphate cleans, stimulates
and freshens the liver, keeping the
feeling at day in and day out.—Ady.
