STRENUOUS LOAN DRIVE IS COMING HERE SOON

CHARLES J. FERGUSON, WHO WILL BE CHAIRMAN OF COMING LIBERTY LOAN DRIVE SAYS KLAMATH WILL REEARN REPUTATION

UNFAVORABLE REPUTATION OF THE COUNTY DUE TO FAILURE OF PREVIOUS CAMPAIGN MUST BE WIPED OUT BY HEAVY SUBSCRIPTIONS IN NEW CAMPAIGN

"I've got the biggest, the most wonderful message to deliver to the people of Klamath County. I'm just bustin' to get it out of my system, and next week I'm going to turn it into loose. One thing is sure, there's a great big 'come-on' for every American in the county. All have read of the war, but didn't ever figure it involved anyone excepting the boys who went to fight, but it sure does, and each of you are going to know it. Your Uncle Samuel has found it necessary to organize the forces at home to sustain the forces in the field, and you and every one of you belong to the home force. I've been honored by being given the command of the home army of Klamath County, and I've been told to get busy, and I'm going to get busy, and so is every one else in the army."

"One thing I didn't like to learn, and which you won't like to hear, either, is that I found myself representing a 'YELLOW' county when I got to Portland. I'm telling you this straight from the shoulder, so it will sink in. It's gosh, isn't it, to live in a county which is represented on the map with a great big yellow streak clear across it. WHY? Because Klamath County didn't make good. She didn't come across, or go over the top in the former calls of the government. But I know she's going over the top next time, and you'll know why I know it when I deliver my message next week. Just as soon as I can arrange the date I'll make public announcement, and you come and listen to what I've got to say, and be prepared to step out and take your place in your squad, because you're in the army."
