Supported by Lon Chaney and a clever company of Bluebird artists. A gripping story of the San Francisco earthquake.

Klamath Lodge No. 137, I. O. O. F. meets Friday night. H. F. Keell, N. G., Note Otterbela, Secretary. Swansons Encampment No. 46, I. O. O. F., meets Tuesday night. W. A. Maston, C. P., Note Otterbela Sec'ry.

FEW FOLKS HAVE GRAY HAIR NOW

WYETH'S SAGE AND SULPHUR
Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.
Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.
Wyeth's Sage and Sulphur Compound is a delightful toilet requisite in every color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of dandruff.—Adv.

Klamath County News

HENLEY HAPPENINGS

The Henley school girls and boys are very happy over the success of their entertainment given last Friday evening, and no less happy are the teachers, parents and friends of the school. Everyone appeared to have the best kind of a time. Many visitors from the different sections of the Klamath Basin and Klamath Falls were present, and the amount taken in totaled \$231.75. Clyde Griffith, who auctioned off the things disposed of, is believed responsible to a large degree for the big prices obtained on many of the articles sold. His work was greatly appreciated by the people here.

All of the farmers of the Henley district are asked to fill out the blanks regarding the food survey sent out by the government promptly, and return to Miss Rose, who has been appointed chairman of the work in this district. All of the farmers who have not received blanks are urged to see Miss Rose at once, and obtain them for the report. The chief object in the report is to furnish information to the government, so that the shortage of the farm labor situation may be solved. Reports are expected to be in the hands of the chairman by Saturday, the 16th.

Herbert Phillips, who has been visiting his parents in Oakland, returned to his home on the Merrill road Sunday morning.

Andrew Fulson, one of the freshmen of the high school, is out for a week for treatment of spinal curvature at the hands of Dr. Clayton Wheeler of Klamath Falls.

Fine Pictures Shown

Bluebird Photoplays, Inc., has made an elaborate presentation of "Hell Morgan's Girl," a green melodrama that has the San Francisco earthquake and attendant fire as the climax of its sensations. Dorothy Phillips, one of the prettiest and most talented actresses in moving pictures, plays the heroine, with William Stewart and Lon Chaney leading a clever supporting organization. "Hell Morgan's Girl" will be the attraction at the Orpheus theater on February 12 and 14, affording promise of highly exciting and gripping entertainment.

Mayor Gaynor's Rat Catcher Would Go to the Front to Help Boys in Trenches

Charles M. Frey of Los Angeles, who became the most famous rat catcher in the world when the late Mayor Gaynor of New York wrote him a letter filled with philosophy, wants to go to the front to help the boys in the trenches fight the rats. He has learned that the pest makes trench life more miserable than do the attacks of the German soldiers, and he thinks he could rid the trenches of the rats if he was there. This photograph shows one of his methods of catching rats.

New Plan Adopted To Identify Soldiers

WASHINGTON, D. C., Feb. 12.—To insure prompt identification of enlisted men who may be killed or wounded, a numbered tag system, similar to that in the British and French armies, has been adopted by the war department. Adjutant General McCain has announced that the metal identification tag each soldier is required to wear, and that a similar number will be placed opposite the man's name in the war department roster.

The new identification system has been in preparation for some time and was carefully worked out by the adjutant general. Extreme care has been taken to obviate any doubt as to the identity of a soldier who may be killed or wounded. Consecutive numbers will not be given men of the same surname. The numbers will never be changed, and will never be assigned to other men. The numbers will start at "one," and continue with out limit and no alphabetical prefix or suffix will accompany them. Blocks of numbers will be allotted by the adjutant general to General Pershing, department commanders, officers of divisional camps, ports of embarkation and recruit depots.

The department thinks it unnecessary at present to number officers and civilians in the service, but should it be deemed necessary later, the process will be independent of the enlisted men. The British number neither officers nor civilians. The French number officers, but not civilians. As it will take some time to number soldiers' records at the war department, commanders have been instructed to include in casualty reports the full name, grade and organization of each man reported, as well as his number after numbers have been assigned.

FORMER SULTAN DEAD

AMSTERDAM, Feb. 12.—Abdul Hamid, former sultan of Turkey, died yesterday from inflammation of the lungs, according to a dispatch received from Constantinople.

Salts Fine for Aching Kidneys

We eat too much meat which clogs Kidneys, then the Back hurts
Most people forget that the kidneys, like the bowels, get sluggish and clogged, and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.
You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.
Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.
A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only a trouble.—Adv.

Letters From the People

Editor of Herald:

I notice in the news dispatches that Secretary McAdoo is urging the American people not to build homes or other buildings that they can do without until the war closes. He states that the government will build no public buildings except such as are absolutely necessary.

I also recall that Klamath County was mighty "yellow" in her liberty bond subscription. Yet Klamath County is building and spending money for carload after carload of expensive automobiles, as though we were in the throes of a terrible world crisis, when every dollar available is needed to win victory, or save lives.

Are we patriotic? Are we loyal? Is it right to spend 200,000 mighty dollars in a palatial court house when that amount would save 2,500 starving Armenians? Would we not rather save the starving than pay our taxes in a palace?

'Tis true that men and labor are getting scarce, but I believe that we can get men to fill our county offices yet awhile, even if we do put them in the old stand while the war lasts. I would not say one word against this expenditure if we were in the happy vale of peace and plenty, but with want and necessity calling so loudly, are we going ahead with our expenditures and close our ears to the hunger, the suffering, and the call of our government?

J. G. SWAN, Merrill, Ore., Feb. 9, 1918.

Hopes Women Will Adopt This Habit As Well As Men

Class of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy checked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweeten-

ing and freshening the entire alimentary canal before putting more food into the stomach.
Those subject to such headaches, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Adv.

PUT CREAM IN NOSE AND STOP CATARRH
Tells How To Open Clogged Nostrils and Stop Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, sneezing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed up and miserable.—Adv.

DULL AND SHARP SHOOTING PAINS

Michigan Lady Suffered Such Pains In Back and Head, But Says Cardui Stopped These Bad Spells.

Falmers, Mich.—Mrs. Chas. T. Fisher, of this place, writes: "In 1911 I got run-down, and I suffered great pain...with both dull and sharp shooting pains...also back and head. I was weak and could only drag around, and should have been in bed, for I really wasn't able to be up. At times I would have spells that would be so bad I'd have to go to bed, and suffered intensely...
I decided to try Cardui, and saw a great improvement in less than a month's time. I used 7 or 8 bottles and was stronger...I got so much better that my strength returned and my work was easy for me. Cardui did me a world of good. It built me up in health and strength. I haven't had one of those bad spells since. I haven't had to take any more medicine since or have any doctors either and have been able to do my work right along...I recommend it to other women highly as the best medicine I know of for women who suffer from female troubles."
If you suffer from female troubles, follow this advice: Get a bottle of Cardui today and give it a thorough trial. It should be your friend, as it has helped thousands of other women in the past 60 years. At all druggists.
