Wealthy American Widow Becomes Relative of Kings

Mrs. William B. Leeds, whose late husband left her about \$14,000,000 he made in investments in tinplate and the Rock Island railroad with the Moores and Daniel G. Reid, has become, by her marriage to Prince Christopher of Greece, a cousin-in-law to King George of England and to Queen Victoria of Spain, and aunt of the present King Alexander of Greece. She had been sought by half the eligible peers of Europe, and many times rumor had her engaged. Her husband is about 30 years of age. His brother, King Constantine of Greece, was deposed, and is now living quietly in Switzerland.

Fine Pictures Shown

"The Price of Pride," the newest World Picture Brady-made, in which Evelyn Greeley and Frank Mills are seen in addition to Carlyle Blackwell and June Elvidge, will be seen at the Orpheus tonight. Blackwell has a dual role in this production, and in both of the characters he portrays he will appeal powerfully to his many friends throughout the country. In one of the characters he appears as an Easterner who goes West to make his fortune. In the other he appears as the Easterner's half brother, a bold, bad Westerner who holds a train and relieves men of their watches, coin and jewelry. While pursuing this vocation the Westerner holds up and robs the train on which the Easterner's sweetheart is coming West. As the half brothers look exactly alike the young girl naturally thinks that the robber is her lover, and from this situation ensues a number of complications which are finally unravelled in a surprising, smashing climax that lifts the enthusiastic audiences to their feet.

Disloyalty Is Not Tolerated At U. of O.

EUGENE, Feb. 20.—Regents of the University of Oregon will not tolerate disloyal expression of opinion or acts by any member of the faculty. A resolution adopted by the board of regents makes it plain that prompt dismissal will follow if charges of disloyalty are found true.
The resolution points out that "it has come to the knowledge of the regents that reports and rumors are in circulation questioning the loyalty of some of the instructors." The regents recognize the right of the instructional force or other employees of the university to their private opinions on political and economic questions and concerning the present war, the resolution says, but heartily deprecate any expression of opinion or any statement, act or conduct on the part of employees and instructors indicating disloyalty.
The president is required to report promptly to the executive committee the name of any instructor or employee accused in writing by any responsible person, and the committee will investigate.
All members of the present board of regents were re-elected at the annual meeting, to their respective positions. Judge R. S. Bean continues to be president. The leave of absence of Dean D. Walter Morton was terminated, and he will return to the university April 1st.

Huns Only, Realize Their Many Victories

LONDON, Feb. 20.—Germany has produced 580 different war medals to commemorate various alleged victories during the war. Copies of about half of them have been obtained by the Victoria and Albert museum in London, and are now on exhibition there.
Before April, 1916, the German government had issued more than a hundred popular priced "victory medals" of various kinds. These were struck off in light silver, and sold to the public for a small sum, bearing inscriptions recording such exploits as Zeppelin attacks on London, the bombardment of British coast towns, and battles on the western front. Many of the medals bear portraits of popular heroes of a day or two.
Some of the medals are intended as cartoons. Such is a medal depicting England as a skeleton torpedoing the Dutch steamer Tubantia—albeit the Dutch government proved that the torpedo was of German manufacture.

Depth Bombs Kill Many on Subbed Boat

WASHINGTON, D. C., Feb. 20.—Explosion of her own depth bombs were responsible in a great measure for the heavy loss of life on the destroyer Jacob Jones, which was torpedoed by a German submarine on December 6th. This was disclosed when the navy department received the report of the board of inquiry appointed by Vice Admiral Sims to investigate the circumstances surrounding the sinking.
The explosion of one of the depth bombs, which apparently fell into the water when the destroyer listed badly, almost resulted in the death of Commander David Worth Bagley of the Jacob Jones. Bagley had fallen into the water, the report says, and was being dragged aboard a raft when an explosion beneath him hurled him high into the air. It was with considerable difficulty that he was rescued, and he was unconscious when finally hauled aboard the life raft.
When the destroyer was torpedoed Commander Bagley ordered the men to quit the vessel with all possible haste. A young officer, recalling the presence of the depth bombs, all of which were set to explode at a cer-

FRANCE IS WORKING TO WIN THE WAR

TREMENDOUS SACRIFICES BEING MADE BY THIS NATION—MILLION MEN KILLED AND MILLION DISABLED FOR LIFE

NEW YORK, Feb. 20.—"One million French soldiers have been killed in the trenches, and an equal number have been disabled for life," declared Baron J. Heuffise of the French high commission at the annual dinner of the Life Underwriters Association at Hotel Astor here recently.
"All France is working to win the war," he declared. "We have 5,000,000 under arms, and of this number more than 3,000,000 are now in the trenches. We are manufacturing 350,000 shells a day and turning out an average of thirty-five 'big guns' every twenty-four hours."

Pretty Auto Driver in Championship Race

When Miss Helen Summersby drew up to the judge's stand after finishing in the mile race for women at the Ascot Park speedway in 54 seconds, she was hailed by a large crowd. Her pretty white suit and cap were not ever ruffled and she was not even breathing hard. The races in which all the contestants were women attracted much attention.

Waste and Extravagance are Germany's Silent Allies
They will help the Kaiser. They will kill American soldiers.
Every bit of waste, every extravagance taken force from the power America must put into the war to win. Every penny spent for luxuries and unnecessary things is a penny lost to the production and purchase of food, clothing, supplies, ships and munitions for our soldiers.
As long as we spend wastefully, Germany will receive silent but powerful help from America; just so much farther away is the Day of Peace.
Don't spend thoughtlessly or unnecessarily. SAVE! With high wages and plenty of work for everyone there never was such an OPPORTUNITY to HELP YOURSELF and HELP YOUR COUNTRY.
Save to help the Government. Lend your savings to your Country—
Buy War Savings Stamps
—and drive out the enemy's silent allies. Put your dime and quarters, as well as your dollars, at work.
Every man, woman and child can buy War Savings Stamps—and keep buying them. Put all you can save into WAR SAVING STAMPS and watch them grow. THEY ARE A SAFE, PROFITABLE, SIMPLE and SECURE INVESTMENT. You'll never find a better road to Prosperity.

Eat Less Meat If Back Hurts
Take a glass of Salts to flush Kidneys if bladder bothers you
Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe backaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.
The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.
Jad Salts cannot injure anyone; makes a delightful effervescent laxative water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.
